Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 05-04 Zero Based Budgeting

The information below is in response to questions posed at our department's hearing on October 28, 2019 to discuss the proposed 2020 budget.

Chairman Dowell requested a breakdown of the \$148.7 million in zero based budgeting savings.

When Mayor Lightfoot entered office, the City was facing an historic budget deficit totaling \$838M. To address this shortfall, the Office of Budget and Management (OBM) worked closely with operating departments to refine their budget requests by conducting a line-by-line review of expenditures in order to cut extraneous personnel and non-personnel costs for next year. Additionally, OBM was able to refine projected costs since the Budget Forecast was published, thereby further reducing anticipated expenditures for 2020. This process is commonly referred to as zero-based budgeting, and it relies upon a deep dive of what will be required to deliver core services so that the City can eliminate non-essential expenses and bring down budgeted costs. A good example of this is the elimination of 252 positions on the Corporate Fund across City departments. The outcome of this exercise resulted in a net reduction of \$148.7M of expenditures that helped to close the 2020 budget gap as stated in the 2020 Budget Forecast.

Background:

The net impact of the zero-based budgeting exercise on the Corporate Fund for 2020 was **\$148.7M**. This is inclusive of net expenditure reductions by specific categories and accounts. Zero-based budgeting is not calculated on a department or program-specific basis, but rather as the total impact on the budget gap.

| Category | | uction Amount |
|--|----|---------------|
| Personnel Services & Benefits | \$ | 134,664,580 |
| Claims, Refunds, Judgments and Legal Fees | \$ | 11,359,979 |
| Non-Personnel Expenditure Reductions (summary below) | | 22,367,729 |
| Total | \$ | 168,392,288 |
| Less Vacancy Reduction & FTE Reallocation* | | (19,700,000) |
| | | |
| Grand Total | \$ | 148,692,288 |

^{*}Accounted for in the Personnel Services & Benefits category; separated to show value.

Personnel Services & Benefits

The Budget Forecast projected that personnel expenditures would grow by \$296.4M in 2020. The projection included approximately \$269M in contractual wage increases and estimated amounts for public safety contracts that have yet to be finalized along with other wage adjustments. It also included an additional \$25M for expected consent decree related expenses and \$2M for a deferred compensation plan employer match that was negotiated with AFSCME and COUPE. The Budget Forecast also projected that benefits would grow by \$16M in 2020. The 2020 Budget Recommendations reflect a decrease of \$134.7M from this projection. This is largely due to a variety of factors including lower than anticipated 2020 consent decree costs and the timing of the ratification of public safety contracts. These were offset by a greater than anticipated increase in employee benefit costs.

As noted above, \$19.7M of cost reduction was due to vacancy reductions and full time equivalent ("FTE") reallocations to other funds, which resulted in a net reduction of 252 positions on the Corporate Fund.

Claims, Refunds, Judgments and Legal Fees

The Budget Forecast projected that settlements and judgments and outside counsel costs would rise to approximately \$152.9M. While the City is increasing its settlements and judgments budget by over \$78M, by working with the Department of Law on cases currently in progress, OBM was able to decrease the projected amount for 2020 by \$11.4M.

Non-Personnel Expenditure Reductions

The Budget Forecast assumed various growth rates for non-personnel expenditures, such as commodities and equipment, contractual services, delegate agencies, and other program costs, which were based on historical trends and economic conditions. Within any given account, budget lines fluctuate up or down to account for price variations, contractual changes, and/or other factors.

The following chart represents year-over-year net account reductions from the 2019 Budget Ordinance to the 2020 Budget Recommendations.

| Summary of Non-Personnel Expenditure Reductions | Redu | ction Amount |
|---|------|--------------|
| Contractual Services | \$ | 8,879,144 |
| Travel | \$ | 49,088 |
| Commodities and Materials | \$ | 9,373,517 |
| Equipment | \$ | 245,900 |
| Other Purposes as Specified | \$ | 3,820,080 |
| Total | \$ | 22,367,729 |

The following are some examples of non-personnel expenditure reductions that contributed to the zero-based budgeting reduction:

- (\$3.1M) for Electricity Street Lighting
- (\$2.9M) for Drugs, Medicine and Chemical Materials
- (\$2.8M) for Material and Supplies
- (\$1.8M) for Freight and Express Charges
- (\$1.1M) for Publications and Reproduction Outside Services
- (\$831K) for Rental of Equipment and Services
- (\$748K) for Waste Disposal Services

ID#: 05-07 Property Tax Levy

The attached information is in response to questions posed at our department's hearing on October 28, 2019 to discuss the proposed 2020 budget.

