CDOT and the Chicago Park District will provide the draft design for 45-day review and comment by the public and signatories, invited signatories, and concurring parties to this MOA concerning landscaping features and other character-defining elements of the design. In furtherance of the City's responsibilities under UPARR, the final design for the east end of the Midway Plaisance will include new play area features whose ultimate selection will be made by

the City after seeking public comment and consultation with the NPS on the final play-area design options from the Chicago Park District. CDOT and the Chicago Park District will prepare and implement a final design in light of comments concerning the draft design and the play area features.

### *Planting Review*

- H. Review of Planting Plans for Required Tree Replacement. ## **II. SUBMISSION OF DOCUMENTATION**

- A. CDOT will submit to IDOT, and IDOT will immediately submit to the Illinois SHPO for its review, such documents and plans as are identified for development pursuant to Stipulations I.A-H. - B. Illinois SHPO shall have 30 days after receipt of the field documentation for any of the construction areas identified in clauses (a)-(c) in Stipulation I.B (each, a Field Documentation Area) to review the field documentation. The City and Chicago Park District will not begin construction of any elements as defined by the Federal undertaking in any Field Documentation Area until the earlier of (a) the date IDOT receives written concurrence from Illinois SHPO that the field documentation referred to in Stipulation I.B for the subject Field Documentation Area is acceptable for documenting existing conditions, or (b) Illinois SHPO fails to concur or reject concurrence in writing within the 30 days for review. If Illinois SHPO rejects the field documentation for any Field Documentation Area, Illinois SHPO shall provide a written statement to CDOT indicating in adequate detail how CDOT has failed to complete the field documentation in conformity with Stipulation I.B., and what measures or acts will be necessary to obtain approval. CDOT shall then resubmit the field documentation to IDOT in compliance with Illinois SHPO's written statement, and Illinois SHPO shall have 15 days after IDOT's receipt of the submission to review the new or revised documentation. The field documentation shall be deemed approved unless Illinois SHPO determines in the 15-day period following submission that CDOT has failed to make a good faith effort to comply with Illinois SHPO's requirements, in which case the disagreement will be resolved in accordance with Stipulation VII.
- C. The City and Chicago Park District will not begin construction at the eastern end of the Midway Plaisance until after IDOT receives written concurrence from the Illinois SHPO that the final design for the replacement recreation referred to in Stipulation I.G is consistent with the Secretary of the Interior Standards for the Treatment of Historic Properties, with respect to standards 9 and 10 which address compatible new additions.

## **III. DURATION**

This MOA will expire if its terms are not carried out within five (5) years from the date of its execution. Prior to such time, FHWA may consult with the other signatories, including invited signatories who elect to sign the MOA, to reconsider the terms of the MOA and amend it in accordance with Stipulation VIII below.

#### **IV. SCHEDULE, MONITORING AND REPORTING**

CDOT and the Chicago Park District will endeavor to undertake the Measures specified in Stipulation I above according to the target schedule appended as Attachment C to this MOA.

No later than October of every year, following the execution of this MOA until all stipulations are implemented or the MOA expires or is terminated, FHWA shall provide all parties to this MOA a summary report detailing work undertaken pursuant to its terms. Such report shall include any scheduling changes proposed, any problems encountered, and any disputes and objections received in FHWA's efforts to carry out the terms of this MOA. CDOT will ensure that the annual reports are made available to the public on a City website.

#### **V. POST-REVIEW DISCOVERIES**

If potential historic properties are discovered or unanticipated effects on historic properties found, the FHWA shall make reasonable efforts to avoid, minimize, or mitigate adverse effects to such properties and follow the requirements of 36 C.F.R. § Section 800.13(b).

#### **VI. COORDINATION WITH OTHER FEDERAL REVIEWS**

In the event that another federal agency not initially a party to or subject to this MOA receives an application for funding/license/permit for the undertaking as described in this MOA, that agency may fulfill its Section 106 responsibilities by stating in writing that it concurs with the terms of this MOA and notifying FHWA, Illinois SHPO, ACHP, NPS, USACE, IDOT, CDOT, and Chicago Park District that it intends to do so. Any necessary amendments will be considered in accordance with Stipulation VIII of this MOA.

