Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-01

The attached information is in response to questions posed at our department's hearing on October 24, 2016 to discuss the proposed 2017 budget.

Alderman Laurino asked for a status update regarding Midway Concessions.

We are still working on completing our due diligence. We are eager to move forward with the best concessions program for the City and its airport, and know that we must put an exceptional product before this body in order to seek final approval.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-05

The attached information is in response to questions posed at our department's hearing on October 24, 2016 to discuss the proposed 2017 budget.

Alderman Dowell asked how many City of Chicago residents work on the airports' no bid contracts.

None of the current contracts from Non-Competitive procurements are Chicago companies. All five manufacture and maintain highly specialized aviation equipment. Before these types of "sole source" contracts are executed, they are required to go before the City's Non-Competitive Review Board (NCRB) for consideration and approval. In addition, a three week public notice is given to ensure that if there is a new company that can provide the services/material – they are given a chance to come forward before the NCRB makes their decision.

As always, please let me know if you have any further questions.

The attached information is in response to questions posed at our department's hearing on October 24, 2016 to discuss the proposed 2017 budget.

Alderman Dowell asked for a list of all RFPs coming out of the department with a project name, description of the project, amount and bid date.

Please see attached for requested information.

Additionally, while not yet reflected on our buying plan, CDA is working on contract solicitations for a Construction Manager at Risk for the development of the Terminal 5 M Extension at O'Hare International Airport and the O'Hare 21 Terminal Area Program Terminal 5; and Project Manager Services for O'Hare and Midway. More details will be provided on these projects at the City Council Quarterly Briefing.

As always, please let me know if you have any further questions.

The attached information is in response to questions posed at our department's hearing on October 24, 2016 to discuss the proposed 2017 budget.

Alderman Lopez asked for the dollar amount (collectively and individually) that airlines contribute to each of the City's airport for capital improvements.

The capital development programs at Midway and O'Hare airports are funded solely by airport sources, primarily airport revenue bonds paid via airline rates and charges. No local taxes are used to fund capital projects at Chicago's airports. The airlines support significant and continual investment in the infrastructure at Chicago's airports including \$458 million at Midway and \$1.8 billion at O'Hare through our Capital Improvement Program for 2016 through 2020.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-10

The attached information is in response to questions posed at our department's hearing on October 24, 2016 to discuss the proposed 2017 budget.

Alderman Maldonado asked if the existing ORD and MDW use and lease agreements include requirements for the airlines to meet the City's MBE/WBE requirements for contracts.

- a. Are goals for MBE/WBE participation being met for construction contracts?
- b. Are goals for MBE/WBE participation being met for all contracts other than those for construction (ongoing operations)?

The current O'Hare use and lease agreement is close to 35 years old and does not include the City's MBE/WBE requirements for contracts. CDA is in the early stages of negotiating a new use and lease agreement to include updated City requirements. The City's most current MBE/WBE requirements along with all City policies will be incorporated into the new use and lease agreement.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-12

The attached information is in response to questions posed at our department's hearing on October 24, 2016 to discuss the proposed 2017 budget.

Alderman Maldonado asked what other major airport authorities use use and lease agreement to require airlines to meet municipal MBE/WBE requirements for ongoing operations?

- a. What standards do other airport authorities impose?
- b. Please provide sample language from similar contracts approved by other airport authorities.
- c. What best practices do other major airport authorities follow when negotiating MBE/WBE requirements for ongoing operations from the airlines as part of use and lease agreements?

CDA does not currently have this information; however, investigating use and lease agreements at other major airports to see how they are incorporating municipal requirements will be a part of our research and preparation for our own use and lease agreement negotiation.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-13, 14, 15, 16, 17, 18, 19, 20

The attached information is in response to questions posed at our department's hearing on October 24, 2016 to discuss the proposed 2017 budget.

Alderman Maldonado requested the following information (questions #13-20) about airlines that have use and lease agreements at the City's airports, including whether the airlines have diversity policies for hiring, promotion and contracting (Qs 13, 14); whether they have demonstrated diversity in employment (Q 15); how long they have had diversity goals and been tracking their M/WBE participation in contracts for ongoing operations (Qs 16, 17); whether they have met their employment diversity goals (Q 18); how their diversity performance is measured by the City (Q 19); and a list of the top M/WBE vendors and suppliers for airlines from this region, including their race and gender (Q 20).

The Chicago Department of Aviation ("CDA") does not currently have any of the information requested in Questions 13 through 20. The various agreements under which airlines operate at O'Hare and Midway do not contain provisions that would require the airlines to provide the requested information to CDA, although such agreements do contain provisions that require the airlines to comply with all applicable laws, including non-discrimination laws.

