

Green Homes Chicago

About Green Homes Chicago

This program will provide up to \$50k in free energy upgrades to help low-income homeowners “go electric”!

Upgrades may include new insulation, heat pump HVAC systems, and more. In most circumstances, participation will involve replacing your current appliances with new, high-efficiency electrical appliances and completely discontinuing the use of natural gas.

For More Information

(312) 744 - 3653

Eligibility

- 1-4 owner-occupied properties (*Note: condos, mixed-use properties, and 5+ unit properties do not qualify.*)
- Must be the owner’s primary and only residence.
- Homeowners who earn up to 80% of the Area Median Income (AMI).
- 80% AMI is approximately \$62,000-\$96,000 depending on your household size.

This program will be delivered by the City’s partners:

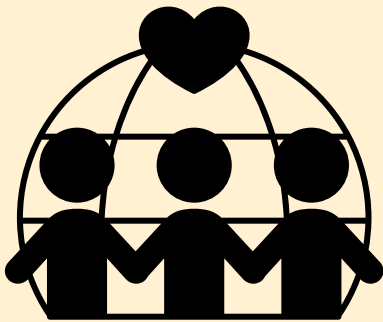

Why Green Homes Chicago?

Benefits for homeowners

- Lower utility bills
- Improved insulation for increased comfort
- Efficient, centralized heating and cooling
- Better indoor air quality
- Decreased carbon emissions footprint

Benefits for the community

- Reduce Chicago's emissions
- Accelerate the adoption of energy-saving improvements
- Equitably advance zero emission homes
- Develop the "green jobs" workforce
- Align with community-centered climate solutions
