### Introduction to eProcurement Vendor Workshops:

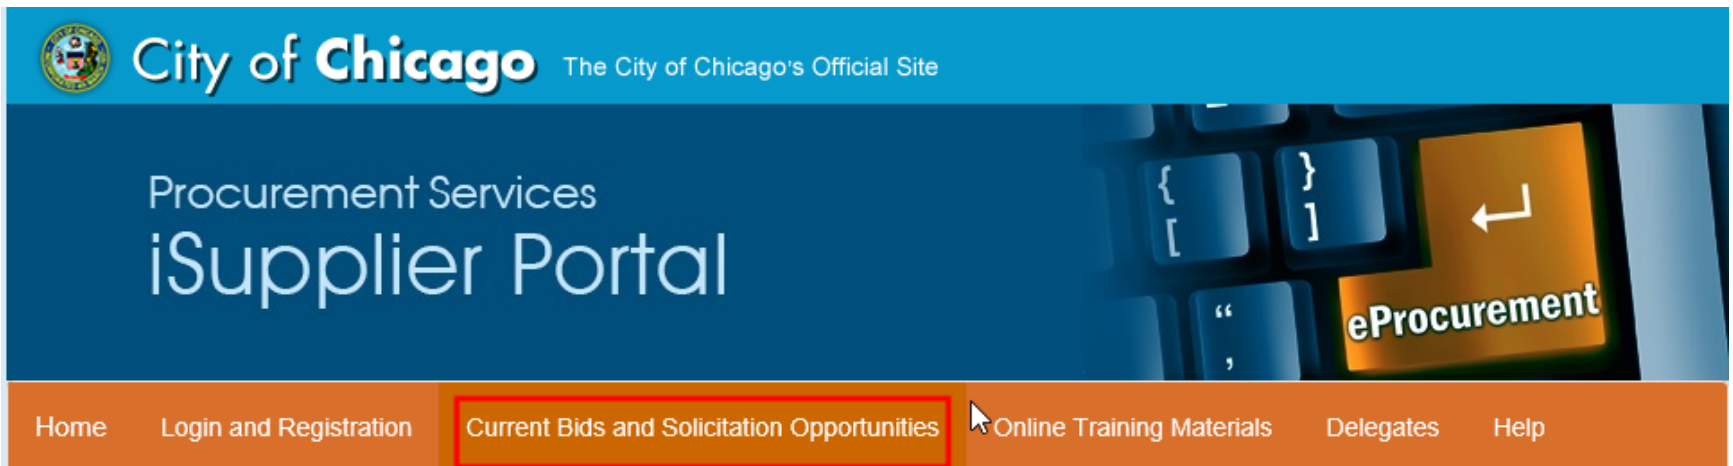

**\*\*2019 eProcurement Vendor Workshops are listed below. \*\***

DPS is continuing on the next phase of start-to-finish purchasing modernization via the implementation of a comprehensive eProcurement system. eProcurement applies digital technology to the acquisition of goods and services. It will allow DPS to collaborate with City Departments to create solicitations and contracts online reducing the time it takes to complete procurements. We invite you to attend a demonstration to learn about iSupplier registration, how vendors will submit bids, proposals, how to view contracts and payments online all via the eProcurement process.
