

ORDINANCE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

SECTION 1. Title 16 of the Municipal Code of Chicago is hereby amended by deleting Chapter 16-8 in its entirety and substituting a new Chapter 16-8 in lieu thereof, as follows:

16-8-010 Title.

This chapter shall be known and may be cited as the “Industrial Corridor System Fund Ordinance.”

16-8-020 Definitions.

For purposes of this chapter, the following definitions shall apply:

“Commissioner” means the commissioner of planning and development.

“Conversion areas” are geographic areas within the *industrial corridor system* identified for potential zoning and/or other land use changes or modifications in a plan approved by the Chicago Plan Commission or city council and designated pursuant to Sec. 16-8-030.

“Conversion fee” means the fee collected by the city to mitigate impacts to the *industrial corridor system* caused by the *rezoning* of land within *conversion areas*.

“Department” means the department of planning and development.

“Development site” means a *zoning lot*, or portion thereof, within a *rezoned area* for which a building permit is being issued.

“Industrial corridor” is defined in Sec. 17-17-0274.

“Industrial corridor system” means, collectively, all of the city’s *industrial corridors*, as the same may be designated or amended from time to time.

“Industrial establishment” is defined in Sec. 17-17-0275.

“Industrial use” means any use in the Industrial Use Group under Sec. 17-17-0105.

“Net site area” means the entire land area within the boundaries of a *development site*, less the area of all land required or proposed for public use, provided such public use area is not counted as net site area for the purpose of calculating *floor area ratio* or other bulk and density regulations.

“Planned development” is defined in Sec. 17-17-02120.

“PMD zoning district classification” means a district that has been designated as a *planned manufacturing district*, as defined in Sec. 17-17-02121. The term *PMD zoning district classification* shall also be deemed to include any *planned development* where the zoning district classification applicable to the subject property immediately before approval of the *planned development* (i.e., the underlying zoning district) was PMD.

“Pre-PMD zoning district classification” means the zoning district classification which was in effect for an area of land within a *conversion area* immediately before such land was zoned PMD or, if such prior zoning district classification no longer exists, then the equivalent zoning district classification as indicated in Sec. 17-1-1406.

“Receiving corridors” means those industrial corridors, or portions of industrial corridors, in which the primary sources of jobs are in *industrial use* categories, based on U.S. census data for manufacturing, utilities, construction, wholesale trade, transportation and warehousing, and administrative and support and waste management services, or other applicable data. As of the effective date of this ordinance, eligible receiving corridors are: Armitage, Brighton Park, Burnside, Calumet, Elston/Armstrong, Greater Southwest, Harlem, Kennedy, Kinzie, Knox, Little Village, Northwest, Northwest Highway, Peterson, Pilsen, Pulaski, Pullman, Roosevelt/Cicero, Stevenson, Stockyards, West Pullman, Western/Ogden, and Wright Business Park.

“Rezoned area” means an area of land within a *conversion area* that (1) is initially rezoned from its *PMD zoning district classification* to its *pre-PMD zoning district classification*, and then (2) is rezoned by a property owner or other authorized applicant from its *pre-PMD zoning district classification* to any other zoning district classification, except POS, T or another M district. A *rezoned area* may consist of one or more *zoning lots*.

“Rezoning” means the rezoning of an area of land within a *conversion area* (1) initially from its *PMD zoning district classification* to its *pre-PMD zoning district classification*, and (2) then from its *pre-PMD zoning district classification* to any other zoning district classification, except POS, T or another M district, by the property owner or other authorized applicant.

“Zoning lot” is defined in Sec. 17-17-02197.

16-8-030 Conversion areas.

The following *conversion areas* are established:

(a) North Branch Industrial Corridor Conversion Area. The North Branch Industrial Corridor Conversion Area is established pursuant to the *North Branch Framework* adopted by the Chicago Plan Commission on May 18, 2017, and consists of all parcels with a *PMD zoning district classification* in Subdistrict A and Subdistrict C in the North Branch Corridor Overlay district, Sec. 17-7-0400, immediately prior to the effective date of this chapter.

16-8-040 Industrial corridor system fund.

A separate fund is hereby established and designated the Industrial Corridor System Fund into which 100% of the funds collected from any *rezoning* under this chapter will be deposited. The revenues of the Industrial Corridor System Fund shall be reserved and utilized exclusively in accordance with this chapter.

16-8-050 Purpose.

The purpose of this chapter is to mitigate the loss of industrial land and facilities in *conversion areas* by generating funds for investment in *receiving corridors* in order to preserve and enhance the city’s industrial base, support new and expanding *industrial uses*, and ensure a stable future for manufacturing and industrial employment in Chicago. The legislative intent of this chapter is to promote the city’s vital interests in job creation and a diversified economy.

16-8-060 Industrial corridor system.

The Industrial Corridor System Fund shall be used solely for projects located in *receiving corridors*.

16-8-070 Applicability.

The provisions of this chapter shall apply to all *rezonings* in *conversion areas*.

16-8-080 Conversion fee formula.

(a) The *conversion fee* shall be calculated as follows:

$$\text{Fee} = \text{Industrial site replacement need (square feet)*} \times \text{Industrial site replacement cost (per square foot)**} \times \text{Developer's share***}$$

* Industrial site replacement need = *Net site area of development site* (square feet)

** Industrial site replacement cost (per square foot) = Median citywide industrial land acquisition cost (per square foot) + Average cost of building rehabilitation and site preparation of industrial property (per square foot) + Average cost of environmental remediation (per square foot) + Typical cost of industrial street rehabilitation (per square foot)

*** Developer’s share = 25%

(b) The *conversion fee* required to be paid under this chapter shall be the fee in effect at the time of payment.

(c) The commissioner is responsible for updating the industrial site replacement cost at least once every five years.

16-8-090 Timing of payment of fees.

(a) The *conversion fee* is payable in full prior to the issuance of the first building permit for any building or buildings on a *development site*; provided, however, if the *development site* is a *planned development*, and the *planned development* is being constructed in phases, the *conversion fee* shall be paid on a pro rata basis as the first building permit for each subsequent new building or phase of construction is issued. The amount of the *conversion fee* due prior to the issuance of a building permit in a *planned development* that is being developed in phases shall be calculated by multiplying the *conversion fee* due for the *planned development* as a whole by a fraction, the numerator of which is the amount of floor area in the building or buildings for which the permit is then being issued and the denominator of which is the total amount of floor area approved in the *planned development* (calculated as the total maximum *floor area ratio* in the *planned development* multiplied by the total *net site area* in the *planned development*), as follows:

<i>Conversion fee</i> due at the time of issuance of a building permit for construction in a <i>planned development</i> *	=	<i>Conversion fee</i> for <i>planned development</i> as a whole**	x	Floor area approved for construction in building permit for applicable building or phase ÷ maximum floor area approved for construction in <i>planned development</i> as a whole***
---	---	---	---	---

* Each payment is due prior to the issuance of the first building permit for any building or buildings in the *planned development*.

