Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 84-05 Utility Cuts

The following information is provided in response to questions posed at our department's hearing on October 8, 2021 to discuss the proposed 2022 budget.

Alderman Reilly asked for a list of unrestored right-of-way due to utility/infrastructure cuts in the 42nd Ward for 2019, 2020, 2021 YTD.

1. All 2019 utility cuts should be completely restored.
2. All 2020 utility cuts should have been restored by May 2021 unless they were tied to an existing MOU. The cuts under an existing MOU will be restored per the terms of the MOU.
3. For 2021 cuts, CDOT Arterial Resurfacing Program recently formalized its new contract. CDOT will work with agencies to establish MOUs for cuts where appropriate. The 2021 cuts will be restored by summer 2022.
4. Regarding utility cuts by other City departments, CDOT Infrastructure Management will survey the 42nd ward to identify these cuts and work to get them restored in a timely manner.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 84-07 Zones and Permits

The following information is provided in response to questions posed at our department's hearing on October 8, 2021 to discuss the proposed 2022 budget.

Alderman Reilly asked for outstanding debt owed towards Loading Zones, Standing Zones, and Driveway Permits.

1. Driveways

- a. There is approximately \$3.4 million of outstanding ("non-compliant") debt related to DOT Driveways (periodic) permits issued in IPS (CDOT's permit system).
- b. Please note, the amount of debt is not necessarily the amount that CDOT could collect. For example, if a property borders two streets, the initial property owner may have applied for a driveway permit on one street. The initial owner may have then sold the property, but not informed CDOT of the sale. The new owner then applies for a permit on the second street. Thus, CDOT may invoice both property owners until it discovers the older account should be closed. The invoicing that occurred after the sale cannot be collected from the initial owner. CDOT driveway staff are presently researching non-compliant accounts to determine if outstanding debt can be collected.
- c. In addition, the amount of debt will be paid down as more permittees create accounts with IPS and complete annual payments electronically.

2. Signs

- a. Loading Zones - Approximately \$3.8 million of outstanding ("non-compliant") debt related to sign permits issued for "loading zones."
- b. Standing Zones - Approximately \$700,000 of outstanding ("non-compliant") debt related to sign permits issued for "standing zones."

- c. Similar to driveways, the amount of non-compliant debt is not necessarily money the City can collect. Also similar to driveways, the amount of outstanding money will decrease as permittees begin paying annual fees in the electronic permit system.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 84-13 Public Way

The following information is provided in response to questions posed at our department's hearing on October 8, 2021 to discuss the proposed 2022 budget.

Alderman Hairston asked for a list of all public way citations/fines and when the fines were last updated.

CDOT Division of Infrastructure Management (DIM) does not maintain a table of when fines were last updated. However cutting into the public way and non-compliant obstructions of the public way (the Code sections DIM most frequently writes citations for) were last updated in 2009 and 2008 respectively. Please see Appendix 1 for a list of all the Municipal Code of Chicago (MCC) sections related to citations DIM may issue for non-compliance. In addition, please see the attachment "AH Fine Schedule for 84_13" for Administrative Hearing's fine guideline for DIM citations.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 84-16 Meter

The following information is provided in response to questions posed at our department's hearing on October 8, 2021 to discuss the proposed 2022 budget.

Alderman Tunney asked for the 2020 True-Up for meter outage reconciliation.

CDOT Division of Infrastructure Management (DIM) waives meter fees associated with CDOT permits issued to government agencies and entities working on a City of Chicago contract. For permits issued between January 1, 2020 and December 31, 2020, DIM waived \$1,546,069.68 in meter fees.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 84-18 Public Space

The following information is provided in response to questions posed at our department's hearing on Friday, October 8, 2021 to discuss the proposed 2022 budget.

Alderman Mitts asked for details on CDBG funding programmed for public space activations the 37th ward.

In the spring of 2021, CDOT was allocated CDBG funding through the CARES Act to support public space activations that aid in COVID recovery. CDOT sent a flyer to all Wards in July 2021 soliciting ideas and locations to collaboratively program these funds. CDOT continues to work with interested stakeholders to select and fund individual projects. The Department will reach out to the 37th ward to discuss opportunities to program funds into CDBG-eligible block groups within the Ward. CDOT has identified three categories of investments for this program: sidewalk activations, curbside activations ("People Spots") and enhancements to existing plazas.

As always, please let me know if you have any further questions.

CITY OF CHICAGO

CHICAGO DEPARTMENT OF TRANSPORTATION

MEMORANDUM

To: The Honorable Pat Dowell
Chairman, Committee on the Budget and Government Operations

From: Gia Biagi
Commissioner
Chicago Department of Transportation

CC: Manuel Perez
Mayor's Office of Intergovernmental Affairs

Date: October 12, 2021

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 84-25 Restoration

The following information is provided in response to questions posed at our department's hearing on October 8, 2021 to discuss the proposed 2022 budget.