Alderman Smith asked for a full breakdown of the property tax levy for 2020.

The total 2020 levy for the City of Chicago is \$1.51 billion. This includes the funds to be levied for the City and the funds to be levied for the Chicago Public Library system. The City also levies a small amount on behalf of the City Colleges separately from the \$1.51 billion. The amount to be levied for the City Colleges in 2020 is \$29 million. This increases the total amount to be included in the Annual Appropriation Ordinance to \$1.54 billion.

Please see attached the 2020 levy detail for the City of Chicago.

ID#: 05-15 LED Savings

The attached information is in response to questions posed at our department's hearing on October 28, 2019 to discuss the proposed 2020 budget.

Alderman Scott requested additional information on the savings related to street lighting costs from the City's LED lighting retrofit initiative.

The LED lighting retrofit initiative is administered by the Chicago Department of Transportation and streetlighting costs are paid by the Department of Fleet and Facility Management (which will become the Department of Asset and Information Management in 2020).

In 2018, the budget for streetlighting was \$18,516,277. In 2019 that amount was \$17,313,960, a reduction of \$1,202,317 from 2018. The 2020 Budget Recommendations include \$14,659,391 for streetlighting, reductions of \$3,856,886 from 2018 and \$2,654,569 from 2019. It is estimated that the combined energy savings from 2018 through 2027 will be approximately \$100 million.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 05-23 Airport Sales Tax

The attached information is in response to questions posed at our department's hearing on October 28, 2019 to discuss the proposed 2020 budget.

Alderman Thompson asked for a comparison of sales tax collected at Midway Airport since the concession renovation.

The companies pay sales tax to the Illinois Department of Revenue directly and the City gets a portion of the tax. The City is not provided with a breakdown of what is generated from the airports.

The new concessionaire at Midway, called Midway Partnership, began in May 2017. Below is a table showing taxable sales at Midway for 2017 and 2018. While it does not show sales tax collected, it does provide an indication of the growth in sales at Midway.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 05-24 Real Estate Transfer Tax

The attached information is in response to questions posed at our department's hearing on October 28, 2019 to discuss the proposed 2020 budget.

Alderman Cappleman requested information on the impact of real estate transfer tax on affordable housing.

The real estate transfer tax only applies during the sale of a property, and certain exceptions, such as transactions involving a non-profit entity, may apply. As such, the move to a graduated real estate transfer tax with higher rates for large transfers would neither impact current affordable housing nor would it impact future purchases by non-profit entities for the purpose of creating affordable housing developments.

ID#: 05-25 Police Retirement Eligibility

The attached information is in response to questions posed at our department's hearing on October 28, 2019 to discuss the proposed 2020 budget.

Alderman Quinn asked for the total number of sworn personnel eligible for retirement in 2020 from the Chicago Police Department.

Per the Chicago Police Department records, 1,070 sworn individuals will be over age 55 in 2020. The following chart is a breakdown of the number of individuals by bargaining unit.

| Sworn Personnel | | | | |

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 05-26 Grant Budgeting

The attached information is in response to questions posed at our department's hearing on October 28, 2019 to discuss the proposed 2020 budget.

Alderman Vasquez requested details for the process for budgeting grant programs.

The City receives grant funds and donations from various federal, State, and local government agencies, as well as private organizations. While these funds support a wide array of City services, programs, and capital improvements, they are restricted in use by grantors for specific purposes. Grant funds are awarded to the City throughout the fiscal year, following distinct performance periods that often extend for multiple years. In most cases, grants from the federal government follow an October to September fiscal year, while State grants typically follow a July to June fiscal year. As a result, unspent grant funds from the City's previous fiscal year that are still available for use in the coming year are again included in the budget and referred to as carryover funds. The City also budgets for the full amounts of the new anticipated awards in the coming fiscal year. Because of the unique nature and timing of grant funding, the City includes in its annual appropriation ordinance an estimate of the total grant resources that will be available to City departments in the next fiscal year.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 05-27 Consent Decree

The attached information is in response to questions posed at our department's hearing on October 28, 2019 to discuss the proposed 2020 budget.

