

DEPARTMENT OF PUBLIC HEALTH
CITY OF CHICAGO

MEMORANDUM

To: The Honorable Carrie M. Austin
Chairman, Committee on the Budget and Government Operations

From: Julie Morita, M.D.
Commissioner
Department of Public Health

CC: Deanne Millison
Mayor's Office of Legislative Counsel and Government Affairs

Date: October 26, 2018

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 41-01 Maternal Home Visits

The below information is in response to questions posed at our department's hearing on October 24, 2018 to discuss the proposed 2019 budget.

Alderman Dowell requested the number of women who received home visits after the birth of their baby.

The mandatory Illinois Department Human Service tracking system does not provide an annual number of home visits. However, we are able to report the monthly caseload. In 2017, the average monthly caseload for the program was 1,435 families from communities across the City of Chicago. Within the number of caseloads, mothers and infants receive home visits, follow up phone calls, and referral to care, as needed.

As always, please let me know if you have any further questions.

Date: October 26, 2018

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 41-02 Maternal Mortality

The below information is in response to questions posed at our department's hearing on October 24, 2018 to discuss the proposed 2019 budget.

Alderman Dowell asked for maternal mortality rates by ward.

Maternal mortality is defined as the death of a woman from any cause either while pregnant or within one year of the end of a pregnancy. The Illinois Department of Public Health (IDPH) collects this data. Below, please find Citywide annual numbers from IDPH for maternal mortality from 2011 through 2016. Reliable rates by ward cannot be calculated from numbers of this size.

Year	# of pregnancy-associated deaths in Chicago
2011	19
2012	17
2013	19
2014	12
2015	28
2016	21

As always, please let me know if you have any further questions.

Re: Request for Information from the Annual Appropriation Committee Hearing

ID#: 41-03 Mental Health Agencies

The attached information is in response to questions posed at our department's hearing on October 24, 2018 to discuss the proposed 2019 budget.

Alderman Dowell asked for a list of all the agencies offering mental health services by ward. Please see the attachment for this list.

As always, please let me know if you have any further questions.

The list of facilities below represent the agencies that completed the Department of Public Health's Behavioral Health Capacity Assessment in Spring, 2016. The information listed is what was reported to CDPH by a designated staff person at each facility, usually the president or someone of similar authority. Each facility reported providing mental health services to adults in an outpatient setting. This list does not include individuals providing services in a private practice setting. This list is a static representation of the services available in 2016.

For an updated and detailed directory of behavioral health resources, residents should be encouraged to visit www.chicagoconnects.org and/or contact the National Alliance on Mental Illness Helpline at 833-NAMI-CHI.

Definitions:

FQHC = Federally Qualified Health Center

Secondary Mental Health Services = primarily provides substance use or violence prevention services, but also reported providing mental health services

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 41-06 Mental Health

The attached information is in response to questions posed at our department's hearing on October 24, 2018 to discuss the proposed 2019 budget.

Alderman Waguespack asked for the list of recommendations for CDPH Mental Health Services made by the Commission on Accreditation of Rehabilitation Facilities (CARF) when they awarded a three-year accreditation to CDPH clinics. Please find the list of recommendations received by CDPH on January 13, 2017 attached.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 41-07 Lead Paint Abatement

The attached information is in response to questions posed at our department's hearing on Wednesday, October 24, 2018 to discuss the proposed 2019 budget.

Alderman Lopez asked for the number of lead abatement applications for 2018 by ward. Please see the attached chart for this information. For FY 2018, the Department of Public Health has \$225,000 for the lead abatement grant program through a grant from Cook County. The Department received 29 applications for financial assistance. A total of 14 applications were eligible and 21 housing units will be made lead-free by November 30, 2018.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 41-08 Peddler Inspections

The attached information is in response to questions posed at our department's hearing on Wednesday, October 24, 2018 to discuss the proposed 2019 budget.