** The total *conversion fee* shall be determined by calculating the *net site area* of the *planned development* (square feet), times the fee rate in effect at the time of building permit issuance, times the developer’s share, as calculated pursuant to Sec. 16-8-080(a), as the same may be adjusted in accordance with Sec. 16-8-080(b). Since the *conversion fee* is calculated at the time of building permit issuance, not at the time of *rezoning*, the amount of the fee may change over time.

*** Maximum floor area is calculated as the total maximum *floor area ratio* in the *planned development* multiplied by the total *net site area* in the *planned development*.

(b) The applicant shall file with the department, on such form as the department may develop, a report indicating the number of gross square feet in the *development site*, the *net site area* of the *development site*, and any other information the department may require to determine the applicant’s obligation to pay the *conversion fee*.

16-8-100 Recorded notice.

Upon a *rezoning* of land within a *conversion area*, the department may record, or require the applicant to record, a notice against the *rezoned area* or any portion thereof to ensure that the requirements of this chapter are enforced. The notice shall include (a) an accurate legal description of the *rezoned area* or any portion thereof, (b) a statement that future development is subject to the *conversion fee*; (c) a statement that the amount of the *conversion fee* will be determined in accordance with this chapter; and (d) a statement that if the *conversion fee* is not paid, the department may impose a lien on the *rezoned area*, or the applicable portion thereof, in accordance with Sec. 16-8-110. After the *conversion fee* for any *development site* or portion thereof has been paid, the commissioner shall have the authority to release the notice against such *development site*, or the applicable portion thereof, upon the applicant's request and without further city council action.

16-8-110 Lien proceedings.

If, for any reason, a building permit for a *development site* is issued prior to the applicant paying the *conversion fee* due and owing, the department may institute lien proceedings to recover the entire unpaid balance of the *conversion fee*, plus interest and reasonable attorneys' fees and costs, including the reasonable value of any services rendered by the corporation counsel or his assistants or any consultants, agents or employees of the city.

16-8-120 Use of funds.

The Industrial Corridor System Fund may be used for the following costs when they are necessary or desirable for the preservation, development and/or growth of *industrial uses* in *receiving corridors*:

- (a) costs to acquire land and buildings;
- (b) costs for environmental site assessment and remediation;
- (c) costs to demolish substandard, obsolete, or vacant buildings;
- (d) costs to rehabilitate or repurpose underutilized or out-of-date industrial buildings;
- (e) costs to provide key support infrastructure; and
- (f) administrative, reporting, and monitoring costs and expenses of the Industrial Corridor System Fund, provided such costs and expenses may not exceed 5% of the Fund.

16-8-130 Option for In-Kind Contribution.

In lieu of the required cash contribution to the Industrial Corridor System Fund, applicants may propose to undertake eligible projects themselves, including, without limitation, the acquisition, remediation or rehabilitation of industrial land or buildings for the relocation of *industrial establishments* from *conversion areas* to suitable replacement sites in *receiving*

corridors. The department shall review proposals on a case-by-case basis. If the department approves the proposal, the applicant shall submit project documentation, including but not limited to, detailed site-specific cost estimates for the project, appropriate drawings, detailed construction commitments, a construction schedule, and a performance bond for completion of the improvements, if applicable. If the estimated budget for the project exceeds the applicant's required cash contribution, the department may distribute funds from the Industrial Corridor System Fund to the applicant to perform additional work associated with the project on behalf of the City or applicable sister agency, subject to city council approval.

16-8-140 Criteria for Prioritization of Projects.

Priority will be given to projects that:

- (a) directly facilitate or enable the construction of a facility for a specific new or expanding *industrial use*;
- (b) create or retain jobs for city residents;
- (c) eliminate severe, long-term barriers to reuse of vacant or underutilized industrial land and facilities, such as environmental contamination;
- (d) are located in areas targeted for investment by the department in its economic development strategy;
- (e) commit to hiring residents of *qualified investment areas*, as defined in Sec. 16-14-020;
- (f) show a clear path to financial closing and construction start; and
- (g) are economically viable and sustainable.

16-8-150 Administration.

(a) The department shall administer the Industrial Corridor System Fund and all projects funded under this chapter. Any grant or loan of funds for a private project shall require city council approval and shall be subject to jobs covenants and other covenants, conditions and restrictions to ensure that the funds are devoted to the purpose described in this chapter.

(b) The commissioner is authorized to prescribe application forms and other forms necessary to collect relevant information concerning participants and projects utilizing the Industrial Corridor System Fund, and to adopt such rules as the commissioner may deem necessary for the proper implementation, administration, and enforcement of this chapter, including without limitation, rules setting forth criteria and guidelines for the selection of projects and disbursement of funds in a fair and equitable manner. The commissioner is further authorized, subject to the availability of duly appropriated funds, to negotiate and enter into contracts from time to time with outside providers to assist in administering this chapter. The

contracts authorized by this section may contain terms that the commissioner determines to be reasonable and appropriate, including terms governing reasonable compensation.

(c) The commissioner shall post on the department’s website an annual report detailing the receipt and expenditure of funds from the Industrial Corridor System Fund.

SECTION 2. Section 17-1-1500-A of Title 17 of the Municipal Code of the City of Chicago (the “Chicago Zoning Ordinance”) is hereby amended by deleting the struck-through language and inserting the underscored language, as follows:

17-1-1500-A For the purpose of establishing new downtown (“D”) zoning districts, the downtown area is defined as an area bounded by: Division Street; Lake Michigan; the Stevenson Expressway; the CTA red line right-of-way; Cermak Road; Stewart Avenue; the South Branch of the Chicago River; 16th Street; the Dan Ryan Expressway; the Eisenhower Expressway; Ashland Avenue; Ogden Avenue; Carroll Avenue; Sangamon Street; Wayman Street; Halsted Street; the Kennedy Expressway; Ogden Avenue; Chicago Avenue; the Union Pacific Railroad northwest line right-of-way; Ohio Street; Desplaines Street; Kinzie Street; the North Branch of the Chicago River; North Halsted Street; and the North Branch Canal.

SECTION 3. The table in Section 17-3-0207 of the Chicago Zoning Ordinance is hereby amended by deleting the struck-through language and inserting the underscored language, as follows:

SECTION 4. Section 17-4-1005-C of the Chicago Zoning Ordinance is hereby amended by deleting the struck-through language and inserting the underscored language, as follows:

17-4-1005-C Use of Funds. All funds deposited in the Local Impact Fund shall be used for specific improvements located within one mile of the *planned development* site, if the *planned development* ordinance identifies specific improvements. Funds derived from multiple *planned developments* can be used for a common local improvement project, provided such project is located within one mile of each *planned development* site. If the *planned development* ordinance does not identify specific improvements, then the Department of Planning and Development, in consultation with the alderman of the ward in which the *planned development* site is located,

may allocate such funds to eligible improvements located anywhere in the downtown area. The Local Impact Fund may be used to finance improvements in the following categories:

1. Off-Site Park and Open Space. Local impact funds may be distributed to the Chicago Park District, the Chicago Department of Transportation, or another City department or sister agency, or an applicant providing in-kind improvements in accordance with Sec. 17-4-1005-E, to support the creation or improvement of pocket parks, improvements to the Chicago Riverwalk, or other public park spaces, including planning and design costs.

