**F. CHAIRMAN’S REPORT / INFORMATIONAL PRESENTATIONS**

1. Staff from the Department of Planning and Development (Katharyn Hurd) will provide an informational presentation on design guidelines being drafted for ground floor housing on commercial corridors. The in-progress guidelines supplement Chicago’s adopted Neighborhood Design Guidelines to provide best practices for renovation and new construction of ground floor housing on commercial corridors. In neighborhoods where housing demand exceeds commercial space demand, some property owners are locating housing on the ground floors of certain buildings, rather than retain commercial space that will likely remain vacant. These guidelines will provide design inspiration for how to better contribute positively to the public realm as ground floor uses shift toward housing, subject to zoning and other requirements.
2. Staff from the Department of Planning and Development will provide a brief update on the status of WMBE project compliance in accordance with the Mayoral Executive Order on WMBE participation to the members of the Chicago Plan Commission.
