## TRIP INFORMATION

Event Attended: Crudes by rail Emergency Response

Start Date: 9-11-18 End Date: 9-13-18

How did this event help you enhance your knowledge, skills, and abilities for your current position.

Training with these cars and teams first hand in real life situations brought another degree of realism. It brought all my prior training together to make it all comprehensive.

How did this even benefit the Urban Area?

Living in an Urban Area where rail runs all around it better prepared me for the inevitable likelihood that should a catastrophe happen how to be prepared and handle it.
