ORDER

Prior to calling any witnesses the City, through counsel, stipulated for the record that this property was not located in a moratorium area for additional packaged goods licenses. Since that was the only basis for the denial, the City had no objection to the issuance of this license.

The parties entered into an agreed order whereby the Applicant agreed to withdraw its appeal and the Local Liquor Control Commission agreed to issue the Packaged Goods license.

It is the Decision of this Commission that the City did not prove by a preponderance of the evidence that this location was located within a packaged goods moratorium. The denial of this application would be reversed based on that stipulation by the City. This Decision also incorporates the Agreed Order between the parties that the license will issue.

This denial of an application for a Packaged Goods license for the premises located at 8700 South Yates Boulevard is reversed based on the Agreed Order entered into by the parties on April 5, 2017.