2. Pedestrian, Streetscape, and Infrastructure Improvements. Local impact funds may be distributed to the Chicago Department of Transportation or another City department or sister agency, or an applicant providing in-kind improvements in accordance with Sec. 17-4-1005-E, to support pedestrian, streetscape, and infrastructure improvements that the applicant is not otherwise obligated to undertake, including planning and design costs. Qualifying pedestrian, streetscape, and infrastructure improvements may include, without limitation, raised planters, special pavers, decorative or historic *street* lighting, pedestrian lighting, *flag* and *banner* poles, hanging baskets, bicycle infrastructure and facilities, and bridge house improvements. Plans should demonstrate the maximum use of trees without obstructing the *public way* or views of retail uses. *Street* lighting components should be selected from the City's lighting palette. Pavement treatments and materials should reflect those generally used in the immediate area.

3. Transit Infrastructure Improvements. Local impact funds may be distributed to the Chicago Transit Authority, the Chicago Department of Transportation, or another City department or sister agency, or an applicant providing in-kind improvements in accordance with Sec. 17-4-1005-E, to support improvements to transit stations and other public transit infrastructure, including planning and design costs. Qualifying improvements may include, without limitation, new access easements, improvements, remediation and repairs to connecting passageways, mezzanines, concourse areas, tracks, and other public transit structures and facilities.

4. Local Adopt-a-Landmark. Local impact funds may be distributed to *property owners* of buildings, structures, works of art, or other objects that have been designated as “Chicago Landmarks” under the Chicago Landmarks Ordinance, or have been identified as contributing to the historic or architectural significance of any district designated as a “Chicago Landmark” under the Chicago Landmarks Ordinance, to support specific restoration projects, subject to the criteria and guidelines set forth in Sec. 17-4-1006.

5. Public Buildings. Local impact funds may be distributed to the Public Building Commission of Chicago, the Chicago Public Library or another City department or sister agency, or an applicant providing in-kind improvements in accordance with Sec. 17-4-1005-E, to support the construction of new, or the expansion or rehabilitation of existing, public buildings and facilities, including planning and design costs.

(Omitted text is unaffected by this ordinance.)

17-4-1005-E Option for In-Kind Provision of Local Improvements. In lieu of the required cash contribution to the Local Impact Fund, the *planned development* ordinance may provide for applicants to undertake specific local improvement projects, including infrastructure improvements, themselves. The Department of Planning and Development shall review proposals for in-kind improvements on a case-by-case basis in consultation with the alderman of the ward in which the *planned development* site is located. If the Department of Planning and Development, after consultation with the alderman of the ward in which the *planned development* site is located, approves the proposal, the applicant shall submit project documentation, including but not limited to, detailed site-specific cost estimates for the improvements, appropriate drawings, detailed construction commitments, a construction schedule, and a performance bond for completion of the improvements. If the estimated budget for the local improvement project exceeds the applicant’s required cash contribution, the Department of Planning and Development may distribute funds from the Local Impact Fund to the applicant to perform additional work associated with the project on behalf of the City or applicable sister agency, subject to city council approval.

SECTION 5. The table in Section 17-5-0207 of the Chicago Zoning Ordinance is hereby amended by deleting the struck-through language and inserting the underscored language, as follows:

17-6-0403-G Supplemental Use Standards. In addition to the use standards listed in Sec. 17-9-0100 of this ordinance, the following Supplemental Use standards also shall apply where specifically indicated.

1. Artist Work Space. Galleries, showrooms and sales spaces shall not be larger than 4,000 square feet.

2. Business Support Service. Copying and reproduction services as a principal use shall not be larger than 3,000 square feet, provided that this floor area limit does not apply (a) to projects which reuse an existing building, and (b) in B subdistricts, except PMD 4B.

3. Urban Farm. Sales on site are limited to sales of goods produced on site, and sales space shall not occupy more than 3,000 square feet.

4. Construction Sales and Service. Building material sales uses shall have a maximum customer accessible retail sales area of not more than 20% of gross floor area, provided that this floor area limit does not apply in B subdistricts, except in PMD-4B.

5. Eating and Drinking Establishments. Eating and drinking establishments shall not be larger than 4,000 square feet and shall not provide entertainment, except that: (a) in PMD 3, the maximum floor area limit is 8,000 square feet, there is no entertainment restriction, and the Zoning Board of Appeals is authorized to increase the maximum floor area to 12,000 square feet if reviewed and approved in accordance with the special use procedures of Sec. 17-13-0900; and (b) these floor area and entertainment limits do not apply in B subdistricts, except in PMD 4B.

6. Financial Service. Financial service uses shall not be larger than 3,000 square feet, except that: (a) in PMD 9, the maximum floor area limit is 6,000 square feet for lots abutting West North Avenue; and (b) this floor area limit does not apply in B subdistricts, except in PMD 4B.

7. Food and Beverage Retail Sales. Food and beverage retail sales uses shall not be larger than 3,000 square feet, except that: (a) in PMD 3, the maximum floor area limit is 8,000 square feet; (b) in PMD 8, the maximum floor area limit is 6,000 square feet on lots abutting South Halsted Street north of Pershing Road; and (c) this floor area limit does not apply in B subdistricts, except in PMD 4B.

8. Medical Service Medical service uses shall not be larger than 9,000 square feet, provided that this floor area limit does not apply (a) to projects which reuse an existing building, and (b) in B subdistricts, except PMD 4B.

9. Office. Office uses shall not be larger than 9,000 square feet, provided that this floor area limit does not apply (a) to projects which reuse an existing building or are accessory to an

allowed industrial use, (b) in PMD 2, PMD 3 and PMD 5, and (c) in B subdistricts, except PMD 4B.

10. Personal Service. Personal service uses shall not be larger than 3,000 square feet, except that: (a) in PMD 3, personal service uses shall not be larger than 8,000 square feet; and (b) this floor area limit does not apply in B subdistricts, except PMD 4B.

11. Repair or Laundry Service, Consumer. Consumer repair or laundry service uses shall not be larger than 3,000 square feet, provided that this floor area limit does not apply in B subdistricts, except PMD 4B.

12. Retail Sales, General. General retail sales are limited to incidental sales of goods produced on site, and retail space shall not occupy more than 3,000 square feet or 20% of the total gross floor area, whichever is less, provided that this floor area limit does not apply in B subdistricts, except PMD 4B.

13. Auto Supply/Accessory Sales. Auto supply/accessory sales uses shall not be larger than 3,000 square feet, provided that this floor area limit does not apply in B subdistricts, except PMD 4B.

14. RVs or Boat Storage. In PMD 6, boat storage is permitted only on sites of 10 acres or more located on the Calumet River north of East 100th Street.

15. Manufacturing, Production and Industrial Service. In PMD 2, intensive manufacturing, production and industrial service uses are limited to asphalt plants and concrete plants only.