Alderman Lopez asked for the number of peddlers, called licensed mobile prepared food vendors, by ward, as well information on how these vendors are inspected. A list of licensees is attached, including the location of the commissary where the foods are prepared and the carts are serviced and cleaned. BACP issues licenses to mobile prepared food vendors. CDPH inspects them for licensure and in response to complaints. CDPH also regularly inspects the commissaries.

As always, please let me know if you have any further questions.

MEMORANDUM

To: The Honorable Carrie M. Austin
Chairman, Committee on the Budget and Government Operations

From: Julie Morita, M.D.
Commissioner
Department of Public Health

CC: Deanne Millison
Mayor's Office of Legislative Counsel and Government Affairs

Date: October 26, 2018

Re: Request for Information from Annual Appropriation Committee Hearing

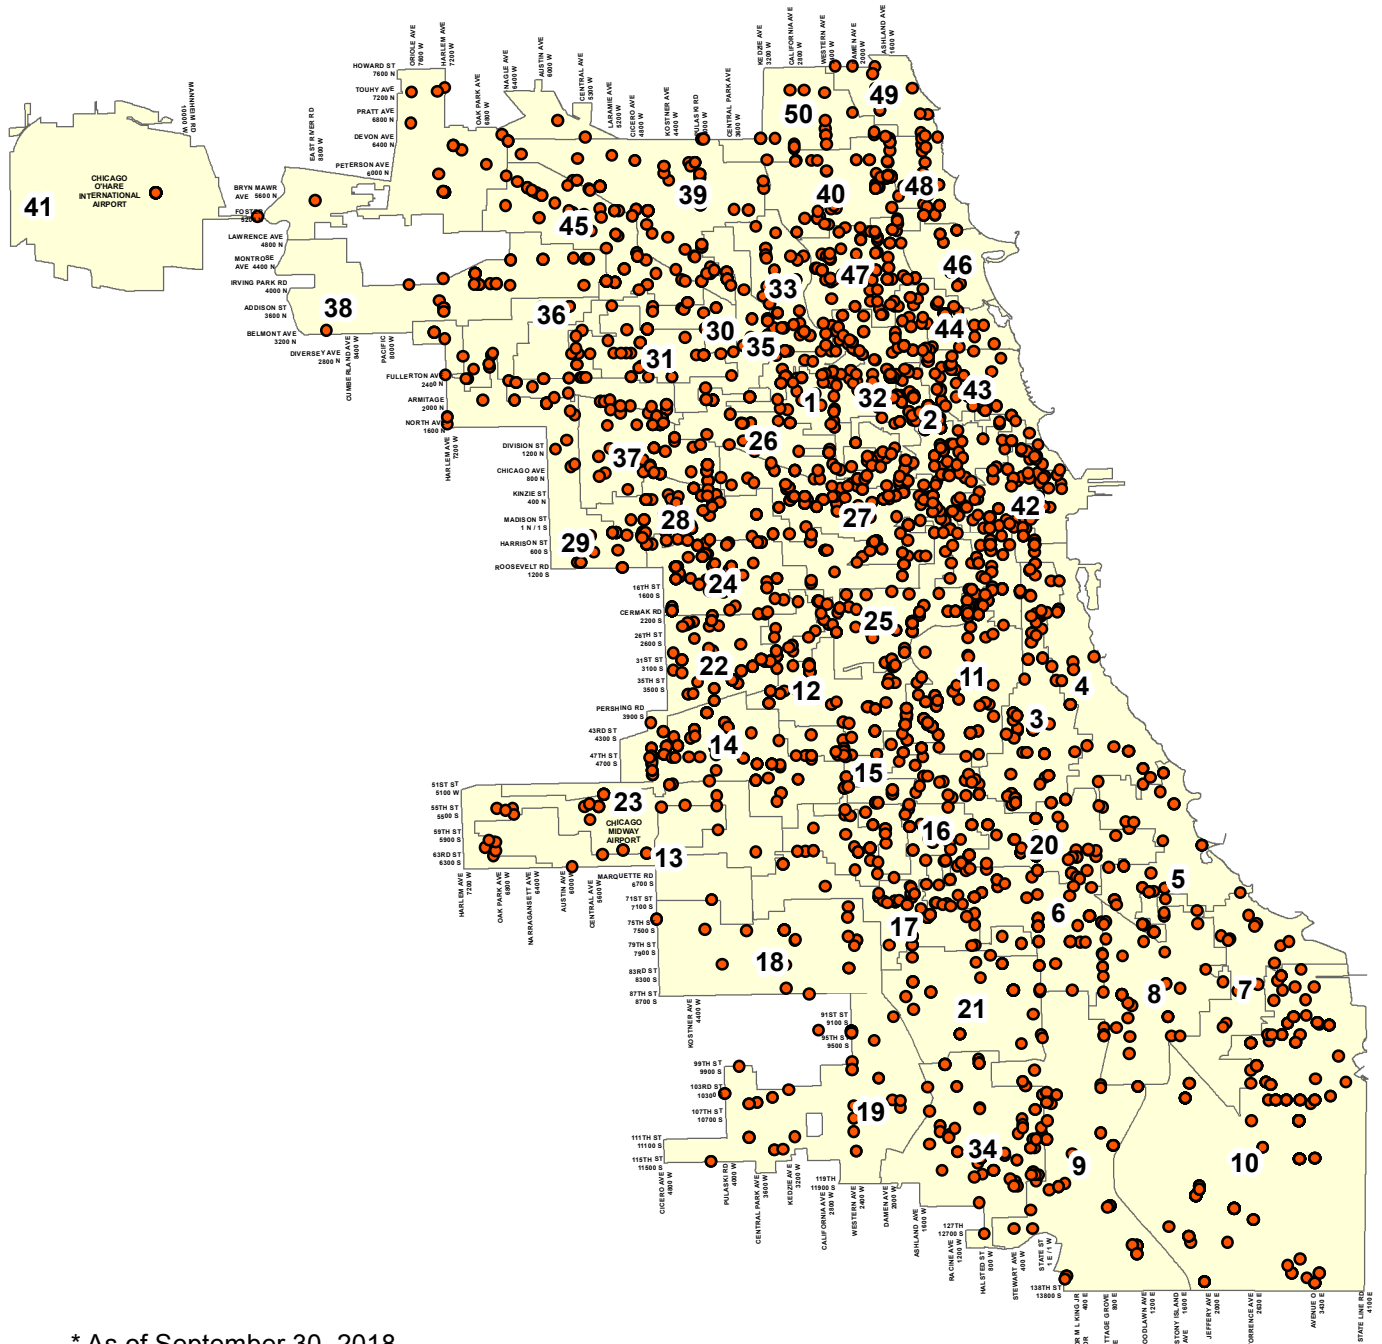

ID#: 41-09 Environmental Inspections

The attached information is in response to questions posed at our department's hearing on Wednesday, October 24, 2018 to discuss the proposed 2019 budget.

Alderman Smith asked for a map of environmental inspections in 2018. Please see the attached maps. One shows routine environmental inspections by ward and the other shows complaint based environmental inspections by ward. Both maps show inspections through September 30, 2018.

