Subject: Request for Emergency Authorization (Rx 39666, ~~39689, 39690,~~
39694) - Ductile Iron Push-On Pipe & Mechanical Joint Pipe

The Department of Water Management is requesting an emergency contract for Ductile Iron Push on and Mechanical Joint Pipe. An order was initially placed with the current vendor, Lanam Products on July 2, 2008 for 40,000 ft of 8" Ductile Iron Pipe totaling \$601,000. However, the vendor, Lanam Products notified DPS and DWM, via attached email, that Lanam could not make deliveries until there was a resolution on additional matters concerning MBE/WBE compliance.

Since that order was not delivered, the DWM's stock pile of 8" pipe was down to only 198ft. In addition, the DWM normally stockpiles approximately 30,000 - 40,000 ft. of 8" pipe and since our construction crews have expanded, the 8" pipe has been the most utilized pipe by the Department of Water Management.

Also, because the emergency PO limit is only \$250,000, the Department of Water Management has to submit multiple requisitions in order to obtain an adequate supply of 8" ductile iron and 8" mechanical joint pipe that we need to have in our pipe yard. This supply of pipe should also keep us stockpiled over the next two to three months. Additionally, since Lanam Products has refused to make deliveries, we will be submitting our requisition next week for a new contract for Ductile Iron & Mechanical Joint Pipe.

We have solicited four quotations from various vendors who provide the equivalent or like services. We are recommending award be made to Clow Corp. Water systems for \$242,100.00 per each requisition for 8" Ductile Iron Pipe and \$65,466.00 for 8" Mechanical Joint Pipe. Attached is the DPS checklist, requisitions 39666, 39689, 39690, 39694 and quotations from Clow Water Systems Company, Johnson Pipe, US Pipe and C&M Pipe.
