VETERAN ROASTERS

756 East 111th Street – Pullman Park (9th Ward)

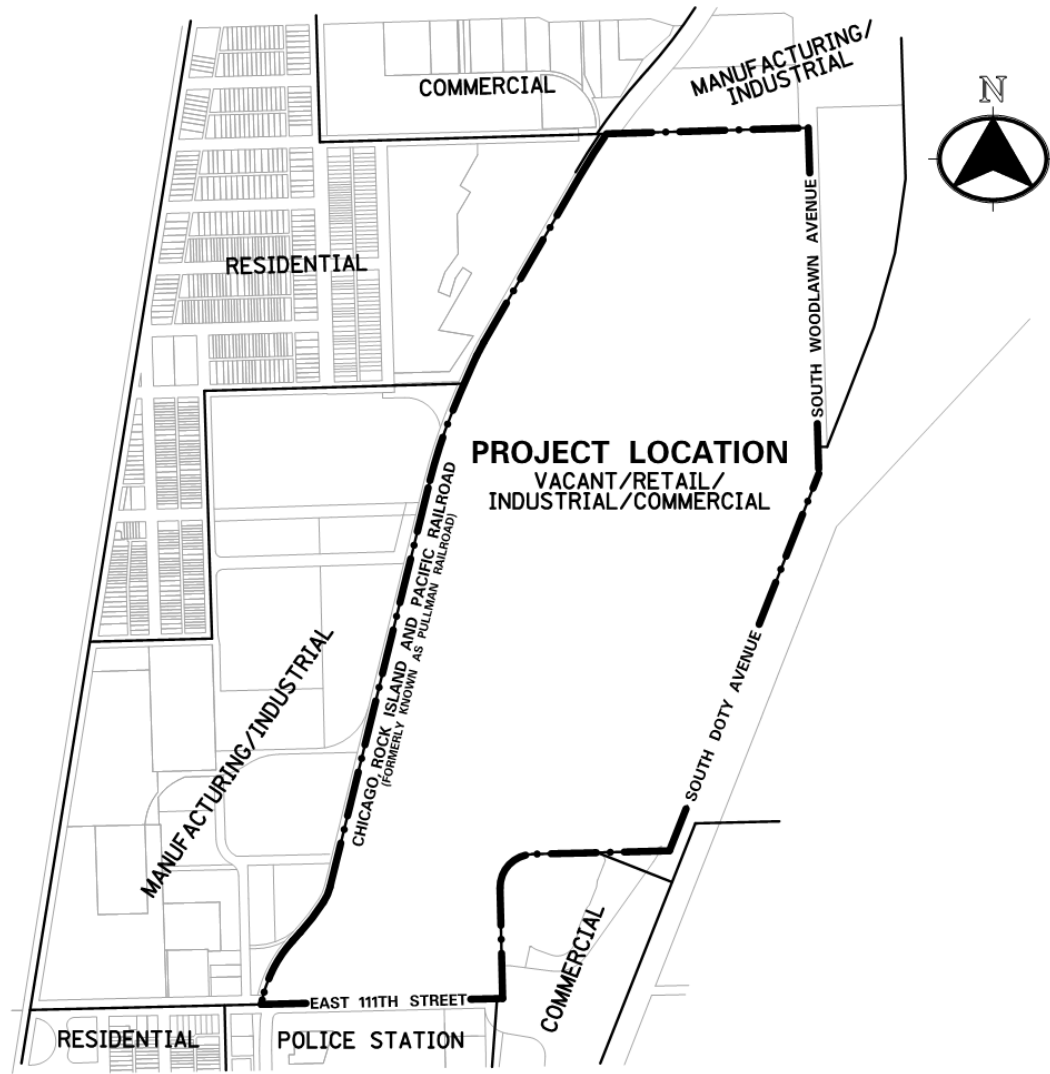

Cup O' Joe Coffee, LLC

03/16/2023

Pullman Park History

- The original town of Pullman, built by the Pullman Palace Car Company between 1880 and 1893, was one of the nation's first planned industrial communities.
- The area experienced decline resulting from post-war deindustrialization and the loss of manufacturing jobs.
- Reinvestment efforts have been underway since the 1970s, and Pullman has experienced a renaissance since 2010, with development of new urban industrial uses, retail uses, the Pullman Community Center, Pullman Artspace, renovation of the historic Pullman clocktower, and designation of Pullman National Monument, now Pullman National Historical Park

Veteran Roasters Site

VETERAN ROASTERS

A red military dog tag with a white outline, featuring the letters 'C.O.J.' in the center, flanked by two rows of five stars each. A small coffee bean logo is visible in the bottom left corner of the tag.