SECTION 7. Chapter 17-7 of the Chicago Zoning Ordinance is hereby amended by adding a new Section 17-7-0400, as follows:

17-7-0400 North Branch Corridor Overlay District.

17-7-0401 Purpose.

17-7-0401-A The North Branch Corridor Overlay district (NBCO) regulations supplement the zoning regulations that apply under a property’s base zoning district. The general purpose and intent of the NBCO is to help:

1. maintain and permit critical service uses;
2. preserve and enhance open space and recreational opportunities along the North Branch of the Chicago River;
3. retain and modernize existing *planned manufacturing district* (PMD) zoning in some areas;
4. facilitate and guide land use transitions from the area's former PMD zoning in some areas; and
5. accommodate and promote compatible mixes of office, industrial, commercial and/or residential uses.

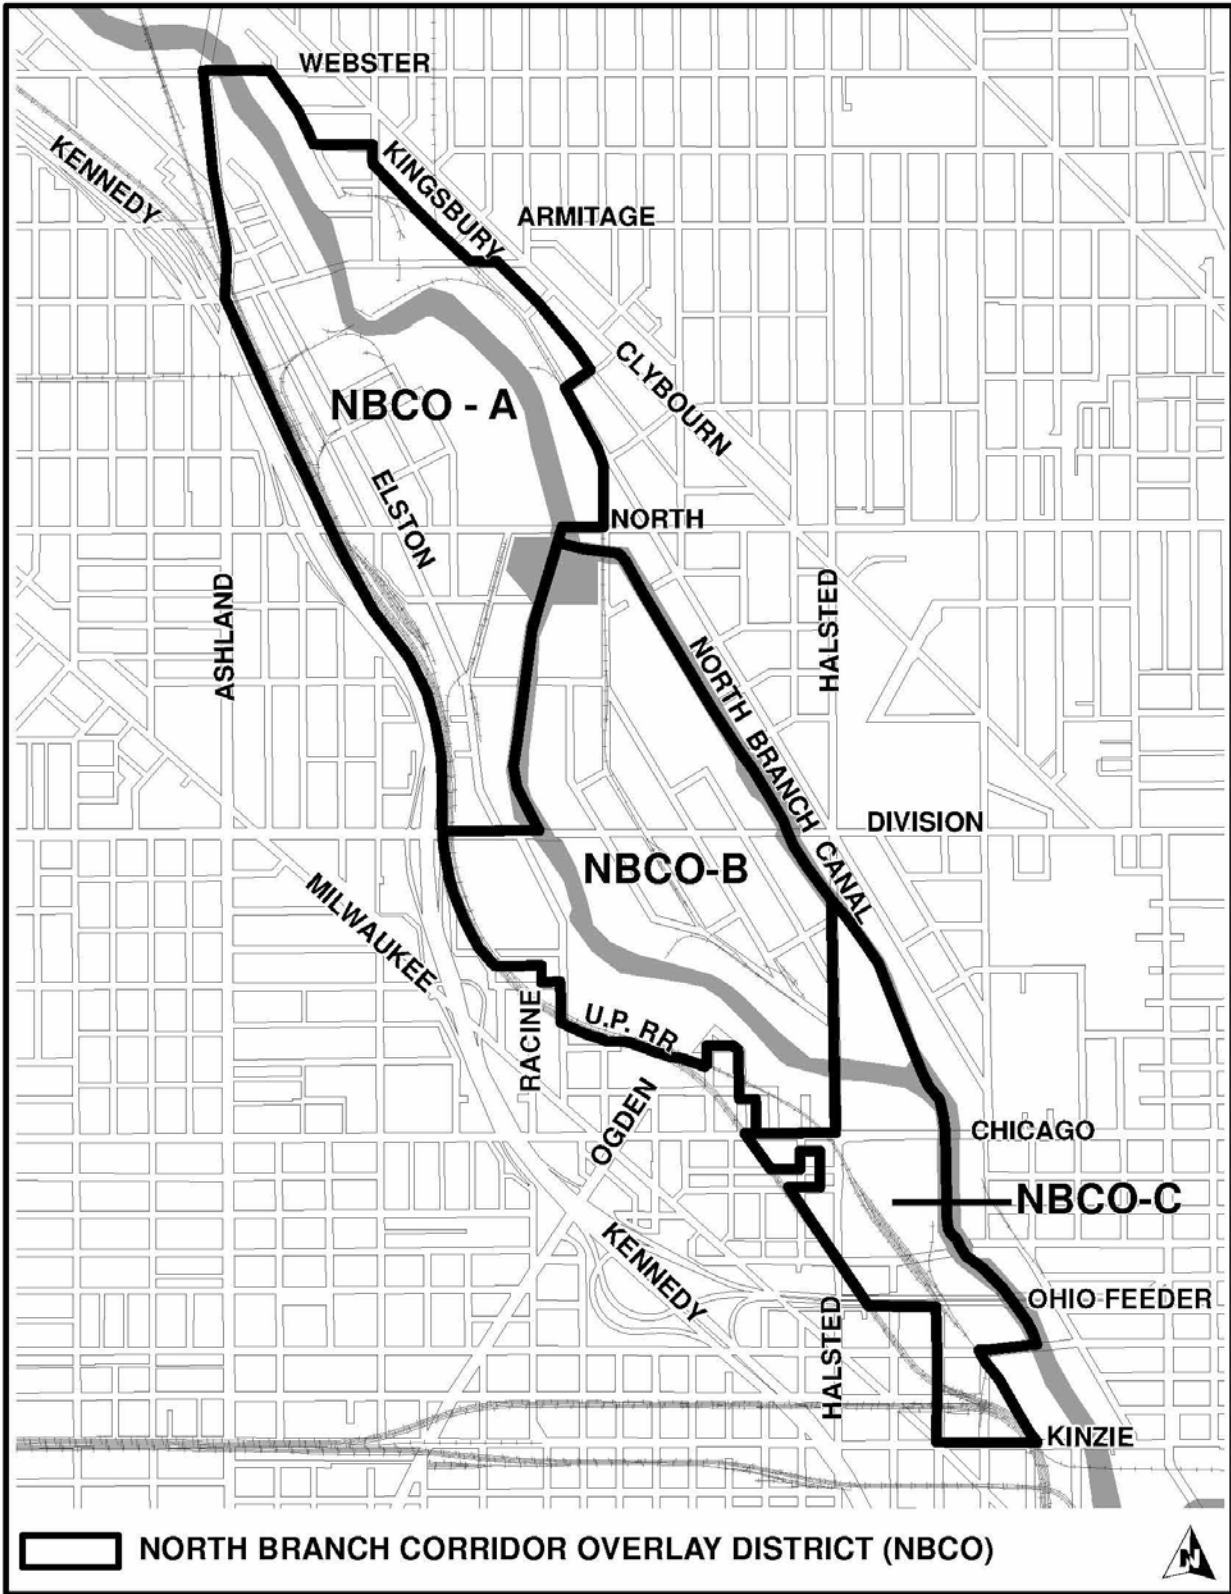

17-7-0401-B When these overlay district regulations conflict with applicable base district or other regulations of this Zoning Ordinance, the regulations of the overlay district shall govern. When no overlay district regulations are specified, the base district regulations and all other applicable regulations of this Zoning Ordinance govern, unless otherwise more specifically regulated, including, without limitation, by a *planned development*.

