Mr. Steven Patton  
Corporation Counsel  
City of Chicago Department of Law  
30 North LaSalle Street  
Suite 1400  
Chicago, IL 60602

Dear Mr. Patton:

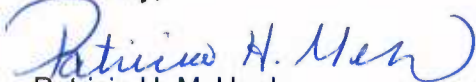

As you know, James McHugh Construction Co. ("McHugh") has enjoyed a long and mutually successful relationship with the City of Chicago. McHugh has been privileged to provide the citizens of Chicago with roads, bridges, parks, and public conveyances that significantly improve the infrastructure and transportation facilities of our great City.

McHugh also is aware of the importance that Mayor Emanuel and the City place on the involvement of minority- and women-owned contractors in the construction of these public facilities. Through its M/WBE and DBE program requirements, the City seeks to ensure that emerging minority- and women-owned companies are able to participate in City-sponsored construction jobs in a manner that promotes their growth and provides them with experience in performing major public projects.

McHugh wants to demonstrate its own commitment to these laudable goals in a manner that provides tangible support for the City's M/WBE and DBE programs. Accordingly, we are pleased to commit to the City that McHugh voluntarily will donate the sum of two million dollars (\$2,000,000) to the City to support its M/WBE and DBE programs. Our understanding is that these funds will be dedicated exclusively to the City's M/WBE and DBE programs, in a manner to be determined by the City, to enhance the effectiveness of those programs and to enable the City to provide resources necessary to ensure that the programs are fully implemented and that their requirements are rigorously applied to all participants in City projects.

McHugh is proud to offer this support to the important goals of these programs. McHugh is committed to ensuring that its own participation in these programs will exemplify the best practices in this area, and that its actions on the job site will set the standard for other general contractors to follow.

Sincerely,

Patricia H. McHugh