So much more than a coffee brand, but an organization changing the lives of a population and community in Chicago

They were on the ground for us. Buy some grounds for them.

Our Passion: Changing the Veteran Narrative

Our company focuses on making great products, but more importantly these 3 issues facing veterans:

- Ending Veteran Suicide. Veterans are committing suicide at a rate of 20 a day. There are many reasons for this, but a big factor is the comradery and mission-focus many lose once they leave the military. RNR provides a culture and environment where they can succeed around people that share the same values and goals.
- Reducing Veteran Unemployment. Veteran unemployment was at it's height in 2012 with almost 1 in 4 veterans without work. We are focused on ensuring this statistic stays at it's current level of 4% and that veterans are employed in organization that provides them with skills and advancement opportunities to better their life situation.
- Ending Veteran Homelessness. Over 20% of homeless adults are veterans. Hundreds of thousands of veterans spend at least one night a year homeless. It is unacceptable that people who serve this great country are living on the streets. In concert with our non-profit arm we ensure that these veterans are provided shelter and an opportunity to earn a living wage to better their life situation.

The Opportunity

Building and operating a coffee and beer production and retail facility in the heart of the Pullman neighborhood that will compliment the new Visitors Center at the Pullman National Monument. We will attract both local and tourist traffic and more importantly create jobs and better employment access and opportunity for our military veterans in Chicago.

Food/Entertainment

Add a much needed food and entertainment location in a neighborhood sorely lacking options for the residents, employers and tourist in Pullman.

Jobs for Military Veterans

Bring much needed jobs for veterans on the southside of Chicago. 400,000 veterans live in Chicagoland with many in southside neighborhoods in need of an opportunity

The Heartbeat of a Community

Establish a place that will be the heart and soul of a neighborhood. A convening space open and available to all living locally and visiting the historic Pullman neighborhood

AERIAL VIEW FROM SE DIRECTION

Project Timeline + Community Outreach

- **PD Ordinance Introduced: September 21, 2022**
- **Date(s) of Community Meeting(s)**

Changes in response to feedback:

- **Increased the perimeter landscaped setback**
- **Increased the number of perimeter and parkway trees**
- **Creating depth in the facades**
- **Complementary accent materials evoking the industrial uses**

2016
TRAFFIC STUDY
Addendum
Prepared by KLOA

Phased Development of 111th Street Retail – Traffic Recommendations:

- **Consolidated access points limiting curb cuts on 111th and Doty**
- **Missing segment on north side of 111th Street restored**
- **111th Street widened to accommodate new left turn lane**