17-7-0402 Boundaries.

17-7-0402-A The overlay district regulations of this Sec. 17-7-0400 apply to all property within an area generally bounded by West Webster Avenue on the north, North Kingsbury Street or the east bank of the North Branch Canal on the east, West Kinzie Street on the south and the Union Pacific Railroad on the west. The area is further divided into the following subdistricts:

1. NBCO-A, North subdistrict;
2. NBCO-B, Central subdistrict; and
3. NBCO-C, South subdistrict.

Figure 17-7-0402-A

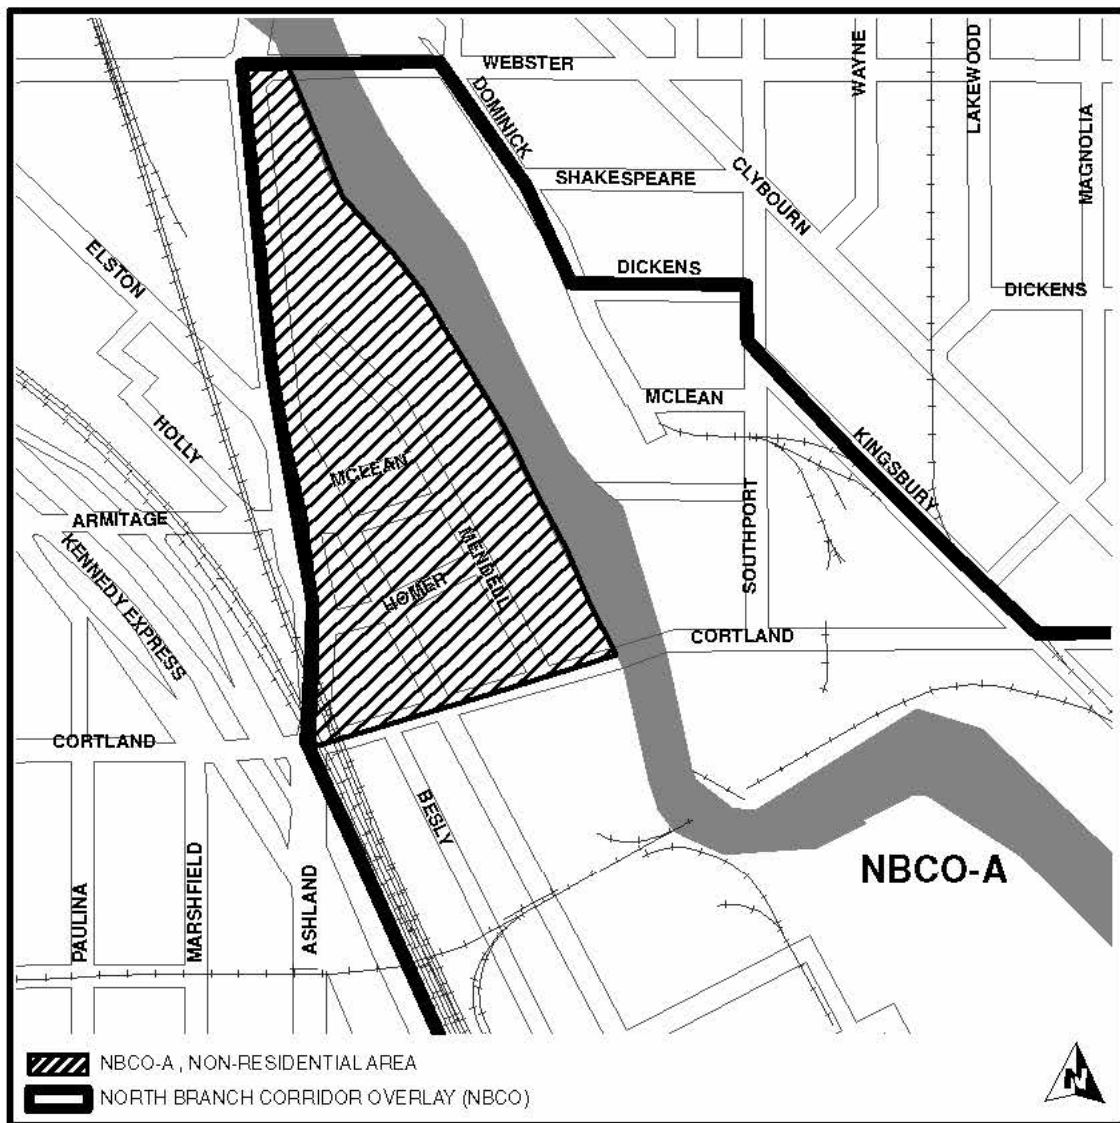

17-7-0402-B References to the “NBCO” are references to all subdistricts unless otherwise expressly stated.

17-7-0403 Uses. Properties within the NBCO are subject to the use regulations of the base zoning district except that residential uses are prohibited within designated areas. The designated areas, which may be amended from time to time, are as follows:

