Subject: Mexican Delegation Trip

Hi Steve,

Confirming that I attended the delegation trip organized by World Business Chicago with Mayor Lightfoot. We were in Mexico City from September 28 - October 2nd. The purpose of the trip was to build partnerships with our sister city and for me in particular to learn best practices from their climate team. All of my expenses including flight, hotel, and food were covered by WBC.

Please let me know if you need any additional information.

btw, it was my first time and just like you said, it was really great!

Best,

Nubia
