Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 67-01 & 67-03

The attached information is in response to questions posed at our department's hearing on Thursday, October 26, 2017 to discuss the proposed 2018 budget.

Alderman Reilly asked for a list of all savings from zero based budgeting, efficiencies and cost reductions included in our 2018 budget request.

The department continues to enhance the services we deliver to our customers without increases to our operating budget. Detailed below are some of the savings in our 2018 request.

1. Eliminated funding for stipends – Cost Savings and Efficiency
 - a. The department streamlined the structure of the Building Board of Appeals through the Alternative Code Approval process which addresses many of the building code appeals that were formerly made to the department. This decreases the time to permit through the elimination of scheduling a meeting to have the appeal heard by the Board.

2. Reduced 0140 by \$692,300 – Cost Savings

- a. The City is no longer incurring the cost for plan review services for large/complex projects by allowing customers to select the firm of their choice from the City's qualified pool of Municipal Code Review firms. The City is responsible for final review of the project to ensure full compliance and issuance of the permit.
3. Eliminated funding for rental equipment and services – Cost Savings
 - a. These monies are a savings as a result of the reduction of office equipment.

As always, please let me know if you have any further questions.

MEMORANDUM

To: The Honorable Carrie M. Austin

Date: October 27, 2017

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 67-08

The attached information is in response to questions posed at our department's hearing on Thursday, October 26, 2017 to discuss the proposed 2018 budget.

Alderman Dowell asked for a list of all Strategic Task Force (STF) problem business locations in her ward.

The problem business protocol changed in 2015, and with the Police Commander in the respective districts now responsible for notifying the owner of any establishment regarding all public safety concerns, the list is no longer available. In the event the owner is nonresponsive, the Commander refers the establishment to the Troubled Building Unit within the Chicago Police Department for the scheduling of a Responsible Establishment Safe Neighborhood inspection. The Troubled Buildings Unit coordinates these inspections with the Bureau of Organized Crime, Department of Building, Department of Business Affairs & Consumer Protection and the Department of Public Health. If a Commissioner Closure is warranted due to dangerous and hazardous conditions, the Department sends a memo to the respective Alderman notifying them of the closure of the establishment. In the event the owner abates the dangerous and hazardous conditions that resulted in the closure, the department will send a memo notifying the respective Alderman that the closure has been removed.

As always, please let me know if you have any further questions.