Alderman Lopez asked for a list of all Residential Restoration projects by Ward and how they were restored.

CDOT Division of Infrastructure Management (DIM) does not maintain data on how work sites were restored. DIM, however, does issue a "Restoration" permit type. Since January 1, 2017, DIM issued 34,866 restoration permits, some of which span multiple wards. See Appendix 1 below for a ward-by-ward description of restoration permits issued. CDOT's requirements for restoration can be found in section 3-26 of the [Rules and Regulations for Construction in the Public Way](#).

As always, please let me know if you have any further questions.

From: Gia Biagi
Commissioner
Chicago Department of Transportation

CC: Manuel Perez
Mayor's Office of Intergovernmental Affairs

Date: October 12, 2021

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 84-28 CMAQ

The following information is provided in response to questions posed at our department's hearing on Friday, October 8, 2021 to discuss the proposed 2022 budget.

Alderman Vasquez asked for additional details on the programming of funds to CDOT through the Congestion Mitigation and Air Quality Improvement Program (CMAQ). The following funds have been approved by the CMAP project selection committee for CMAQ through Federal Fiscal Year 2026 .

- State/Lake Loop elevated station reconstruction: \$170,400,000
- Electric vehicle fleet project: \$15,507,000
- Wireless traffic signal interconnects: \$1,600,000
- Bikeways implementation phase VIII: \$800,000
- Chicago Pedway reconstruction and wayfinding system replacement: \$510,705
- Traffic management center (ATMS) added functions: \$400,000

CMAQ is a competitive criteria-based program for federal funding that is administered by the Chicago Metropolitan Agency for Planning (CMAP). The above awarded amounts are based on these projects scoring highly within the eligible CMAQ project types (e.g. transit improvements, direct emissions reductions, bike facilities, traffic flow improvements) for cost effectiveness of air improvements.

As always, please let me know if you have any further questions.

CITY OF CHICAGO

CHICAGO DEPARTMENT OF TRANSPORTATION

MEMORANDUM

To: The Honorable Pat Dowell
Chairman, Committee on the Budget and Government Operations

From: Gia Biagi
Commissioner
Department of Transportation

CC: Manuel Perez
Mayor's Office of Intergovernmental Affairs

Date: October 12, 2021

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 84-30 Capital Projects

The following information is provided in response to questions posed at our department's hearing on October 8, 2021, to discuss the proposed 2022 budget.

Alderman Lopez asked for a list of all capital funds spent by Ward.

Attached is a list by Ward of all capital projects for 2021 and 2022.

As always, please let me know if you have any further questions.

CITY OF CHICAGO

CHICAGO DEPARTMENT OF TRANSPORTATION

MEMORANDUM

To: The Honorable Pat Dowell
Chairman, Committee on the Budget and Government Operations

From: Gia Biagi
Commissioner
Department of Transportation

CC: Manuel Perez
Mayor's Office of Intergovernmental Affairs

Date: October 12, 2021

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 84-31 Pavement

The following information is provided in response to questions posed at our department's hearing on October 8, 2021, to discuss the proposed 2022 budget.

Alderman Lopez asked for pavement condition information for streets by Ward.

Attached is a list by Ward of the pavement condition for arterial and residential streets.

As always, please let me know if you have any further questions.

**Streets that form boundaries between wards are accounted for multiple times - once per ward.

Mileage by pavement condition based on preliminary processing. Discrepancies or omissions may exist in this dataset.

Arterial Street Condition Ratings: Mileage summary includes all jurisdictions within Ward (IDOT, CCDOTH, CDOT) and only represents the AR program streets (arterial and collector streets). Lower functional classes are not included. Based on IDOT Non-Interstate TAMP and measured using Automated CRS Ratings

Good (9-7.5)

Fair (7.4-5.1)

Poor (5.0 - 3.6)

Very Poor (<3.5-0)

Residential Street Condition ratings as of summer 2020

Each ward line includes all streets in that ward, both interior streets and ward boundary streets. So boundary streets are accounted for multiple times - once per ward.

**Streets that form boundaries between wards are accounted for multiple times - once per ward.

Mileage by pavement condition based on preliminary processing. Discrepancies or omissions may exist in this dataset.

Arterial Street Condition Ratings: Mileage summary includes all jurisdictions within Ward (IDOT, CCDOTH, CDOT) and only represents the AR program streets (arterial and collector streets). Lower functional classes are not included. Based on IDOT Non-Interstate TAMP and measured using Automated CRS Ratings

Good (9-7.5)

Fair (7.4-5.1)

Poor (5.0 - 3.6)

Very Poor (<3.5-0)

Residential Street Condition ratings as of summer 2020

Each ward line includes all streets in that ward, both interior streets and ward boundary streets. So boundary streets are accounted for multiple times - once per ward.