17-8-0904.A – GENERAL INTENT

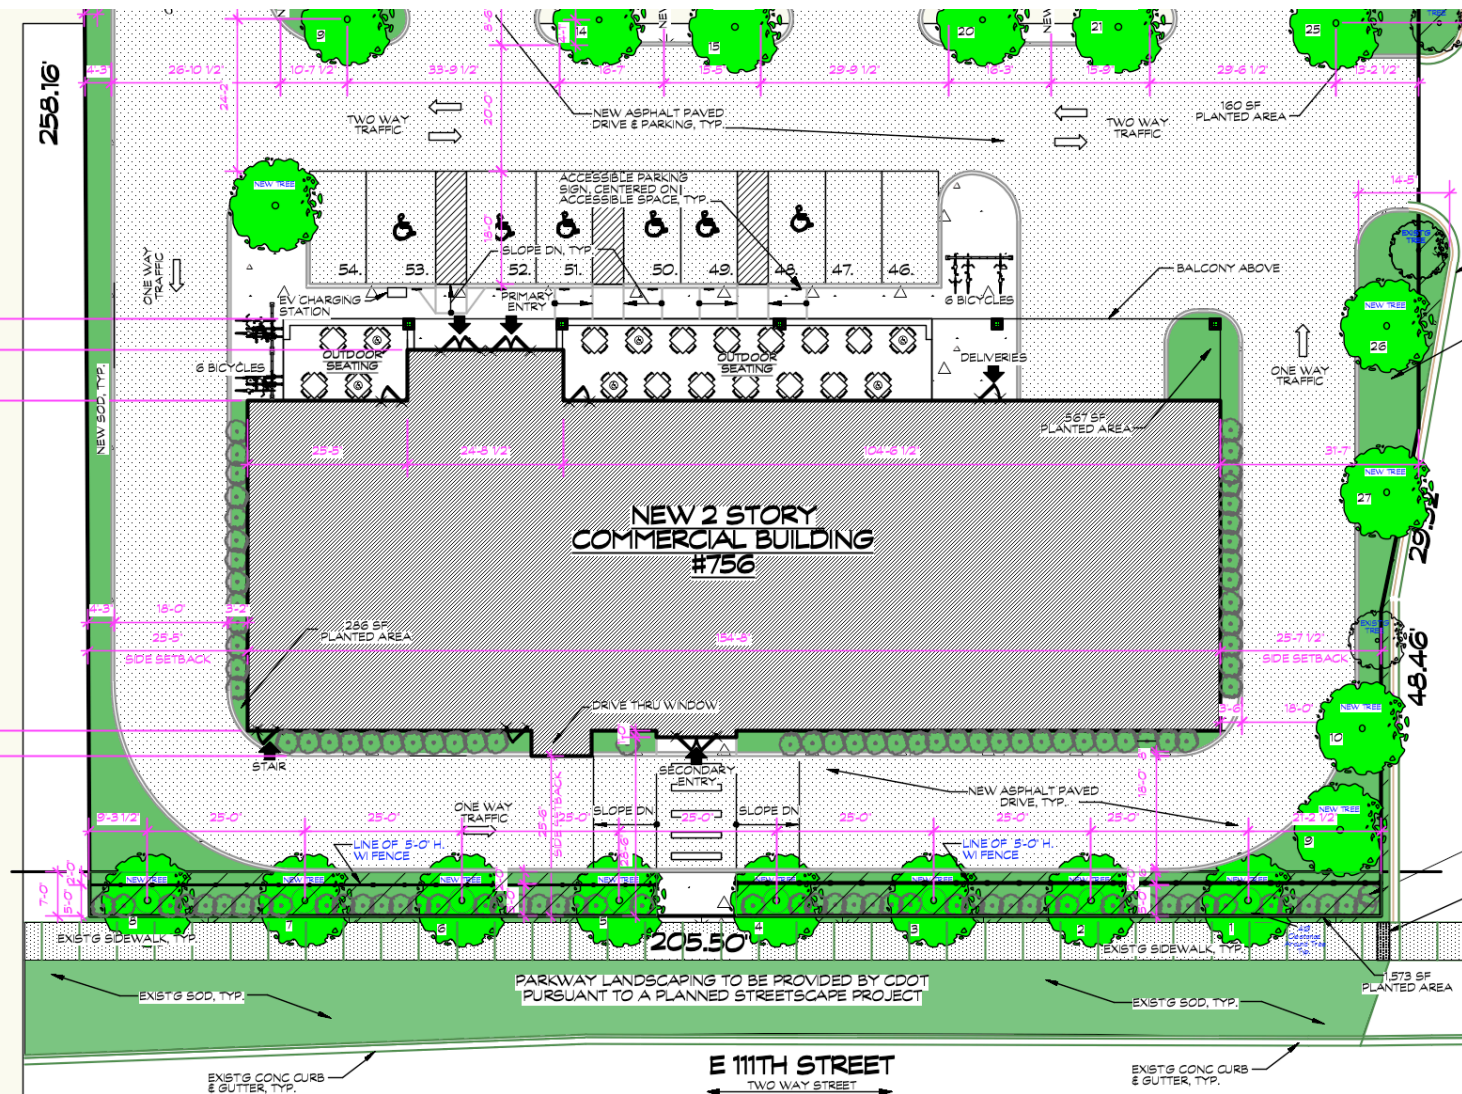

- The project promotes safe pedestrian, bicyclist, and vehicular circulation by providing adequate demarcation of traffic paths, bike parking, and pedestrian pathways both through and around the project.
- The project promotes accessibility for persons with disabilities by providing more accessible parking than is required.

