For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

The scope of work to be performed under this sub-order includes but is not limited to; excavation, installation of planting soil, landscaping and irrigation.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.

DPD is in the process of acquiring this property for future improvements with use of tax increment funding (TIF). Due to the relatively small scope and the better availability and variety of plant material in the spring, CDOT must use the JOC procurement system.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city's best interest to do the project under JOC:

Multiple trades: landscaping, irrigation and electrical

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.
