Dear Commissioner:

Enclosed is the annual report for the Lincoln Avenue Redevelopment Project Area, which we compiled at the direction of the Department of Planning and Development pursuant to Section 5(d) of the Illinois Tax Increment Allocation Redevelopment Act (65 ILCS 5/11-74.6-1 et seq.), as amended. The contents are based on information provided to us by Chicago Departments of Planning and Development, Finance, and Law. We have not audited, verified, or applied agreed upon accounting and testing procedures to the data contained in this report. Therefore, we express no opinion on its accuracy or completeness.

It has been a pleasure to work with representatives from the Department of Planning and Development and other City Departments.

Very truly yours,

Ernst & Young LLP

INDEPENDENT AUDITOR'S REPORT

The Honorable Richard M. Daley, Mayor
Members of the City Council
City of Chicago, Illinois

We have audited the accompanying financial statements of the Lincoln Avenue Redevelopment Project of the City of Chicago, Illinois, as of and for the year ended December 31, 2007, as listed in the table of contents. These financial statements are the responsibility of the City of Chicago's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Lincoln Avenue Redevelopment Project and do not purport to, and do not present fairly the financial position of the City of Chicago, Illinois, as of December 31, 2007, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Lincoln Avenue Redevelopment Project of the City of Chicago, Illinois, as of December 31, 2007, and the changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis on pages 3 through 5 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The Honorable Richard M. Daley, Mayor
Members of the City Council

- 2 -

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The schedule of expenditures by statutory code on page 12, which is also the responsibility of the City of Chicago's management, is presented for purposes of additional analysis and is not a required part of the financial statements of Lincoln Avenue Redevelopment Project of the City of Chicago, Illinois. Such additional information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

As management of the Lincoln Avenue Tax Increment Redevelopment Project Area (Project), we offer the readers of the Project's financial statements this narrative overview and analysis of the Project's financial performance for the year ended December 31, 2007. Please read it in conjunction with the Project's financial statements, which follow this section.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Project's basic financial statements. The Project's basic financial statements include three components: 1) government-wide financial statements, 2) governmental fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information concerning the Project's expenditures by statutory code.

Basic Financial Statements

The basic financial statements include two kinds of financial statements that present different views of the Project – the *Government-Wide Financial Statements* and the *Governmental Fund Financial Statements*. These financial statements also include the notes to the financial statements that explain some of the information in the financial statements and provide more detail.

Government-Wide Financial Statements

The government-wide financial statements provide both long-term and short-term information about the Project's financial status and use accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the project's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. The two government-wide statements report the Project's net assets and how they have changed. Net assets – the difference between the Project's assets and liabilities – is one way to measure the Project's financial health, or position.

Governmental Fund Financial Statements

The governmental fund financial statements provide more detailed information about the Project's significant funds – not the Project as a whole. Governmental funds focus on: 1) how cash and other financial assets can readily be converted to cash flows and 2) the year-end balances that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more financial resources that can be spent in the near future to finance the Project. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the statements to explain the relationship (or differences) between them.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and governmental fund financial statements. The notes to the financial statements follow the basic financial statements.

Other Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents a schedule of expenditures by statutory code. This supplementary information follows the notes to the financial statements.

Condensed Comparative Financial Statements

The condensed comparative financial statements are presented on the following page.

Analysis of Overall Financial Position and Results of Operations

Property tax revenue for the Project was \$2,184,009 for the year. This was a decrease of 26 percent over the prior year. The change in net assets (including operating transfers in) produced an increase in net assets of \$2,558,382. The Project's net assets increased by 29 percent from the prior year making available \$11,349,431 of funding to be provided for purposes of future redevelopment in the Project's designated area. Expenses increased this year due to the Project's formulation of a redevelopment plan or necessary funding was substantially complete and available.

Debt Administration

General Obligation Bonds (Modern Schools Across Chicago Program) outstanding at December 31, 2007 amounted to \$28,310,000. More detailed information about the Project's long-term liabilities is presented in Note 2 of the financial statements.