Alderman Osterman asked for a breakdown of citywide consent decree costs and a projection of consent decree costs over the next five to ten years.

The attached document shows the detailed location of consent decree expenses in the 2020 Budget Recommendation Book. Below is a chart detailing consent decree costs by department.

| Department | Personnel | Non-Personnel | Total |
|--------------------|--------------|---------------|--------------|
| 003 - OIG | \$123,996 | \$0 | \$123,996 |
| 031 - Law | \$0 | \$2,850,000 | \$2,850,000 |
| 051 - OPSA | \$262,044 | \$0 | \$262,044 |
| 055 - Police Board | \$0 | \$15,000 | \$15,000 |
| 057 - CPD | \$12,473,806 | \$7,688,197 | \$20,162,003 |
| 058 - OEMC | \$426,096 | \$126,000 | \$552,096 |
| 060 - COPA | \$435,228 | \$906,500 | \$1,341,728 |
| Total | \$13,721,170 | \$11,585,697 | \$25,306,867 |

While the Chicago Police Department does not have an official estimate for projected expenditures over the next five to ten years of consent decree implementation, the Department notes that police departments from other municipalities have reported various annual costs. For example, the Los Angeles Police Department reported spending \$300 million over the course of ten years for consent decree implementation; and the New Orleans Police Department reported spending \$11 million annually. However, both departments vary in size and those consent decrees have different requirements in comparison to Chicago.

Regarding projected costs for 2021, the Chicago Police Department anticipates additional expenses to meet consent decree requirements related to increased training requirements, new equipment, improved technology/information systems, and expanded police officer supervision.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 05-33 Head Tax Analysis

The attached information is in response to questions posed at our department's hearing on October 28, 2019 to discuss the proposed 2020 budget.

Alderman Martin requested any analysis conducted by the Office of Budget and Management (OBM) regarding a potential Corporate Head Tax.

In 2012, the City began phasing out the head tax in an effort to encourage business development and job creation in Chicago. The elimination of the head tax, more formally known as the Employer's Expense Tax, began on July 1, 2012, when the rate was cut in half from \$4 per employee per month to \$2 per employee per month. The tax was completely eliminated on December 31, 2013. Prior to the elimination of the tax, between 2007-2011, the City generated between \$23.5-23.9 million annually from the tax.

Imposition of a corporate head tax can carry significant unintended consequences. Historically, the City's corporate head tax has not been sensitive to income. As it is based solely on the number of employees a business may have, it does not account for net income, meaning a business with 50 employees but zero net income pays the same as a business with 50 employees that has a net

income of \$10 million. As a result, grocery stores with small margins would be particularly hard hit by the re-imposition of a corporate head tax.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 05-35 OPSA Civilianization

The attached information is in response to questions posed at our department's hearing on October 28, 2019 to discuss the proposed 2020 budget.

Alderman Taliaferro requested a list of positions that will be filled by civilians in the Office of Public Safety Administration and for a list of positions that will remain sworn in the Chicago Police Department (CPD) and the Chicago Fire Department (CFD).

Through the creation of the Office of Public Safety Administration, 151 sworn CPD members and 11 uniformed CFD members were identified as individuals that are performing administrative duties. The list of civilian positions in the Office of Public Safety Administration are identified in the 2020 Budget Recommendations Book on pages 154-160 and 415, and the Grant Detail on pages 207-209.

The administrative functions identified to move to the new Office of Public Safety Administration are summarized below:

| Department | Unit / Assignment | Function |
|------------|-------------------------|--|
| CFD | Logistics | Management of fleet, facilities, equipment and |
| | | inventory, and commissary |
| CFD | Finance & Grants | All financial, procurement, and grants management, |

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 05-36 TIF Surplus

The attached information is in response to questions posed at our department's hearing on October 28, 2019 to discuss the proposed 2020 budget.

Alderman Beale asked for the County share of tax increment financing (TIF) surplus and a breakdown of TIF surplus for all taxing bodies.