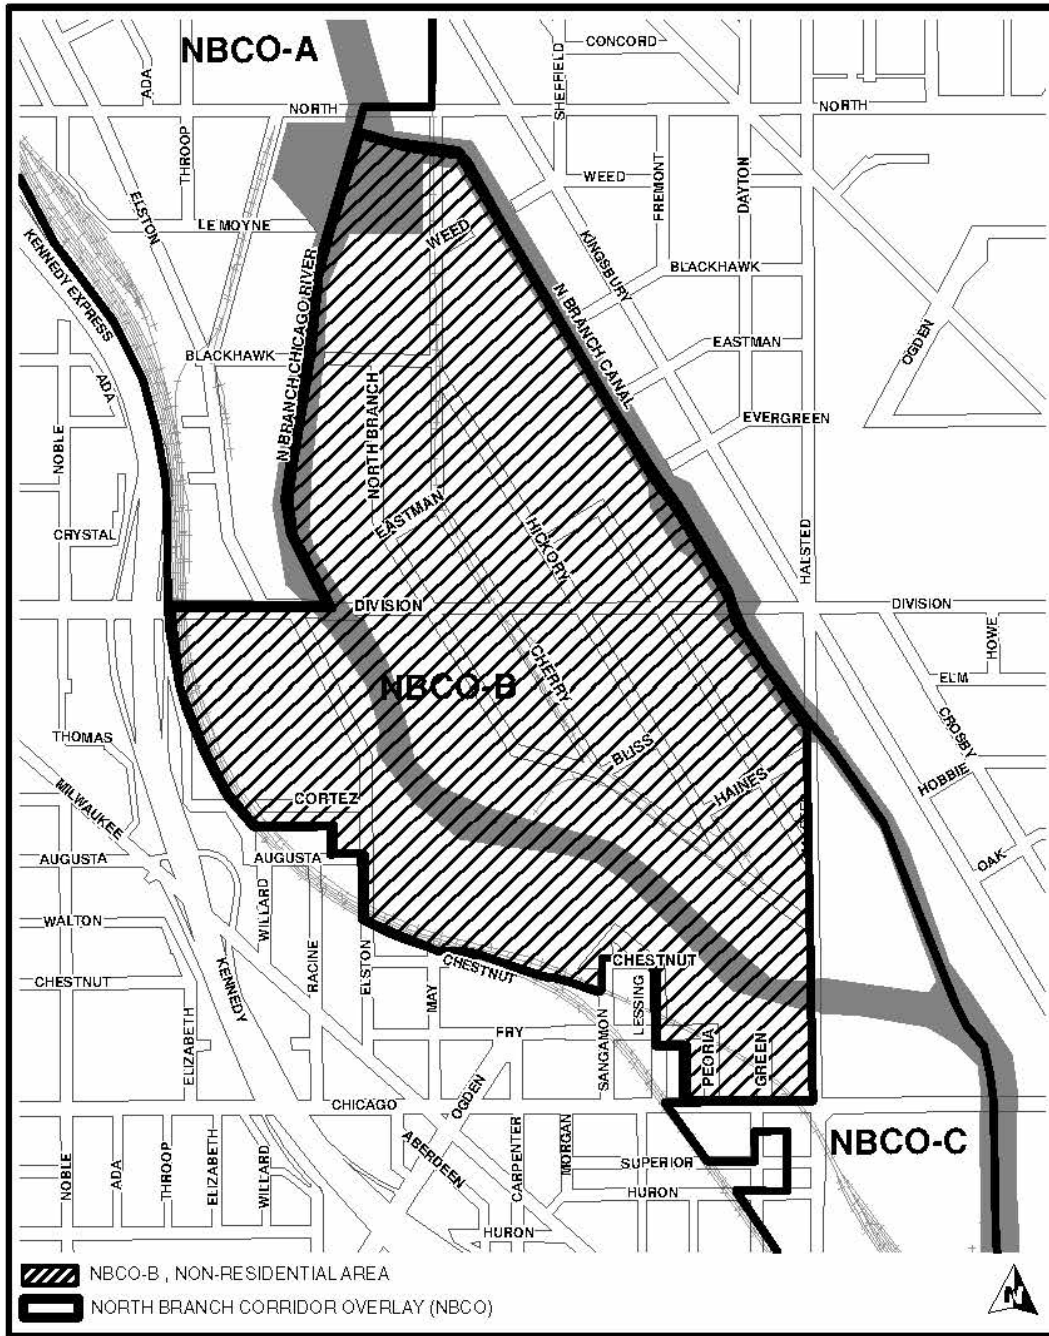

17-7-0403-A NBCO-A Land Use Buffers. Residential uses are prohibited in the portion of the NBCO-A subdistrict defined by the following boundaries: West Webster Avenue; the North Branch of the Chicago River; West Cortland Avenue; and North Ashland Avenue.

Figure 17-7-0403-A

17-7-0403-B NBCO-B. Residential uses are prohibited in NBCO-B subdistrict.

Figure 17-7-0403-B

17-7-0403-C NBCO-C Land Use Buffers. Residential uses are prohibited in the following portions of the NBCO-C subdistrict:

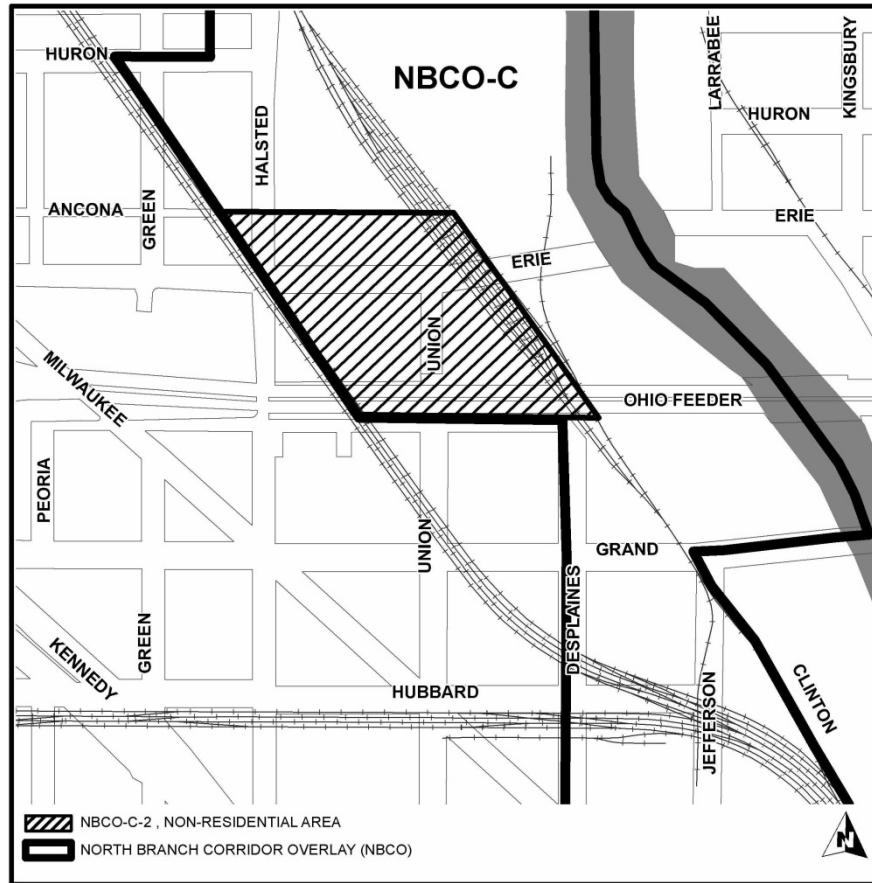

1. Buffer Area C-1, defined by the following boundaries: The North Branch of the Chicago River; a line 131 feet east of and parallel to the east line of North Halsted Street; the centerline of the public alley next south of and parallel to West Chicago Avenue and said line extending east where no alley exists; the northeast line of the Union Pacific Railroad right-of-way; West Chicago Avenue; and North Halsted Avenue.

Figure 17-7-0403-C-1

2. Buffer Area C-2, defined by the following boundaries: West Ancona Street or the centerline of West Ancona Street extending east where no street exists; the southwest line of the Union Pacific Railroad right-of-way; West Ohio Street; and the northeast line of the Union Pacific Railroad (Metra) right-of-way.

Figure 17-7-0403-C-2

17-7-0404 Indoor/Outdoor Operations. In all DS, M and PMD districts, all new or expanded principal and accessory Industrial Use Group uses, as defined in Sec. 17-17-0105, including storage and work areas, must be located within completely enclosed buildings. Existing unenclosed uses may remain, subject to the screening requirements of Sec. 17-5-0600.