CITY OF CHICAGO, ILLINOIS
LINCOLN AVENUE REDEVELOPMENT PROJECT

NOTES TO FINANCIAL STATEMENTS

Note 1 – Summary of Significant Accounting Policies

(a) *Reporting Entity*

In November 1999, the City of Chicago (City) established the Lincoln Avenue Tax Increment Redevelopment Project Area (Project). The area has been established to finance improvements, leverage private investment and create and retain jobs. The Project is accounted for within the capital projects, debt service and special revenue funds of the City.

(b) *Government-Wide and Fund Financial Statements*

The accompanying financial statements of the Project have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). In June 1999, the GASB unanimously approved Statement No. 34 (as amended by Statement No. 37), *Basic Financial Statements - Management's Discussion and Analysis - for State and Local Governments* and at a later date, Statement No. 38 *Certain Financial Statements Disclosures*, and include the following:

- A Management Discussion and Analysis (MD&A) section providing an analysis of the Project's overall financial position and results of operations.
- Government-wide financial statements prepared using the economic resources measurement focus and the *accrual basis of accounting* for all the Project's activities.
- Fund financial statements, which focus on the Project's governmental funds *current financial resources measurement focus*.

(c) *Measurement Focus, Basis of Accounting, and Financial Statements Presentation*

The government-wide financial statements are reported using the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

The governmental fund financial statements are prepared on the *modified accrual basis of accounting* with only current assets and liabilities included on the balance sheet. Under *the modified accrual basis of accounting*, revenues are recorded when susceptible to accrual, i.e., both measurable and available to finance expenditures of the current period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Property taxes are susceptible to accrual and recognized as a receivable in the year levied. Revenue recognition is deferred unless the taxes are received within 60 days subsequent to year-end. Expenditures are recorded when the liability is incurred.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. The City has elected not to follow subsequent private-sector guidance.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources, as they are needed.

CITY OF CHICAGO, ILLINOIS
LINCOLN AVENUE REDEVELOPMENT PROJECT

NOTES TO FINANCIAL STATEMENTS
(Continued)

Note 1 – Summary of Significant Accounting Policies (Concluded)

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from these estimates.

(d) *Assets, Liabilities and Net Assets*

Cash and Investments

Cash belonging to the City is generally deposited with the City Treasurer as required by the Municipal Code of Chicago. The City Comptroller issues warrants for authorized City expenditures which represent a claim for payment when presented to the City Treasurer. Payment for all City warrants clearing is made by checks drawn on the City's various operating bank accounts.

The City Treasurer and City Comptroller share responsibility for investing in authorized investments. Interest earned on pooled investments is allocated to participating funds based upon their average combined cash and investment balances.

The City values its investments at fair value or amortized cost. U.S. Government securities purchased at a price other than par with a maturity of less than one year are reported at amortized cost.

Capital Assets

Capital assets are not capitalized in the governmental funds but, instead, are charged as current expenditures when purchased. The Government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) of the City includes the capital assets and related depreciation, if any, of the Project in which ownership of the capital asset will remain with the City (i.e. infrastructure, or municipal building). All other construction will be expensed in both the government-wide financial statements and the governmental funds as the City nor Project will retain the right of ownership.

(e) *Stewardship, Compliance, and Accountability*

Illinois Tax Increment Redevelopment Allocation Act Compliance

The Project's expenditures include reimbursements for various eligible costs as described in subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Redevelopment Allocation Act and the Redevelopment Agreement relating specifically to the Project. Eligible costs include but are not limited to survey, property assembly, rehabilitation, public infrastructure, financing and relocation costs.

Reimbursements

Reimbursements, if any, are made to the developer for project costs, as public improvements are completed and pass City inspection. The semi-annual principal and interest payments are made solely from incremental real property taxes, which are paid in this redevelopment district and other contiguous redevelopment districts needed to fulfill the debt service requirements.

Note 2 – Bonds Payable

In January 2007, the City issued \$28,310,000 of General Obligation Bonds (Modern Schools Across Chicago Program), Series 2007H at a premium. The bonds have interest rates ranging from 3.70 to 5.00 percent and maturity dates ranging from December 1, 2008 to December 1, 2023. Net proceeds of \$28,310,000 will be used to pay for a portion of the costs for construction, renovation, design and acquisition of elementary and high schools that are part of the school system operated by the Board of Education of the City of Chicago (the "Board") and refund certain outstanding obligations of the Board.

Long-term liability activity for the year ended December 31, 2007 was as follows:

Beginning balance	\$ -
Additions	28,310,000
Reductions	<u>-</u>
Subtotal	28,310,000
Plus unamortized premium	<u>1,436,231</u>
Ending balance	<u>\$29,746,231</u>
Amounts due within one year	<u>\$ 680,000</u>

The aggregate maturities of the bonds are as follows:

<u>Year Ending</u> <u>December 31,</u>	<u>Principal</u>	<u>Interest</u>
2008	\$ 680,000	\$ 1,344,918
2009	705,000	1,317,717
2010	740,000	1,282,468
2011	1,055,000	1,255,087
2012	1,095,000	1,212,888
2013-2017	7,895,000	5,272,700
2018-2022	12,760,000	2,864,750
2023	<u>3,380,000</u>	<u>169,000</u>
Total	<u>\$28,310,000</u>	<u>\$14,719,528</u>

Note 3 – Operating Transfers In

During 2007, in accordance with State statutes, the Project received \$2,320,121 from the contiguous Western Avenue North Redevelopment Project to fund debt service and economic development projects. In addition, the Project received \$550,000 from the contiguous Devon/Western Redevelopment Project to fund annual payment to the developer of Lincoln Village and for expenses related to the demolition of the Lincoln Motel.

NOTES TO FINANCIAL STATEMENTS
(Concluded)

Note 4 – Commitments

The City has pledged certain amounts solely from available excess incremental taxes to provide financial assistance to a developer under the terms of a redevelopment agreement for the purpose of paying costs of certain eligible redevelopment project costs.

As of December 31, 2007 the Project has entered into contracts for approximately \$182,000 for services and construction projects.

Re: Lincoln Avenue
Redevelopment Project Area (the "Redevelopment Project
Area")

Dear Addressees:

I am Corporation Counsel of the City of Chicago, Illinois (the "City"). In such capacity, I am providing the opinion required by Section 11-74.4-5(d)(4) of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq. (the "Act"), in connection with the submission of the report (the "Report") in accordance with, and containing the information required by, Section 11-74.4-5(d) of the Act for the Redevelopment Project Area.

Attorneys, past and present, in the Law Department of the City familiar with the requirements of the Act have had general involvement in the proceedings affecting the Redevelopment Project Area, including the preparation of ordinances adopted by the City Council of the City with respect to the following matters: approval of the redevelopment plan and project for the Redevelopment Project Area, designation of the Redevelopment Project Area as a redevelopment project area and adoption of tax increment allocation financing for the Redevelopment Project Area, all in accordance with the then applicable provisions of the Act. Various departments of the City, including, if applicable, the Law Department, Department of Planning and Development, Department of Housing, Department of Finance and Office of Budget and Management, have personnel responsible for and familiar with the activities in the Redevelopment Project Area affecting such Department(s) and with the requirements of the Act in connection therewith. Such personnel are encouraged to seek and obtain, and do seek and obtain, the legal guidance of the Law Department with respect to issues that may arise from time to time regarding the requirements of, and compliance with, the Act.