The amount of TIF surplus distributed to the various taxing agencies in Chicago is determined based on that agency's portion of the aggregate tax rate. The attached table shows the breakdown of TIF surplus for all taxing bodies for tax year 2018, which is the most recent year issued by the Cook County Clerk.

In 2020, the City anticipates declaring a TIF surplus of \$300.2 million. The Cook County portion of the 2018 aggregate tax rate is 7.21 percent, or \$21.6 million.

| Taxing Agency | 2018 Tax Rate | % of TIF Surplus | Estimated distribution of TIF Surplus |
|--|------------------|---------------------|---------------------------------------|
| Cook County | 0.489% | 7.21% | \$21,632,718 |
| Forest Preserve District | 0.060% | 0.88% | \$2,654,321 |
| Metropolitan Water Reclamation District | 0.396% | 5.84% | \$17,518,520 |
| City of Chicago Library Fund | 0.111% | 1.64% | \$4,910,494 |
| City of Chicago (all other funds) | 1.565% | 23.06% | \$69,233,544 |

The following information is provided in response to questions posed at our department's hearing on October 28, 2019 to discuss the proposed 2020 budget.

Alderman Sawyer requested a list of fund sweeps.

The 2020 Budget Recommendations sweep funds from the following aging revenue accounts:

- Fund 0249 (Workers' Comp) Sweeps fund balance that should have been used to reimburse the Corporate Fund in previous years, however a transfer was not made.
- Fund 0C59 (Malcolm X Sitework) Sweeps unspent fund balance following the completion of sitework.
- Fund 0648 (Special Deposits) Sweeps fund balance in excess of two years of revenues.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 05-39 Foreign Fire Fund

The attached information is in response to questions posed at our department's hearing on October 28, 2019 to discuss the proposed 2020 budget.

Alderman Austin requested a description of the origin and use of the Foreign Fire Fund.

In accordance with State and local law, the City of Chicago collects a 2 percent foreign fire insurance tax on fire insurance policies sold by out-of-state insurance companies that conduct business in Chicago. The City receives approximately \$5.5 million in annual revenue from the foreign fire insurance tax.

Pursuant to 65 ILCS 5/11-10-2, a Foreign Fire Insurance Board was established in the Chicago Fire Department. The Board consists of the Fire Commissioner as an ex-officio member, and six elected trustees, who are responsible for spending the foreign fire tax revenue. The funds must be allocated as such:

• 50 percent shall be used for maintenance, use, benefit, or enhancement of fire stations or training facilities.

- 25 percent shall be used for the maintenance, use, benefit, or enhancement of emergency response vehicles, tools, and equipment.
- 25 percent shall be used for the use and benefit of the active members of the Department.

On April 10, 2019, the Chicago City Council passed an ordinance placing additional restrictions on the Foreign Fire Insurance Board, specifically requiring that the Board adhere to the City's procurement and purchasing rules, and annually appear before the City Council Committee on Budget and Government Operations for a hearing regarding expenditures from the Fund. Additionally, the ordinance requires that any property purchased from the Foreign Fire Insurance Fund shall be property of the City, and that the Board must obtain approval from the Commissioner of Fleet and Facility Management to purchase or lease any vehicle, or maintain or enhance or undertake any work on any building, ground, fleet or equipment that is owned, occupied, or leased by the City. Attached, please find a copy of the ordinance passed by the City Council.

As of October 28, 2019, the 2019 foreign fire insurance tax revenue has not been used. In accordance with State law, the City appropriated all unspent 2019 foreign fire insurance monies as well as anticipated 2020 revenue and expenses in the 2020 Budget Recommendation in Fund 0B42.

Amendment of Municipal Code Chapter 4-308 by modifying Section 4-308-020 and adding new Section 4-308-025 regarding expenditure of foreign fire insurance tax revenue

Committee(s) Assignment:

Committee on Budget and Government Operations

OFFICE OF THE MAYOR CITY OF CHICAGO

RAHM EMANUEL MAYOR

March 13, 2019

TO THE HONORABLE, THE CITY COUNCIL OF THE CITY OF CHICAGO

Ladies and Gentlemen:

At the request of the Budget Director, I transmit herewith an ordinance amending the Municipal Code regarding Foreign Fire Insurance.

