## TRIP INFORMATION

Event Attended: Tank Car Specialist

Start Date: 10/3/18 End Date: 10/13/18

How did this event help you enhance your knowledge, skills, and abilities for your current position.

Truck 18 is located very close to a very busy rail yard, This class improved my knowledge, skills, and abilities regarding responses to emergencies at this and other rail yards. This class increased my ability to make the "right call" when first in as to the safety of citizens, firefighters, as well as knowledge as to who to involve to mitigate rail emergencies.

How did this even benefit the Urban Area?

As 1<sup>st</sup> Responders the public looks towards us to "fix the problems" when emergencies arise. I feel more confident in my ability to do so after taking this class. It was a great learning experience