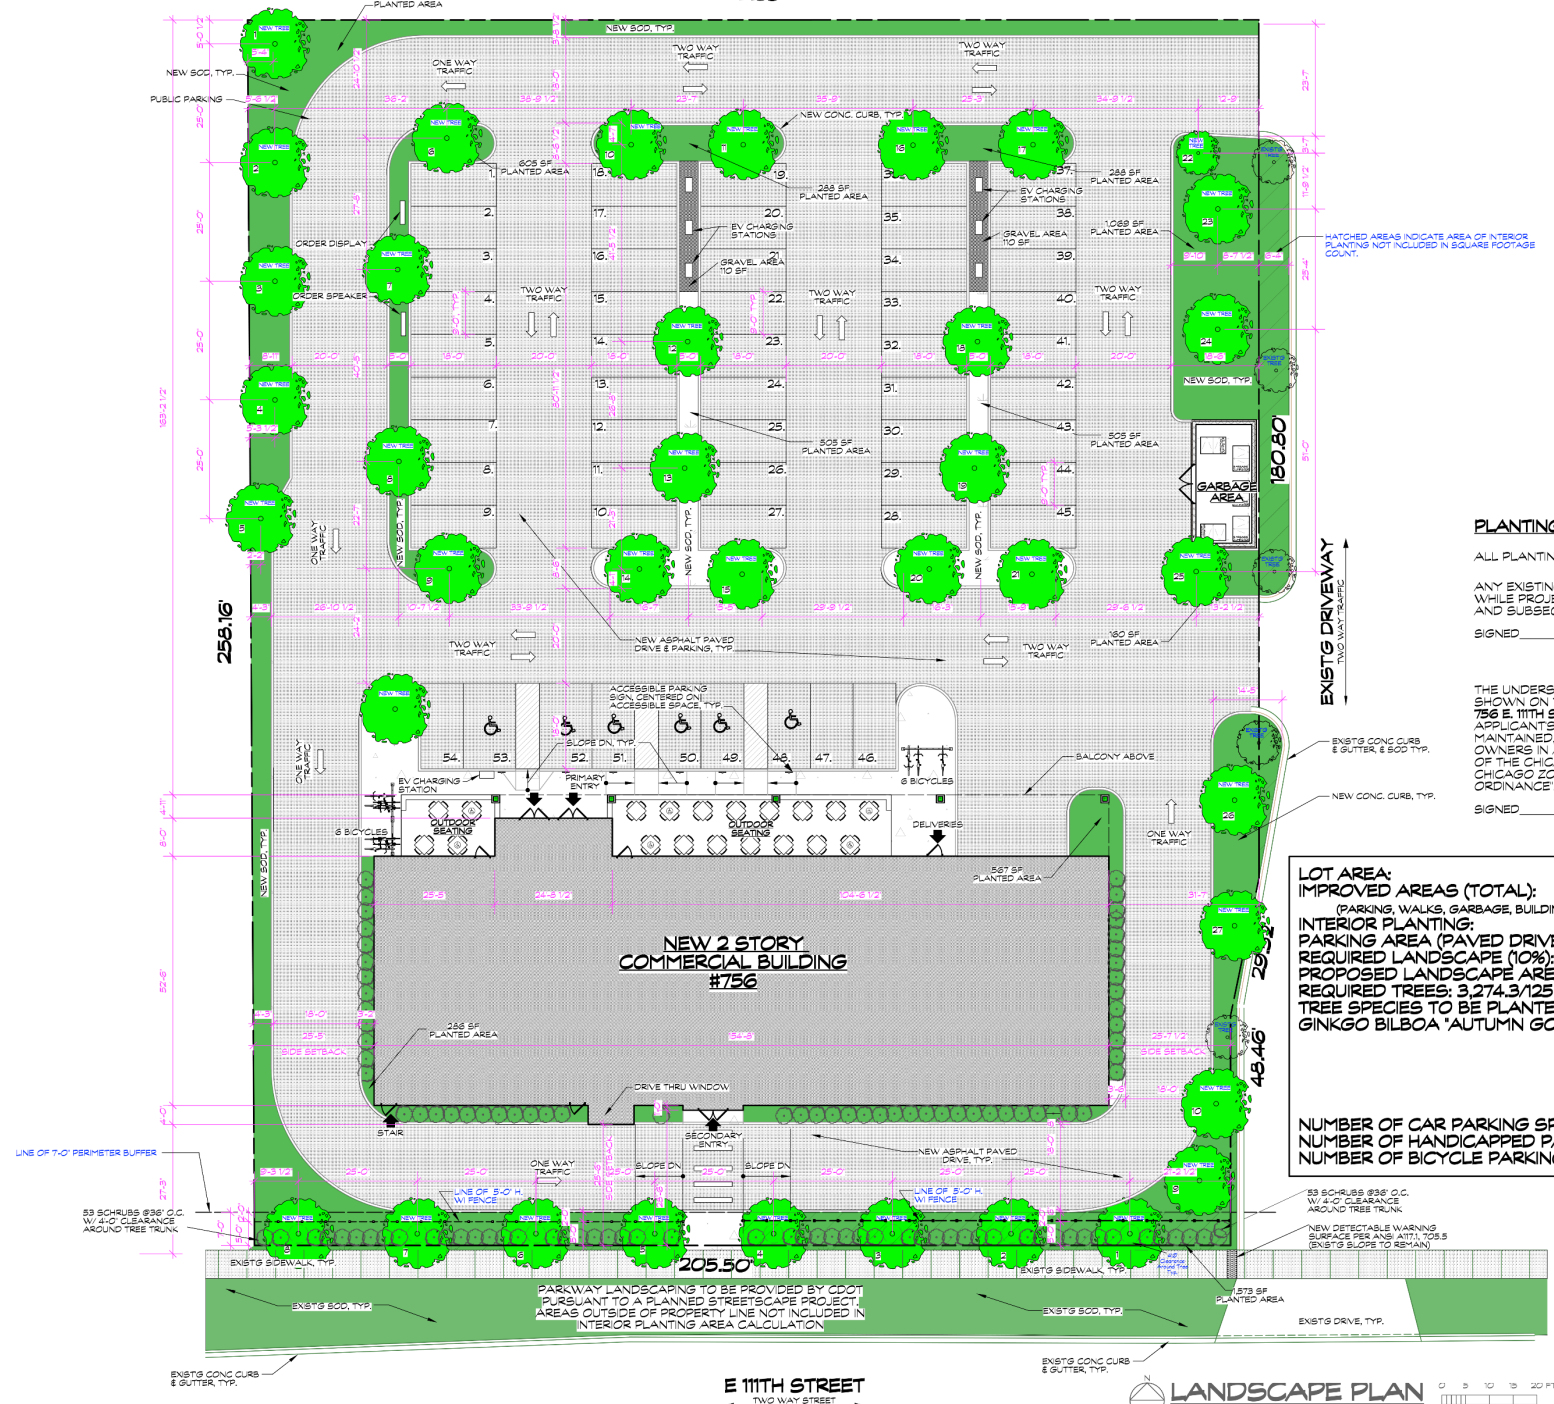

17-8-0904.C – PARKING

- All parking will be shielded from 111th Street by the building.
- The internal drive aisles and parking areas use existing driveway entrances and continue the pattern established by the earlier phases of development.

17-8-0905 – PEDESTRIAN-ORIENTATION

- The project promotes pedestrian interest, safety and comfort by providing an attractive walkway and pedestrian route into the building from 111th Street.
- The project avoids blank walls along 111th Street and emphasizes the building entry through contrasting façade materials and architectural articulation.

PLANTING SCHEDULE:

ALL PLANTING SHALL BE PLANTED IN THE _____.