The CDA has no authority to regulate the diversity policies, goals, or performance of airlines in their employment and operations generally. And the CDA has no authority to exclude airlines from its airports based on such considerations.

The CDA does have authority to enforce existing ordinances relating to M/WBE participation in contracts relating to the airports, as well as federal laws and regulations relating to DBE and ACDBE participation where federal funds are involved. Those ordinances, laws and regulations have been enacted in accordance with constitutional constraints on race and gender-based regulations by governments. The CDA itself has no authority to impose additional race or gender-based requirements on the airlines.

There currently are 9 domestic air carrier airlines and 48 cargo and international air carrier airlines that operate at O'Hare and Midway Airports.

As always, please let me know if you have any further questions.

CHICAGO DEPARTMENT OF AVIATION
CITY OF CHICAGO

MEMORANDUM

To: The Honorable Carrie M. Austin
Chairman, Committee on the Budget and Government Operations

From: Ginger Evans
Commissioner
Chicago Department of Aviation

CC: Samantha Fields
Mayor's Office of Legislative Counsel and Government Affairs

Date: November 1, 2016

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-22

The attached information is in response to questions posed at our department's hearing on October 24, 2016 to discuss the proposed 2017 budget.

Alderman Hairston asked for 2015 and YTD 2016 MBE/WBE data for use and lease agreement at Midway Airport.

The Midway Use and Lease agreement requires tenant airlines to comply with City ordinances relative to use of MBE/ WBE firms. However, no tenant projects have been undertaken at Midway the past year.

As always, please let me know if you have any further questions.

Commissioner
Chicago Department of Aviation

CC: Samantha Fields
Mayor's Office of Legislative Counsel and Government Affairs

Date: November 1, 2016

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-25

The attached information is in response to questions posed at our department's hearing on October 24, 2016 to discuss the proposed 2017 budget.

Alderman Hairston asked for MBE/WBE for the L Stinger Lease.

The L Stinger lease has a goal of 25/5 as it was signed prior to the new construction goals of 26/6. Note that the current O'Hare use and lease agreement is close to 35 years old and does not include the City's MBE/WBE requirements for contracts. However, the CDA worked with the airlines to put MBE/WBE goals in all recent ground leases and reimbursable agreements not covered under the use and lease agreement, including the L Stinger agreement.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-26

The attached information is in response to questions posed at our department's hearing on October 24, 2016 to discuss the proposed 2017 budget.

Alderman Hairston asked for MBE/WBE for top contractors/construction firms at ORD (including):

- a. Novack
- b. Walsh
- c. Parsons Engineering
- d. K-Five
- e. Blinderman
- f. Paschen
- g. ROSSI
- h. ROOT
- i. Plote
- j. AECOM
- k. McDonough

Please see attached for requested information.

Please note that Novack does not currently have a contract with CDA. Root has a No Stated Goals Contract, as approved by DPS' Compliance division, because there are no applicable sub-contractors available for the type of work required.

Regarding Parsons Engineering, CDA has no contract with Parsons Engineering. CDA does have a contract with Parsons Brinkerhoff and with Parsons Construction Group. Let us know which one you were referring so we can promptly follow up with the correct information.

Regarding AECOM, please clarify whether you are looking for information on Austin AECOM or AECOM PM so we can promptly follow up with the correct information.

As always, please let me know if you have any further questions.

- k. Hill Mechanical Corporation

Please see attached for requested information.

Regarding Aero Chicago, this is a lease agreement that went through City Council and not a standard DPS contract, so the goals are not reported in the same way. However, we have attached an internal payment summary, as we would not have information on individual commitments.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-29

The attached information is in response to questions posed at our department's hearing on October 24, 2016 to discuss the proposed 2017 budget.

Alderman D. Moore asked for the breakdown of the 6,000 jobs being created and the mechanism for hiring.

Please see the attached for the requested breakdown. The Chicago Department of Aviation will be hosting job fairs to promote these positions and will be contractually requiring our contractors to host community outreach events and similar workforce development events as the contracts are awarded.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-31

The attached information is in response to questions posed at our department's hearing on October 24, 2016 to discuss the proposed 2017 budget.

Alderman D. Moore asked what the process is for selecting developers, particularly related to hotel project and new gates.

It is anticipated that these projects will be delivered by a construction manager at risk. In order to select a construction manager at risk, the City will issue a request for qualifications to competitively select a contractor. The request for qualifications will have evaluation criteria for each respondent that will likely focus on relevant experience, M/WBE participation, workforce development plan, project understanding, key staff members, and complex building experience.

As always, please let me know if you have any further questions.