Your favorable consideration of this ordinance will be appreciated.

Very truly yours,

Mayor

ORDINANCE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

SECTION 1. Chapter 4-308 of the Municipal Code of Chicago is hereby amended by deleting the language stricken through, by inserting the language underscored, and by adding new Section 4-308-025, as follows:

4-308-020 Payment to cCity for benefit of fFire dDepartment.

Any such corporation, company or association not incorporated under the laws of the State of Illinois which is engaged in the city in effecting fire insurance shall annually pay to the eComptroller for the maintenance, use and benefit of the fFire dDepartment of the eCity, as provided in Section 4-308-025, a sum of money equal in amount to two percent per annum of the gross receipts received for premiums by any and all agents of any such corporation, company or association during the year ending on the first day of July, for any insurance effected or agreed to be effected in said city by or with any such corporation, company or association during such year.

4-308-025 Expenditure of foreign fire insurance tax revenue.

(a) For purposes of this Section, the following definition shall apply:

"Act" means Public Act 100-0656, codified at 65 ILCS 5/11-10-2(b).

"Active member" means a member of the Department who is not receiving a disability pension, retired, or a deferred pensioner, as defined in 40 ILCS 5/4-105a, of the Firemen's Annuity and Benefit Fund of Chicago.

"Board" means the Department's foreign fire insurance board established pursuant to the Act.

"Commissioner" means the Chicago Fire Commissioner.

"Department" means the Chicago Fire Department.

"Ethics Ordinance" means the City of Chicago governmental ethics ordinance, codified as Chapter 2-156 of the Code.

"Fund" means foreign fire insurance tax revenue money deposited in an account determined by the Board as provided in the Act.

- (b) Subject to this section, the Board shall have authority to expend money from the Fund for the maintenance, use, or benefit of the Department in accordance with the Act and the Board's rules. The Board has no authority to expend anticipated foreign fire insurance tax.
- (c) Notwithstanding any other provision of law, the Board shall follow these guidelines when making expenditures from the Fund:

- 1) Pursuant to the Act, 50 percent of the Fund shall be used for the maintenance, use, benefit, or enhancement of fire stations or training facilities, which are: (i) owned, occupied or leased by the City of Chicago; and (ii) used by the active members of the Department.
- 2) Pursuant to the Act, 25 percent of the Fund shall be used for the maintenance, use, benefit, or enhancement of emergency response vehicles, tools, and equipment, which are: (i) owned, occupied or leased by the City of Chicago; and (ii) used by the active members of the Department.
- 3) Pursuant to the Act, the remaining 25 percent of the Fund shall be used for the maintenance and enhancement of the Department and for the use and benefit of the active members of the Department in a manner consistent with all applicable law.
- 4) The Board shall not: (i) maintain or enhance or undertake any work on any building, ground, fleet or equipment that is owned, occupied or leased by the City; or (ii) purchase or lease any vehicle, unless such maintenance, enhancement, work, purchase or lease is undertaken or approved in writing by the Commissioner of Fleet and Facility Management, under his authority in Section 2-51-050.
- 5) Board members shall not be entitled to any compensation or salary from the Fund for the work they perform for the Board.
- 6) All Board purchases shall comply with Sections 8-10-3 and 8-10-4 of the Municipal Purchasing Act for Cities of 500,000 or More Population, codified at 65 ILCS 5/8-10-3 and 65 ILCS 5/8-10-4. In addition, all Board purchases shall be conducted in coordination with the City's Department of Procurement Services and in compliance with procurement laws and procedures applicable to such purchases, including Chapter 2-92 of this Code.
- 7) The Fund is a public fund, and, consistent with Article VIII, Section (1)(a) of the Illinois Constitution, shall be used only for public purposes. The Board shall not use the Fund for the maintenance, use, benefit, or enhancement of any organization or group other than the Department. Any property purchased with expenditures from the Fund shall be the property of the City.
- 8) As required by the Act, all funds provided to and expended by the Board shall be subject to the annual municipal audit to verify that all Board expenditures have been made only for the maintenance, use, or benefit of the Department, in accordance with all applicable law. The Board shall fully and timely comply with the annual municipal audit.
- (d) All Board members shall abide by all applicable laws, including the Ethics Ordinance, in the execution of their roles, responsibilities, and duties within the Board.

