Subject: Gift acceptance

Hi Steve,

The Boston Consulting Group, a vendor of ours who is supporting the COVID-19 Vaccine Operation Center has offered us the monitors listed below that we can utilize and would like to accept as a gift to the Department. They purchased them to execute the work of our contract and will have no need for them once the contract is over, and would otherwise recycle them.

Please let me know if you have any questions or would like any additional information. Thank you.
Fikirte
