**Re: Northwestern Memorial HealthCare; Technical Amendment to PD 468**

Dear Chairwoman Flores:

Please be advised that I have been informed of the proposed technical amendment to Business Planned Development no. 468 submitted by Northwestern Memorial Healthcare for the property located at 201-221 E Erie St, 631-649 N St. Clair St and 200-212 E Ontario Street.

Northwestern Memorial Healthcare seeks to expand its academic medical center campus to include two repurposed floors of the existing Hyatt Centric Magnificent Mile Hotel and connect that facility with its hospital via a new pedestrian bridge. I have reviewed the proposed zoning map amendment and have no objection to it.

Your favorable recommendation of this project would be greatly appreciated. Please feel free to contact my office at (312) 744-3062 should committee members or you have any remaining questions about this matter.

Sincerely,

Brendan Reilly
