DISCLOSURE OF RETAINED PARTIES

A. Definitions and Disclosure Requirements.

1. As used herein, the term "Contractor" means a person or entity who has any contract or lease with the City of Chicago.
2. Pursuant to Executive Order 97-1, every city contract and lease must be accompanied by a disclosure statement providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors, and other persons whom the Contractor has retained or expects to retain with respect to the contract or lease. In particular, the Contractor must disclose the name of each such person, his or her business address, the nature of the relationship, and the amount of fees paid or estimated to be paid.
3. The Contractor is not required to disclose employees who are paid solely through the Contractor's regular payroll.
4. "Lobbyist" means any person (a) who for compensation or on behalf of any person other than himself undertakes to influence any legislative or administrative action, or (b) any part of whose duties as an employee of another includes undertaking to influence any legislative or administrative action.

B. Certification

Contractor hereby certifies as follows:

UTILIZING JOC FOR CITY CONSTRUCTION PROJECTS

For all proposed projects please complete items 1 and 2 below. As appropriate, complete items 3, 4 and 5.

(Attach to the MOA)

1. Please describe the major features of the project:

See Attached Memo Authorization Letter.

2. Please explain why this project could not be bid using the City's traditional bid process and the need to use the JOC procurement system:

The sluice gates are currently in the water above the shaft openings but are only constrained by a metal cable looped over an anchor bolt. However, the metal cable could be in danger of corroding and failing, thus allowing the sluice gate to fall and causing interruptions of water flow to Jardine Water Purification Plant.

3. If this project is a one trade project, please provide additional explanation of why it would be in the City's best interest to do the project under JOC:

N/A

4. If it is anticipated that over 25% of the project will be non-prepriced, please provide an explanation on why JOC should be used:

N/A

5. If some elements of the proposed JOC project scope of work are covered by City Term Agreements, these elements should be removed from the JOC project scope of work. If it is not desirable to do so, please explain:

N/A

Subject: Notification of New JOC Project-Harrison/Dever Crib(Install Sluice Gate Guides)Project No. 03-04-068

Hi Dale!

This Department is requesting emergency approval to begin mobilization for the subject project. The contractor is required to install sluice gate restraining guides, railings and other applicable appurtenances, at the subject location. Since the Contractor will be required to work at a isolated site far off the shores of Lake Michigan, it is imperative for them to start this construction work immediately, prior to the start of the colder weather season.

The cost of the project is approximately \$110,000.00.

The reason for the emergency is because the sluice gates are currently in the water above the shaft opening constrained by a metal cable looped over an anchor bolt. This metal cable could be in danger of corroding and failing, thus allowing the sluice gate to fall and causing interruption of water flow to Jardine Water Purification Plant.

The Memo-authorization request is currently being circulated for signature and will be forth coming in a few days!

For further information call me at 744-5067.

Sincerely

Richard Patrick
