Dear Mr. Fustini,

I am writing to express our sincere appreciation to you for your donation of the Lultbott 3D printer to the Chicago Public Library.

Your generosity in sharing this equipment with all Chicagoans is greatly appreciated. This will help add to our citizens learning more about digital manufacturing and the different types of 3D printers available. We will have this piece of equipment installed in our Maker Lab on the third floor of the Harold Washington Library Center.

Thank you again for thinking of the Chicago Public Library.

Sincerely,
