Re: Chicago Skyway Toll Bridge System  
Emergency Purchase for Latex Modified Concrete

Dear Mr. Griggs,

The Department of Transportation is requesting an emergency purchase of Latex Modified Rapidset Concrete not to exceed \$15,000.00. This is due to the fact that Speedy Redi-Mix, who is the Term Agreement Vendor for this product, has not paid their supplier, Henry Frerk & Sons, for past material provided. Henry Frerk & Sons is the only vendor in the area who supplies this type of concrete which cures within a few hours.

Therefore, the Department of Transportation has been required to utilize this emergency purchase in order to perform emergency deck patching on the Chicago Skyway next week.

If additional information is required, please contact Frank Brinskelle at 744-6541.

Sincerely,

Miguel d'Escoto  
Commissioner
