Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 91-01 Capital Budget

The attached information is in response to questions posed at our department's hearing on October 8, 2021 to discuss the proposed 2022 budget.

Alderman Cappleman requested a comparison of the CPL capital budget to other major cities, such as Los Angeles and Houston. As discussed during our hearing, CPL has approximately \$32 million in state grants allocated directly to projects at specific library locations through the 2022 budget. This money will be spent over the next few years.

Please also see a breakdown of state capital funds utilized by Chicago Public Library. It is important to note that these numbers do not include ADA upgrades, deferred maintenance, and smaller-scale improvements through AIS. The following expenditures represent state capital funding for CPL projects in recent years:

2015 = \$1,068,854 2016 = \$1,693,572 2017 = \$6,413,817 2018 = \$762,651 2019 = \$936,406

2020 = \$3,063,594

Below, you will find breakdowns of capital budgets for Houston, Los Angeles and New York. Please note that these numbers are listed as they appear in the publicly accessible budget documents. We have not been able to confirm any specifics, nor do we know how the municipal budgets are structured in these cities.

#### Houston

2018 = \$2,797,000 2019 = \$8,969,000 2020 = \$3,980,000 2021 = \$2,284,000 2022 = \$2,257,000 Total 2018-2022 = \$20,287,000

## Los Angeles

Per their 2021-22 Proposed Budget for the City, Los Angeles has a Capital Budget of about \$680,000 for FY2022.

## New York City

The New York Public Library's Fiscal 2022-2025 Preliminary Capital Budget includes \$217.3 million for the fiscal years 2022-2025, broken down as follows:

2022 = \$2,010,000 2023 = \$43,794,000 2024 = \$39,225,000

2025 = \$132,283,000

Total 2021-2024 = \$217,312,000

**Re:** Request for Information from Annual Appropriation Committee Hearing

ID#: 91-02 Vendor

The attached information is in response to questions posed at our department's hearing on October 8, 2021, to discuss the proposed 2022 budget.

Alderman King requested a list of all CPL vendors and the amount for each vendor, delineated by demographics. Please see the attached.

Please note that the \$14.7 million in CPL expenditures discussed during the budget hearing represents only expenditures directly managed by Chicago Public Library. The lines highlighted in yellow in the attached represent citywide and Chicago Public Library contracts. Many of the additional expenditures are to specialty vendors in the publishing industry. While progress is slowly being made, diversity is a significant issue in the industry, and we do prioritize purchasing culturally relevant materials. A portion of our direct payment also fund local program honorariums, many to people of color who do not have minority business designations.

The Harold Washington Library Center management contract is not represented in the \$14.7 million because AIS is the contract lead. However, we are adding these numbers to the attached spreadsheet, as this represents a significant portion of our investment. Please don't hesitate to reach out with any additional questions.
