

Good Afternoon Steve and Reshma,

The purpose of this email is to provide notice that Alderman Gilbert Villegas accepted, on behalf of the City of Chicago, a gift of free WiFi from a consortium of internet service providers. Section 2-156-142(b)(8) requires that, "any gift that is given to, or is accepted on behalf of the city, provided that any person receiving the gift on the city's behalf shall immediately report to the board and to the comptroller, who shall add such gift to an inventory of the city's property. The providers (Verizon, Ignit Cities, Crown Castle and Mesh) donated temporary free WiFi service for the benefit of all of the residents, businesses and schools located within a certain footprint for the summer. Attached please find a map of the areas that have access to the service. Attached also please find a flyer providing notice of the temporary free WiFi service.

Thank you for your assistance with this matter.

Warm regards,
Tiffany
