applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

14. Thorek acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. Thorek shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.

15. Thorek acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises (“M/WBEs”) and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant’s goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of (i) 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the legal title holders’ and any ground lessors’ proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the legal title holders and any ground lessors submission for Part II permit review for the project or any phase thereof, the legal title holders and any ground lessors must submit to DPD (a) updates (if any) to the legal title holders’ and any ground lessors’ preliminary outreach plan, (b) a description of the legal title holders’ and any ground lessors’ outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the legal title holders’ and any ground lessors’ outreach efforts, and (d) updates (if any) to the applicant’s M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the legal title holders and any ground lessors must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

16. Prior to the Part II Approval (Sec. 17-13-0610 of the Zoning Ordinance), the applicant for Part II approval shall submit a site plan, landscape plan and building elevations for review and approval by the Department of Planning and Development (“DPD”). Review and approval by DPD is intended to assure that specific development components substantially conform with the Planned Development and to assist the City in monitoring ongoing development. If the Applicant is seeking approval for a portion of the Property that represents less than the entire Planned Development area, the Applicant shall also include a site plan for that area of the Property which is bounded on all sides by either public Rights-of-Way or the boundary of the Planned Development area. The site plan provided shall include all dimensioned and planned street Rights-of-Way. No Part II Approval for any portion of the Property shall be granted until Site Plan approval has been granted. Following approval by DPD, the approved Site Plan Approval Submittals, supporting data and materials shall be made part of the main file and shall be deemed to be an integral part of the Planned Development. After approval of the Site Plan, changes or modifications may be made pursuant to the provisions of Statement 12. In the event of any inconsistency between approved plans and the terms of the Planned Development, the terms of the Planned Development shall govern. Any Site Plan Approval Submittals shall, at a minimum, provide the following information:

- fully-dimensioned site plan (including a footprint of the proposed improvements)
- fully-dimensioned building elevations
- fully-dimensioned landscape plan(s)
- statistical information applicable to the subject sub-area, including floor area, the applicable FAR, uses to be established, building heights and setbacks.

Site Plan Approval Submittals shall include all other information necessary to illustrate substantial conformance to the Planned Development.

Amendment to Institutional Planned Development 17 – Descriptive Narrative

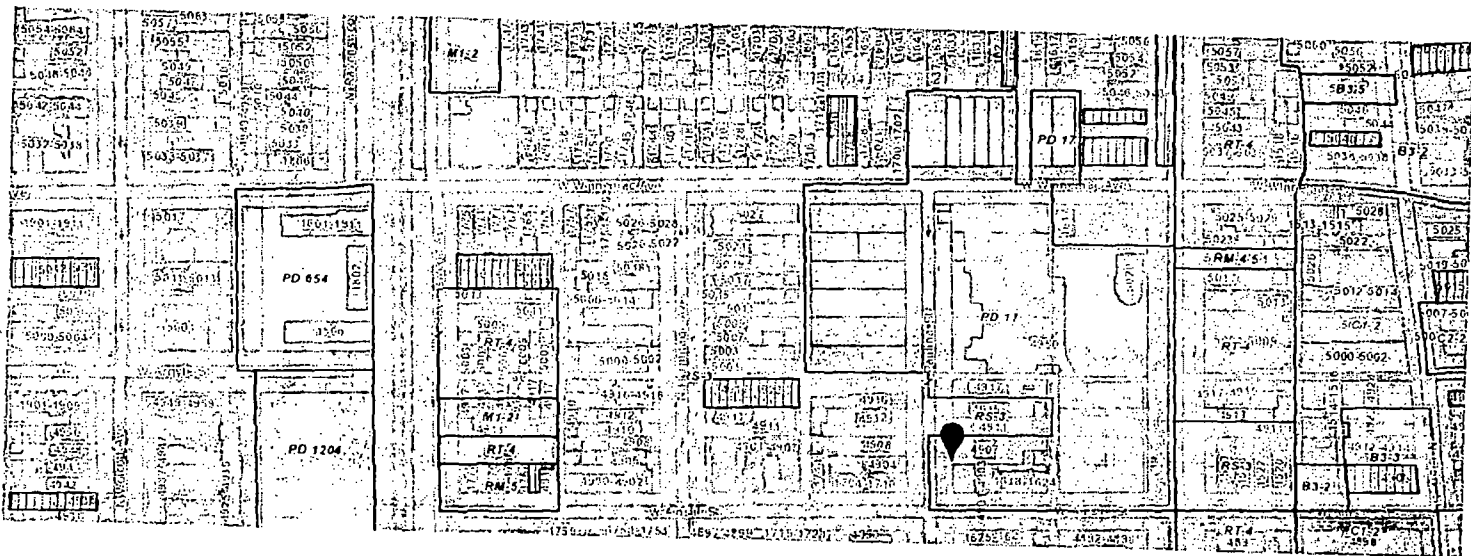

Institutional Planned Development 17 (“IPD 17”) was approved by the Chicago City Council as a Residential Planned Development on October 11, 1962, upon application of The Bethany Home and Hospital of the Methodist Church, an Illinois not for profit corporation now known as Bethany Homes and Methodist Hospital (“Bethany”), and was amended December 28, 1978 on application of Bethany to establish IPD 17 as an Institutional Planned Development. A minor change to IPD 17 was approved on November 7, 1991 to allow for construction of a cancer treatment center within the IPD 17 boundary and a minor change was approved February 24, 2009 to permit conversion of a senior sheltered care facility to a supportive living facility for the elderly.

Bethany has since acquired additional property outside and adjacent to the boundary of IPD 17 and incorporated it into the planned development area as accessory parking and open space (the “Parcels To Be Added”); Bethany has also conveyed other properties not needed for the uses authorized in IPD 17 to N. Paulina Street Properties, LLC, an Illinois limited liability company and the Applicant herein, and to 4901 N. Paulina, LLC, an Illinois limited liability company under common control with the Applicant (the “Parcels To Be Removed”). Subsequently, Bethany has conveyed all the property within IPD 17 owned by Bethany, as well as the Parcels To Be Added, to Thorek Memorial Hospital, an Illinois not for profit corporation (“Thorek”).

Accordingly, the Applicant seeks to amend the boundary of IPD 17 to remove the Parcels To Be Removed; at the request of the Department of Planning and Development, the amendment also incorporates within the amended boundary of IPD 17 the Parcels To Be Added.

Upon and after adoption of the requested amendment, Thorek would be the sole owner of all property within the amended boundary of IPD 17, all property used in connection with the health care, elderly housing and other uses contemplated by IPD 17 would be within the amended boundary of IPD 17, and all property not owned by Thorek but within the current boundary of IPD 17 and not used in connection with the uses contemplated by IPD 17 would be outside the amended boundary of IPD 17.
