Other priorities identified by the community

Streetscape visioning

Public Realm Improvements

Improvements to the streets and public spaces along these Back of the Yards corridors should provide public gathering space and promote a vibrant business district, features that will complement and attract development to the area and enhance the surrounding neighborhood for existing and future residents.

Streetscape elements:

- Lighting
- Trees
- Planters
- Pavement markings
- Benches
- Bike racks
- Trash receptacles

City of Chicago

DISCUSSION

What are some priorities or project ideas in the INVEST South/West program area that you think we should focus on?

Wishing you a safe and happy holiday season!