17-7-0405 Rezoning. The rezoning provisions of this Sec. 17-7-0405 apply to all rezonings of property within the boundaries of the NBCO filed after the effective date of this Sec. 17-7-0400.

17-7-0405-A NBCO-A Subdistrict.

1. Property in the NBCO-A subdistrict may not be rezoned to any zoning district classification other than B (Business), C (Commercial), POS (Parks and Open Space) or T (Transportation), provided that this provision is not intended to prohibit approval of *planned development* (PD) zoning for projects that meet the mandatory or elective PD thresholds of Sec. 17-8-0500 or 17-8-0600, respectively. Pursuant to Sec. 17-7-0406-A, rezoning to a zoning district classification that allows a base floor area ratio of more than 3.0 is prohibited.

2. All rezonings to a B or C zoning district within the NBCO-A subdistrict must be

processed in accordance with the Type I zoning map amendment procedures of Sec. 17-13-0302 or the *planned development* procedures of Sec. 17-13-0600 (if the project qualifies as a mandatory or elective planned development pursuant to Sec. 17-8-0500 or Sec. 17-8-0600, respectively).

17-7-0405-B NBCO-B Subdistrict. Property in the NBCO-B subdistrict may not be rezoned to any non-PMD zoning district classification, provided that this provision is not intended to prohibit approval of *planned development* (PD) zoning for projects that meet the mandatory or elective PD thresholds of Sec. 17-8-0500 or Sec. 17-8-0600, respectively.

17-7-0405-C NBCO-C Subdistrict. Property in the NBCO-C subdistrict may not be rezoned to any zoning district classification other than DX (Downtown Mixed-Use), POS (Parks and Open Space) or T (Transportation), provided that this provision is not intended to prohibit approval of *planned development* (PD) zoning for projects that meet the mandatory or elective PD thresholds of Sec. 17-8-0500 or Sec. 17-8-0600, respectively. Pursuant to Sec. 17-7-0406-C, rezoning to a zoning district classification that allows a base floor area ratio of more than 5.0 is prohibited.

17-7-0406 Floor Area Ratio.

17-7-0406-A NBCO-A Subdistrict. All development in the NBCO-A subdistrict is subject to a maximum base floor area ratio of 3.0 or the floor area ratio of the underlying zoning district, whichever is less. Floor area bonuses may be authorized in accordance with Sec. 17-7-0407.

17-7-0406-B NBCO-B Subdistrict. All development in the NBCO-B subdistrict is subject to a maximum floor area ratio of 3.0. No floor area bonuses are allowed in the NBCO-B subdistrict.

17-7-0406-C NBCO-C Subdistrict. All development in the NBCO-C subdistrict is subject to a maximum base floor area ratio of 5.0 or the floor area ratio of the underlying zoning district, whichever is less. Floor area bonuses may be authorized in accordance with Sec. 17-4-1000.

17-7-0407 Floor Area Bonuses in NBCO-A.

17-7-0407-A Applicability. The floor area bonus provisions of this Sec. 17-7-0407 apply to floor area bonuses in the NBCO-A subdistrict.

17-7-0407-B Eligibility. Only B- or C-zoned properties with a dash-3 bulk and density designation are eligible to receive floor area bonuses under this Sec. 17-7-0407.

17-7-0407-C Purpose. The floor area bonus provisions of this section are intended to provide the opportunity for development projects in the NBCO-A subdistrict to achieve appropriate increases in *floor area ratio* above applicable *base floor area ratios*, while providing a corresponding economic incentive for developers to provide public amenities in the NBCO that improve the quality of life of city residents, employees, and visitors of the area and are a benefit

to the public. This section shall be liberally construed and applied to achieve these stated purposes.

17-7-0407-D Administration.

1. Planned Development Review. Floor area bonuses may be approved only in accordance with the *planned development* procedures of Sec. 17-13-0600. The zoning administrator must review proposed floor area bonus requests and make a recommendation to the Commissioner of Planning and Development and the Chicago Plan Commission. The Commissioner of Planning and Development and the Chicago Plan Commission shall each in turn make a recommendation to the city council. Floor area bonuses may be approved only if they are consistent with the purposes described in Sec. 17-1-0500, Sec. 17-4-1001, and Sec. 17-7-0407-C.

2. Submittal Requirements. All applicants for bonus floor area must file a bonus worksheet with the zoning administrator.

(a) The zoning administrator shall, by rule, establish a required form and content for such worksheets.

(b) Such worksheets must, at a minimum, include the calculations for the amount of bonus floor area requested.

(c) Such worksheets will serve as an official record of bonuses and such records will be binding on the property owners and their successors and assigns.

17-7-0407-E Bonus Formula.

1. Floor area bonuses will be based on a financial contribution that reflects the value of land within the surrounding area, based on the following formula:

$\text{Cost of 1 square foot of floor area} = 0.50 \times \text{median cost of land per buildable square foot}$

2. The cost of land must be based on sale prices within the most recent 5 years, as provided by the Department of Planning and Development.

3. The Commissioner of Planning and Development is responsible for updating estimates of land values at least once every 5 years.

4. The bonus payment must be paid in full prior to the issuance of the first building permit for any building or buildings within the *planned development*; provided, however, if the *planned development* is constructed in phases, the bonus payment must be paid on a pro rata basis as the first building permit for each subsequent new building or phase of construction is issued. The amount due prior to the issuance of a building permit (whether for a single building or for any subsequent phase of construction) shall be calculated by multiplying the total bonus

payment due for the *planned development* as a whole (as the land value determination may be adjusted from time to time pursuant to paragraphs 2 and 3 above) by a fraction, the numerator of which is the amount of floor area in the building or buildings for which the permit is then being issued and the denominator of which is the total amount of floor area approved in the *planned development* (calculated as the total maximum *floor area ratio* in the *planned development* multiplied by the total *net site area* in the *planned development*), as follows:

$$\text{Bonus payment due at the time of applicable permit}^* = \frac{\text{Total bonus payment for } \textit{planned development}^{**}}{\text{Floor area approved for construction in building permit for applicable building or phase} \div \text{maximum floor area approved for construction in } \textit{planned development} \text{ as a whole}^{***}} \times$$

* Each payment is due prior to the issuance of the first building permit for any building or buildings in the *planned development*.

** The total bonus payment shall be determined by calculating the amount of bonus floor area granted in the approved *planned development* times the amount per square foot due pursuant to Sec. 17-7-0407-E-1 (as the same may be adjusted in accordance with Sec. 17-7-0407-E-2 and Sec. 17-7-0407-E-3), and therefore the final payment amount may change over time.

*** Maximum floor area is calculated as the total maximum *floor area ratio* in the *planned development* multiplied by the total *net site area* in the *planned development*.

17-7-0407-F Allocation of Bonus Payment.

