Subject: Request for Emergency Authorization (Rx 54926, 54927)
Reinforced Concrete Sewer Pipe, Fittings, Gaskets and Catch Basins

The Department of Water Management is requesting its 6th emergency contract in the amount of \$250,000 and 7th emergency contract in the amount of \$250,000 for Reinforced Concrete Sewer Pipe, Fittings, Gaskets and Catch Basins. This emergency contract is needed based on interim restrictions imposed on Azteca Supply as of March 12, 2010. To date, DWM has also finalized a new specification for rebid and currently awaiting advertisement date from DPS.

This emergency contract is needed for upcoming projects totaling approximately \$500,000. DWM initially solicited four vendors who provided the equivalent commodity and their ability to deliver immediately. Elmhurst Chicago Stone Co. initially provided complete pricing for specific pipe, fittings, gaskets and catch basins needed for ongoing construction jobs. Therefore, DWM recommends that the 6th and 7th emergency contract be awarded to Elmhurst Chicago Stone Co. Also, attached are initial quotes/documentation from Elmhurst Chicago Stone Co., Concrete Specialties, Sewer Builders Supplies and Welch Bros.

If you have any questions or need any additional information, feel free to contact Felicia Rawlings at 312-745-0581.
