Members of the Public Registered to Speak

A digital recording of this meeting is on file at the Historic Preservation Division offices of the Department of Planning and Development and is part of the public record of the regular meeting of the Commission on Chicago Landmarks.

Chairman Wong called the meeting to order. He then stated that in 2020 Governor Pritzker had signed Public Act 101-0640 making certain amendments to the Open Meetings Act so that the Commission was able to host virtual meetings during the COVID-19 public health emergency provided that certain conditions were met. One of those conditions was that he, as head of the Commission on Chicago Landmarks, determined that an in-person meeting of the Commission on Chicago Landmarks was not practical or prudent. Chairman Wong then made the determination – pursuant to Section 7(e)(2) of the Open Meetings Act – that an in-person meeting of the Commission on Chicago Landmarks was not practical or prudent. Chairman Wong also made a determination pursuant to Section 7(e)(5) that, because of the disaster as declared by the Governor, it was unfeasible for at least one member of the Commission or its chief administrative office to be physically present at the meeting place (inasmuch as there was no physical meeting place).

Chairman Wong then explained the emergency rules governing the conduct of remote public Commission meetings and provisions for remote public participation. In line with the emergency rules, members of the public were encouraged to submit written comments which were posted on the Commission's website the day before the meeting began. Members of the public wishing to speak during the virtual meeting were required to register in advance of the Commission meeting. Chairman Wong then invited those members of the public registered to speak to give their testimony before the commencement of the hearing on the agenda items as outlined in the emergency rules.