1. Cash Deposit. Except as provided in paragraphs 17-7-0407-F-2 and 17-7-0407-F-3, all funds received for floor area bonuses under this Sec. 17-7-0407 shall be deposited in the following funds in the following amounts:

<i>Bonus Fund</i>	<i>Percentage of Bonus Payment</i>
North Branch Corridor Bonus Fund	70%
Industrial Corridor System Fund established under Sec. 16-8-040	30%

2. Direct Payments to Sister Agencies. In lieu of the direct deposit otherwise required into the North Branch Corridor Bonus Fund, the Department of Planning and Development may direct applicants to make payments directly to sister agencies to finance specific projects pursuant to the requirements of Sec. 17-7-0407-H.

3. In-Kind Improvements. In lieu of the direct deposit otherwise required into the North Branch Corridor Bonus Fund, the *planned development* ordinance may provide for applicants to

undertake specific local improvement projects themselves pursuant to the requirements of Sec. 17-7-0407-H-4.

17-7-0407-G Minimum and Maximum Floor Area Bonus.

1. The minimum floor area bonus in the NBCO-A is 0.5 FAR.
2. The maximum floor area bonus in the NBCO-A is 3.5 FAR.

17-7-0407-H North Branch Corridor Bonus Fund.

1. Creation of North Branch Corridor Bonus Fund and Percentage Allocated. A separate fund is hereby established and designated as the North Branch Corridor Bonus Fund, into which seventy (70) percent of all funds due for floor area bonuses under this Sec. 17-7-0407 shall be deposited, except as provided in Sec. 17-7-0407-F-2 for direct payments to sister agencies and Sec. 17-7-0407-F-3 for in-kind improvements. The revenues of the North Branch Corridor Bonus Fund shall be reserved and utilized exclusively in accordance with Sec. 17-7-0407-H-2.

2. Use of Funds. All funds deposited in the North Branch Corridor Bonus Fund pursuant to Sec. 17-7-0407-F-1, and all direct payments to sister agencies pursuant to Sec. 17-7-0407-F-2 shall be used for costs to plan, design, and construct public improvements in furtherance of the goals in the North Branch Framework land use plan, including, but not limited to, transit, open space, pedestrian, streetscape, and infrastructure improvements.

3. Option for In-Kind Provision of Improvements. In lieu of the required cash contribution to the North Branch Corridor Bonus Fund, the *planned development* ordinance may authorize applicants to undertake qualifying improvement projects themselves, in furtherance of the goals in the North Branch Framework land use plan. The Department of Planning and Development shall review proposals for in-kind improvements on a case-by-case basis. If the Department of Planning and Development approves the proposal, the applicant shall submit project documentation, including but not limited to, detailed site-specific cost estimates for the improvements, appropriate drawings, detailed construction commitments, a construction schedule, and a performance bond for completion of the improvements, if applicable. If the estimated budget for the project exceeds the applicant's required cash contribution, the Department of Planning and Development may distribute funds from the North Branch Corridor Bonus Fund to the applicant to perform additional work associated with the project on behalf of the City or applicable sister agency, subject to city council approval.

4. Minor Change for Allocation of North Branch Corridor Bonus Funds. Changes to improvements specified in a *planned development* ordinance, or the substitution of one type of improvement for another, or the manner in which payments are made or satisfied under Sec. 17-7-0407-F, shall be deemed minor changes and may be permitted by the zoning administrator, as provided in Sec. 17-13-0611.

6. Binding Commitments.

(a) **Sister Agency Agreements.** Any sister agency that receives funds under this Sec. 17-7-0407 (whether from the City as a distribution from the North Branch Corridor Bonus Fund or from the applicant directly pursuant to Sec. 17-7-0407-F-2) must enter into an agreement with the City regarding the permitted use of funds. Any funds that remain unused upon completion of the project must be returned to the North Branch Corridor Bonus Fund and applied to other eligible project costs.

(b) **In-Kind Improvement Agreements.** If the Department of Planning and Development approves a proposal for in-kind improvements pursuant to Sec. 17-7-0407-H-3, the applicant must enter into an agreement with the applicable City department or sister agency specifying the type of improvements to be provided, the value of the improvements, the timeline for completion of the improvements, the manner in which any supplemental funds will be used, and any other terms or conditions the Commissioner of Planning and Development deems necessary or desirable.

(c) **Authorization.** The Commissioner of Planning and Development, or the Commissioner's designee, is authorized to execute all agreements with sister agencies and applicants providing in-kind improvements on behalf of the City. All agreements must be in a form approved by the corporation counsel.

17-7-0407-I Rules and Regulations. The Commissioner of Planning and Development is authorized to adopt such rules as the commissioner may deem necessary for the proper implementation, administration, and enforcement of the floor area bonus provisions of this Sec. 17-7-0407.

17-7-0408 Floor Area Bonuses in NBCO-C.

17-7-0408-A Applicability. The floor area bonus provisions of this Sec. 17-7-0408 apply to floor area bonuses in the NBCO-C subdistrict.

17-7-0408-B Eligibility. Only DX-zoned properties with a dash-5 bulk and density designation are eligible to receive floor area bonuses under this Sec. 17-7-0408.

17-7-0408-C Regulations. The downtown district floor area bonus provisions of Sec. 17-4-1000 apply to properties eligible for floor area bonuses in the NBCO-C subdistrict.

17-7-0409 Minimum Lot Area per Unit. Projects that qualify for and are granted floor area bonuses under Sec. 17-7-0407 are eligible to use reduced lot area per unit standards. For each one percent increase in floor area awarded through the floor area bonus provisions of Sec. 17-7-0407, the minimum lot area per unit standard is reduced by one percent. The minimum lot area per unit reduction may not exceed 60 percent, regardless of the floor area bonus granted.

17-7-0410 Parking. The off-street parking regulations of Chapter 17-10 apply within the NBCO except as expressly modified by the parking provisions of this subsection (17-7-0410).

17-7-0410-A Minimum Automobile Parking Ratios. All D-zoned property within the NBCO-C subdistrict shall be subject to the minimum automobile parking ratios in Schedule 2 of Sec. 17-10-0208. All B, C, M and PMD-zoned property within the NBCO shall be subject to the dash-5 minimum automobile parking ratios in Schedule 1 of Sec. 17-10-207.

17-7-0410-B Maximum Nonresidential Accessory Parking Ratios. All D-zoned property within the NBCO-C subdistrict shall be subject to the applicable maximum accessory parking ratios of Sec. 17-10-0205.

17-7-0411 Chicago River Setback. All new development and expansions of existing development must be set back at least 30 feet from the *top of the bank* along all points of the waterway adjacent to the Chicago River North Branch and North Branch Canal. This required setback must be unobstructed by buildings, parking lots and other site improvements.

17-7-0412 Parks and Open Space. Fields for team sports and other recreational needs of not less than 10 acres in total, distributed among various development sites, are a desired new amenity with the redevelopment of the North Branch Industrial Corridor. These fields would be located within portions of sites that can accommodate larger open spaces, and would be programmed together to accommodate both area residents, as well as new corridor residents.

17-7-0413 Driveways and Vehicle Access Limitations.

17-7-0413-A Designation and Boundaries.

1. The driveway and vehicle access limitations of this section (17-7-0413) apply along the following streets:
