Re: Notice of Award of Emergency Contract  
Sewer Televising Services

---

Specification:	105229	RX Number:	68014
PO/Contract:	26292	Amount:	\$216,000.00

Pursuant to Section 65 ILCS 5/8-10-5 of the Municipal Purchasing Act and 2-92-644 of the Municipal Code of Chicago, I am authorizing you to make an Emergency Contract for Sewer Televising Services with Sheridan Plumbing & Sewer, Inc. Based upon information received from your office, I have determined that this procurement is necessary to meet a bona fide operating emergency.

You are hereby authorized to purchase Sewer Televising Services in the amount of \$216,000.000 as requested in your letter dated February 9, 2012. Any amount in excess of the \$216,000.00 will require additional authorization and will be limited so as not to exceed the \$250,000.00 limit established by the Chicago Municipal Code.

RE: Request for Emergency Contract Authorization  
Sewer Televising Program services – Area 1, South

*Req# 65014*

The Department of Water Management(DOWM) is requesting an emergency contract in the amount of \$250,000.00 for Sewer Televising Program Services – Area 1, South. This contract is used for the cleaning and televising of sewer mains and lateral drains in the South District(This District is the area of the City bounded by West 51<sup>st</sup> Street on the North and the City Limits on the East, West and South)of the City. The video recordings resulting from the televising are used by our investigation section to determine the condition of potential failing sewer and lateral structures. This serves as a important preventative measure to assure the structural integrity of the City's Sewer System. The City can decide if a certain section of sewer main needs immediate repairs or can just be routed through the normal construction schedule. Therefore, since operations have ceased, this increases the possibility of a sewer collapse without notice, which could make the City liable for resulting flooded basements.

DOWM requested a time extension, however the Vendor(National Power Rodding, Inc.) refused to extend the contract(P.O. No. 10853) which expired on 1/31/2012. This Department is currently working with Department of Procurement Services(DPS) to create a new contract(Requisition No. 67340). The emergency contract limit(\$250,000.00) will be sufficient enough(2 to 3 Months) to continue operations until the proposed new agreement is in place .If DPS approves this request, DOWM shall solicit quotes from the following vendors:

National Power Rodding  
Sheridan Plumbing and Sewer  
Millennium Restoration and Construction

These Contractors have performed the work requested in the past. Please see the attachment for list of estimated quantities and description of line items. In addition, DOWM has attached the required specifications for this emergency contract. For further information, please contact Felica Rawlings, Supervisor of Contracts at 312-745-0581.
