## TRIP INFORMATION

Event Attended: Crude By Rail Emergency Response

Start Date: 9-10-18 End Date: 9-14-18

How did this event help you enhance your knowledge, skills, and abilities for your current position.

This class helped me to learn how to respond to tank car incidents. It taught me about Incident Command at these incidents. I learned how to effectively apply foam on incidents that require it.

How did this even benefit the Urban Area?

I learned how to better protect the community. I am prepared to deal with a tank car disaster in an Urban area and that gathering information is imperative.
