- The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A, by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors.
- The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of (i) 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

17. The Applicant acknowledges and agrees that the rezoning of the Property from M1-1 Limited Manufacturing/Business Park District and M1-2 Limited Manufacturing/Business Park District to RM6 Residential Multi-Unit District, and then to this Planned Development ("PD") No. \_\_\_ is an "entitlement" that triggers the requirements of Section 2-44-085 of the Municipal Code of Chicago (the "ARO"). The PD is located in a "community preservation area" within the meaning of the ARO and permits the construction of 64 dwelling units. The Applicant intends to construct a 64-unit development.

Developers of rental projects in community preservation areas with 30 or more units must provide between 10% and 20% of the units in the residential development as affordable units, depending on the depth of affordability provided, as described in subsection (F)(2) of the ARO. Regardless of the applicable percentage of affordable units in the rental project, developers must construct at least 25% of the affordable units on-site and another 25% on-site or off-site (collectively, the "Required Units"), and may satisfy the balance of their affordable housing obligation through (a) the establishment of on-site or off-site affordable units; (b) payment of a fee in lieu of the establishment of additional on-site or off-site affordable units; or (c) any combination thereof. All on-site affordable units must be accessible dwelling units, as required under subsection (W)(10) of the ARO, and developers must give preference in leasing accessible units to people with disabilities, as specified in the ARO rules. All off-site affordable units must have at least two bedrooms and must be located in a community preservation area within a 1-mile radius of the triggering project. Whether on-site or off-site, developers must give preference in leasing affordable units of two bedrooms or more to multi-person households, as specified in the ARO rules. If a residential project is located in a transit-served location, off-site units must be located in a substantially comparable transit-served location.

The Applicant has elected the 20% option as set forth in the chart in subsection (F)(2) of the ARO. As a result, the Applicant's affordable housing obligation is \_\_\_\_\_ affordable units (20% of \_\_\_\_\_), and half of those affordable units are Required Units. Pursuant to subsection (T) of the ARO, the Applicant must provide an additional unit to satisfy the fractional obligation of 0.5 or greater. The Applicant has agreed to satisfy its affordable housing obligation by providing not less than \_\_\_\_\_ affordable units in the rental building in the PD, as set forth in the Affordable Housing Profile (AHP) attached hereto. The Applicant agrees that the affordable rental units must be affordable to households with a range of incomes averaging 60% of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually, provided that (x) the maximum income level for any affordable unit may not exceed 80% of the AMI, (y) at least one-third must be affordable to households at or below 50% of the AMI, of which one-sixth must be affordable to households at or below 40% of the AMI, and (z) all income levels must be multiples of 10% of the AMI.

If the Applicant requests any material change to its method of compliance with the ARO, such as locating affordable units off-site instead of on-site or changing the target affordability level after the passage of this PD, DOH may adjust the AHP as requested, in accordance with the ARO, without amending the PD, provided however, the Applicant must update and resubmit the revised AHP to DOH for review and approval and, at DOH's request, provide an informational presentation to the Plan Commission on such change. Prior to the issuance of any building permits for any residential building in the PD, including, without limitation, excavation or foundation permits, the Applicant must execute and record an Inclusionary Housing Agreement (IHA), in accordance with subsection (N) of the ARO. The terms of the IHA and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the IHA will be recorded against all Subareas of the PD and will constitute a lien against such property. The Commissioner of DOH may enforce remedies for any breach of this Statement 17, including any breach of any IHA, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the PD.

Notwithstanding the foregoing, if the Applicant receives Low-Income Housing Tax Credits or other financial assistance from the City, and the affordability requirements for such financing (the "Financing Requirements") exceed the ARO requirements, then the Financial Requirements shall govern the Applicant's obligation to provide affordable housing in such subsidized portions of the PD.

This statement does not include all ARO requirements and options. It is intended to provide an overview of the application of the ARO to this PD. In the event of any conflict between this statement and the terms and conditions of the ARO, the ARO shall govern.

18. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Zoning Administrator shall initiate a Zoning Map Amendment to rezone the property to RM6 Multi-Unit District.
