### **TRANSPORTATION NETWORK PROVIDER (TNP)** **VEHICLE INSPECTIONS**

Governor Pritzker's "Stay at Home" Order, signed on March 20, 2020, permits transportation network providers (ride-hail companies) to continue to provide transportation services as an essential business activity. Since the implementation of the State of Illinois "Stay at Home" Order, the availability of operating motor vehicle repair/vehicle inspection facilities have decreased.

In its effort to support essential business activity, including transportation services, the Department of Business Affairs and Consumer Protection (BACP) will stay the enforcement certain parts of Municipal Code of Chicago (MCC) § 9-115-110(a), as detailed below:

MCC § 9-115-110(a) states:

No transportation network provider licensee shall allow any vehicle to be used as a transportation network vehicle unless such vehicle is annually inspected according to standards approved by the Commissioner, and has passed such inspection.

Until further notice, BACP will permit TNP vehicles which have passed vehicle inspections within the past 18 months to continue to provide service on affiliated TNP platform(s).