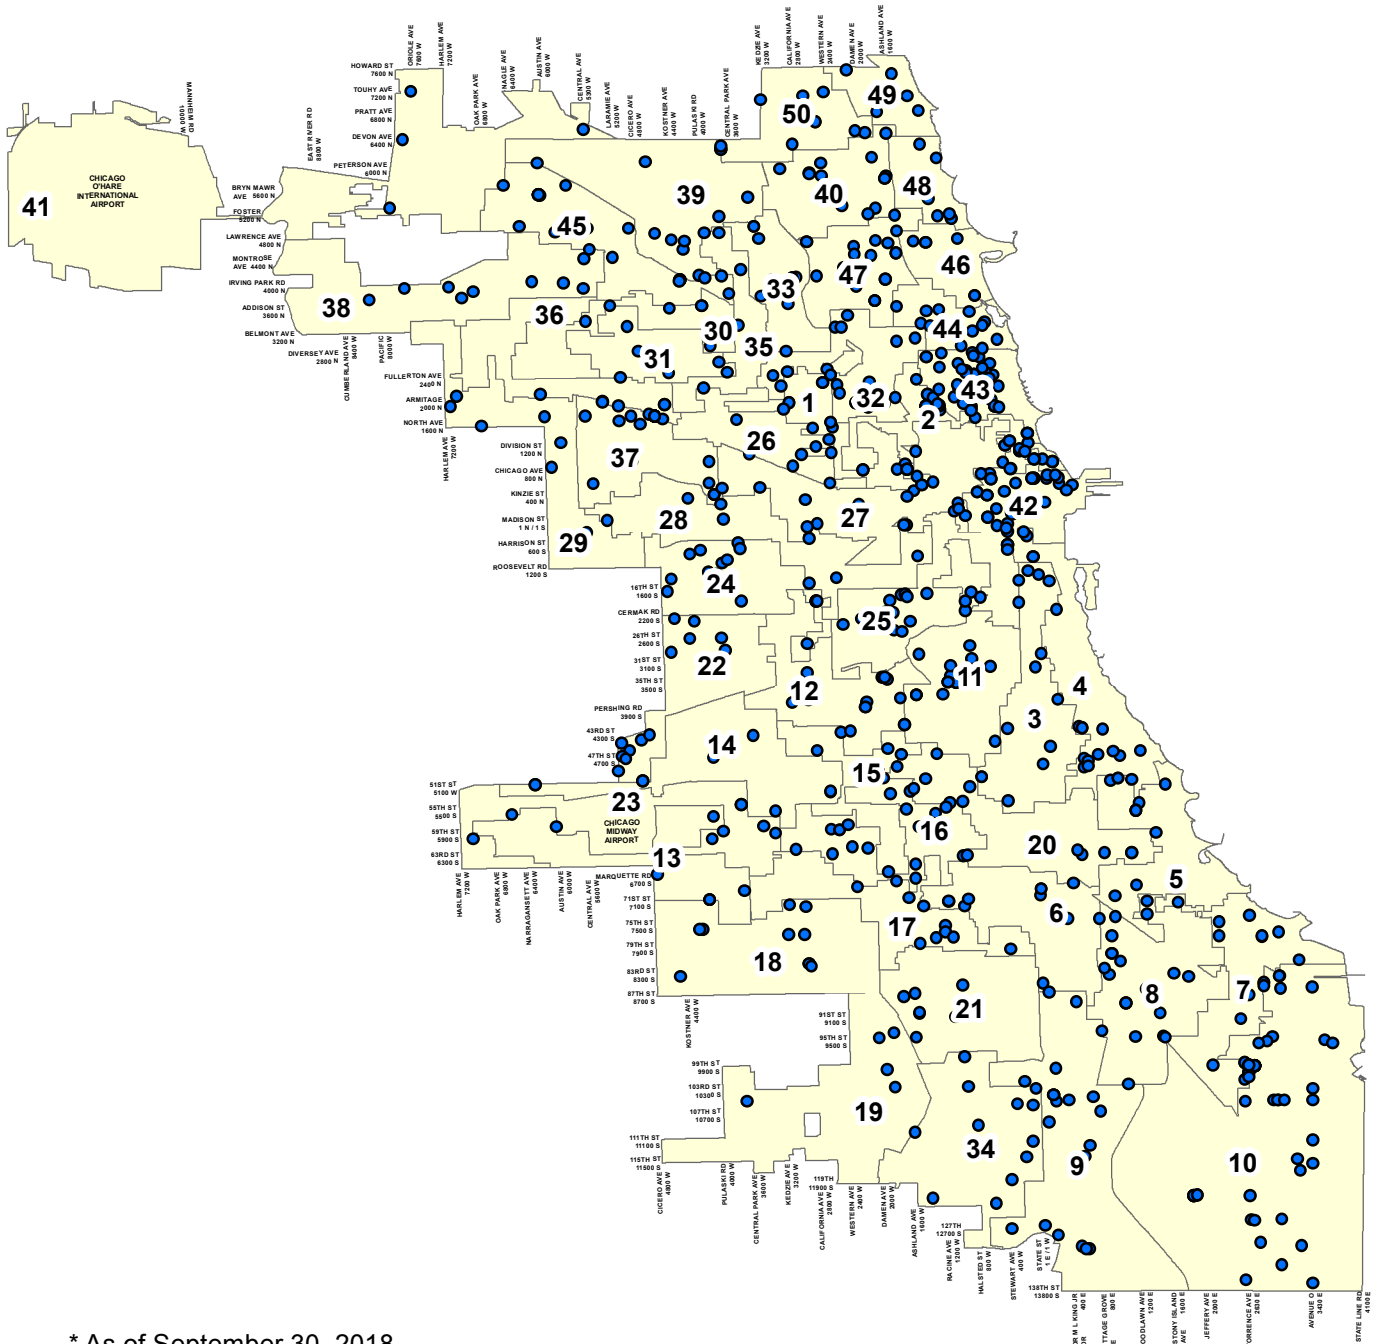

As always, please let me know if you have any further questions.

2018 Environmental Inspections by Ward

* As of September 30, 2018

2018 Environmental Complaints Inspections* by Ward

* As of September 30, 2018

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 41-10 EPA Testing at General Iron

The attached information is in response to questions posed at our department's hearing on Wednesday, October 24, 2018 to discuss the proposed 2019 budget.

Alderman Hopkins asked for a status update on enforcement actions at General Iron. CDPH regularly inspects the facility to ensure it is complying with the conditions of its metal recycling facility permit. The Illinois Environmental Protection Agency (IEPA) issues the air permit, which sets emissions limits and reporting requirements. The United States Environmental Protection Agency (USEPA) oversees the facility and enforces air quality standards.

In November 2017, General Iron hired a third-party consultant to install air monitors to test for dust, metals and volatile organic compounds (VOCs) at the request of USEPA. USEPA reviewed the results of that testing and found that dust and metals (lead, zinc, lead, and mercury) were below hazardous air pollution limits. However, VOCs were considered "excessive" for General Iron's current permit, which does not address VOCs. The negotiations between General Iron and USEPA are confidential and details cannot be shared with the City. USEPA is working with General Iron to ensure it has the correct permit and pollution controls in place to control the release of VOCs.

Questions about USEPA's findings should be directed to:

Scott Connolly, Environmental Engineer

Air Enforcement and Compliance Assurance U.S. Environmental Protection Agency Region 5

77 West Jackson Boulevard

Chicago, Illinois 60604-3507

Phone: (312) 886-1493

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 41-11 Food Inspection Fines and Fees

The attached information is in response to questions posed at our department's hearing on Wednesday, October 24, 2018 to discuss the proposed 2019 budget.

Alderman Tunney asked for an overview of inspections by the food protection team, the types of violations found, and citation related fees and fines for food establishments in 2017 compared to 2018. The requested information can be found in the attached document.

In summary, the food protection team completed 14,202 inspections as of September 30th. The most common types of violations found are for pest control (23%), hazardous food temperatures (20%), handwashing facilities (17%) and certified food manager not present (15%). In 2017, over \$3.2 million in citation related fines were collected. As of September 2018, just over \$1.1 million have been collected. There are less fines in 2018 due to staff leave, retirements and resignations; mandatory staff training to prepare for the new food code; and transitioning to the new food code which has lengthened inspection times.

As always, please let me know if you have any further questions.