#### **VII. DISPUTE RESOLUTION**

- A. Parties to the MOA. Should any signatory, invited signatory or concurring party to this MOA object at any time to any actions proposed or the way the terms of this MOA are implemented, FHWA shall consult with such party to resolve the objection. If FHWA determines that such objection cannot be resolved, FHWA will:
  1. Forward all documentation relevant to the dispute, including any timely advice or comments regarding the dispute from the ACHP, signatories, invited signatories and concurring parties, and the FHWA's proposed resolution, to the ACHP. The ACHP shall provide FHWA with its advice on the resolution of the objection within thirty (30) days of receiving adequate documentation. Prior to reaching a final decision on the dispute, FHWA shall prepare a written response that takes into account any timely advice or comments regarding the dispute from the ACHP, signatories, invited signatories and concurring parties, and provide them with a copy of this written response. FHWA will then proceed according to its final decision.
  2. If the ACHP does not provide its advice regarding the dispute within the thirty (30) day time period, FHWA may make a final decision on the dispute and proceed accordingly. Prior to reaching such a final decision, FHWA shall prepare a written response that takes into account any timely comments regarding the dispute from the signatories, invited signatories and concurring parties to the MOA, and provide them and the ACHP with a copy of such written response.

3. FHWA's responsibility to carry out all other actions subject to the terms of this MOA that are not the subject of the dispute remain unchanged.

B. Non-parties to the MOA. At any time during implementation of the measures stipulated in Stipulation I of this MOA ("Stipulation I measures"), should a member of the public, including any consulting party who is not a signatory, invited signatory or concurring party, raise an objection in writing pertaining to the sufficiency of implementation of Stipulation I measures to any signatory party to this MOA, that signatory party shall immediately notify FHWA. FHWA shall immediately notify the other signatory and invited signatory parties in writing of the objection. Any signatory and invited signatory party may choose to comment in writing on the objection to FHWA. FHWA shall establish a reasonable time frame for this comment period not to exceed 15 days. FHWA shall consider the objection, and in reaching its decision, FHWA will take all comments from the other signatory and invited signatory parties into account. Within 15 days following closure of the comment period, FHWA will render a decision regarding the objection to the implementation of Stipulation I measures and respond to the objecting party. FHWA will promptly notify the other signatory and invited signatory parties of its decision in writing, including a copy of the response to the objecting party. FHWA's decision regarding resolution of the objection will be final. Following issuance of its final decision, FHWA may authorize the Stipulation I measure subject to dispute hereunder to proceed in accordance with the terms of that decision. This section does not apply to Stipulation I(B), which is subject to review by Illinois SHPO under Stipulation II.

## **VIII. AMENDMENTS**

This MOA may be amended when such an amendment is agreed to in writing by all signatories and invited signatories. The amendment will be effective on the date a copy signed by all the signatories and invited signatories.

## **IX. TERMINATION**

If any signatory or invited signatory to this MOA determines that the signatory's responsibilities under the MOA will not or cannot be carried out, that party shall immediately consult with the other signatories to attempt to develop an amendment per Stipulation VIII, above. If within thirty (30) days (or another time period agreed to by all signatories) an amendment cannot be reached, any signatory or invited signatory may terminate the MOA upon written notification to the other signatories.

Once the MOA is terminated, and prior to work continuing under authorization from FHWA, the NPS, or USACE relating to the undertaking, FHWA must either (a) execute an MOA pursuant to 36 C.F.R. § 800.6 or (b) request, take into account, and respond to the comments of the ACHP under 36 C.F.R. § 800.7. FHWA shall notify the signatories and invited signatories as to the course of action it will pursue.

Execution of this MOA by the FHWA, the NPS, USACE, IDOT, the City acting through CDOT, the Chicago Park District, the Illinois SHPO, and the ACHP and implementation of its terms evidence that FHWA has taken into account the effects of this undertaking on historic properties and afforded the ACHP an opportunity to comment.
