Dear Mr. Berlin:

I wish to disclose receipt of an honorarium on February 16, 2012 in the amount of \$500.00 from the Champaign-Urbana Public Health District for an Infectious Diseases/Department of Medicine Grand Rounds presentation delivered on Friday, November 4, 2011. I was invited in the Spring of 2011 by the Champaign-Urbana Public Health District and the Department of Medicine at Carle Foundation Hospital to speak on the topic of prevention of sexually transmitted diseases and public health interventions used to address these prevalent communicable diseases in the state.

The presentation was made on my own personal time. Specifically, I used a vacation day to travel to Urbana, Illinois, to make the presentation. The honorarium will be used in part to cover the expenses related to my transportation and per diem costs involved in making this lecture.

Please let me know if you have any questions.

Thank you.