- (e) The Board's treasurer shall execute a bond payable to the City in the sum of \$50,000.00, with good and sufficient sureties to be approved by the City Comptroller conditioned for the faithful performance by the treasurer of his or her duties under the Act in accordance with all applicable law.
- (f) The Board is created within the Department and shall be considered part of the City's government, and Board members shall be considered to be City officers for purposes of all applicable provisions of the Code, including Chapter 2-56.
- (g) All Board officials shall annually appear before the City Council Committee on the Budget and Government Operations, at a date, place and time determined by the Committee, for a hearing regarding the Board's expenditure of monies from the Fund. Each year, prior to such hearing, the Commissioner of Fleet and Facility Management shall provide the Board and the Committee on Budget and Government Operations with a list of prioritized maintenance, enhancement, work or equipment needs on which the Board may consider to make expenditures from the Fund.

SECTION 2. Severability.

In the event that any subsection, paragraph, clause, provision or application of this ordinance shall be held invalid by any court, the invalidity of such subsection, paragraph, clause or provision shall not affect any of the remaining provisions hereof.

SECTION 3. This ordinance shall take effect upon its passage and approval.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 05-47 Indirect Costs

The attached information is in response to questions posed at our department's hearing on October 28, 2019 to discuss the proposed 2020 budget.

Alderman Reilly requested that the Office of Budget and Management explore additional revenue through increased recovery of indirect costs from grants to help offset grant matches and increase revenue to the City.

The 2020 Budget Recommendations estimates \$1.76 billion in anticipated grant revenue, \$15 million in estimated indirect cost recovery, and \$8.6 million in required grant cash matches. The grant budget is comprised of 10.3 percent of personnel expenditures and 89.7 percent of non-personnel expenditures. Several factors impact the recovery process, including the actual amount of personnel expenses charged against the budget; the allowability and prospect of securing grantor approval to recover unspent funds for indirect recovery; impact to service delivery and program performance; and the ratio of required cash match funding to the grant award amount. As a result of these factors, each grant must be evaluated separately to determine the indirect cost amount that can be recovered.

The Office of Budget and Management and the Department of Finance continue to evaluate options to maximize the recovery of indirect costs and identify alternative options for grants requiring matches without significant impacts to services. The recovery of indirect costs is governed by federal Uniform Guidance and is based on personnel and fringe costs, requiring an analysis on a grant-by-grant basis to determine the allowability and feasibility of indirect cost recovery. As an example, the City's largest cash match requirement is related to the Department of Justice COPS Hiring program. Local cash matching is critical for maximizing the benefits of that specific program. This program has a statutory non-supplanting requirement which means that the hiring or rehiring of officers must be in addition to, and not in lieu of, officers who otherwise would have been hired or rehired with local funds. In addition, there are other matches that do not include personnel, and therefore cannot recover indirect costs and subsequently cannot cover matching requirements.

As it relates to the utilization of indirect costs to offset the cash match requirements on grant programs, the City reached out to the federal cognizant agent (U.S. Department of Health and Human Services) to confirm whether the City can substitute indirect costs as a source of local match. It was confirmed that the indirect cost revenue recovered is unrestricted and can be used by the City for any purpose. The City records the recovery of indirect costs to the City's Corporate Fund as revenue. The Office of Budget and Management utilizes the funds for general distribution, as such, there is no additional revenue or savings to the City.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 05-48 Water Shut-Off

The information is in response to questions posed at our department's hearing on October 28, 2019 to discuss the proposed 2020 budget.

Alderman Beale requested the cost of suspending water shut-offs. This process performed by the Department of Water Management is a two-step process, posting notification for shut-off and then actual water shut-off.

The average annual revenue from 2015 to 2018 generated by posting properties for shut-off was \$13,892,598. In 2019, prior to the water shut-off moratorium, \$2,302,388 was collected when properties were posted for shut-off. The estimated decrease in posting revenue for 2019 is \$11,590,210.

The average annual revenue from 2015 to 2018 generated by actual water shut-offs was \$3,563,287. The estimated decrease in shut-off revenue for 2019 is \$3,563,287.

Please let me know if you have any further questions.