In my capacity as Corporation Counsel, I have relied on the general knowledge and actions of the appropriately designated and trained staff of the Law Department and other applicable City Departments involved with the activities affecting the Redevelopment Project Area. In addition, I have caused to be examined or reviewed by members of the Law Department of the City the certified audit report, to the extent required to be obtained by Section 11-74.4-5(d)(9) of the Act and submitted as part of the Report, which is required to review compliance with the Act in certain respects, to determine if such audit report contains information that might affect my opinion. I have also caused to be examined or reviewed such other documents and records as were deemed necessary to enable me to render this opinion. Nothing has come to my attention that would result in my need to qualify the opinion hereinafter expressed, subject to the limitations hereinafter set forth, unless and except to the extent set forth in an Exception Schedule attached hereto as Schedule 1.

Based on the foregoing, I am of the opinion that, in all material respects, the City is in compliance with the provisions and requirements of the Act in effect and then applicable at the time actions were taken from time to time with respect to the Redevelopment Project Area.

This opinion is given in an official capacity and not personally and no personal liability shall derive herefrom. Furthermore, the only opinion that is expressed is the opinion specifically set forth herein, and no opinion is implied or should be inferred as to any other matter. Further, this opinion may be relied upon only by the addressees hereof and the Mayor of the City in providing his required certification in connection with the Report, and not by any other party.

Very truly yours,

Mara S. Georges
Corporation Counsel

* Each actual or estimated Public Investment reported here is, to the extent possible, comprised only of payments financed by tax increment revenues. In contrast, each actual or estimated Private Investment reported here is, to the extent possible, comprised of payments financed by revenues that are not tax increment revenues and, therefore, may include private equity, private lender financing, private grants, other public monies, or other local, state or federal grants or loans.

Each amount reported here under Public Investment Undertaken, Amount Estimated to Complete the Project, is the maximum amount of payments financed by tax increment revenues that could be made pursuant to the corresponding Project's operating documents, but not including interest that may later be payable on developer notes, and may not necessarily reflect actual expenditures, if any, as reported in Sections 2 or 5 herein. The total public investment amount ultimately made under each Project will depend upon the future occurrence of various conditions including interest that may be payable on developer notes set forth in the Project's operating documents.

Lincoln Avenue Redevelopment Project Area 2007 Annual Report

Each amount reported here under Public Investment Undertaken, 11/1/1999 to End of Reporting FY, is cumulative from the date of execution of the corresponding Project to the end of the reporting year, and may include interest amounts paid to finance the Public Investment amount. Projects undertaken prior to 11/1/1999 are not reported on this table.

** Depending on the particular goals of this type of program, the City may: i) make an advance disbursement of the entire public investment amount to the City's program administrator, ii) disburse the amounts through an escrow account, or iii) pay the funds out piecemeal to the program administrator as each ultimate grantee's rehabilitation work is approved under the program.

*** As of the End of the Reporting FY, the construction of this Project was ongoing; the Private Investment Undertaken and Ratio figures for this Project will be reported on the Annual Report for the FY in which the construction of the Project is completed and the total Private Investment figure is available. Each amount reported here under Public Investment Undertaken, 11/1/1999 to End of Reporting FY, is cumulative from the date of execution of the corresponding Project to the end of the reporting year, and may include interest amounts paid to finance the Public Investment amount. Projects for which the last Public Investment made was prior to 11/1/1999 are not reported on this table.

INDEPENDENT AUDITOR'S REPORT

The Honorable Richard M. Daley, Mayor
Members of the City Council
City of Chicago, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America, the statement of net assets and governmental funds balance sheet of Lincoln Avenue Redevelopment Project of the City of Chicago, Illinois as of December 31, 2007, and the related statement of activities and governmental funds revenues, expenditures and changes in fund balance for the year then ended, and have issued our report thereon dated June 20, 2008.

In connection with our audit, nothing came to our attention that caused us to believe that the Project failed to comply with the regulatory provisions in Subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Allocation Redevelopment Act and Subsection (o) of Section 11-74.6-10 of the Illinois Industrial Jobs Recovery Law as they relate to the eligibility for costs incurred incidental to the implementation of the Lincoln Avenue Redevelopment Project of the City of Chicago, Illinois.

This report is intended for the information of the City of Chicago's management. However, this report is a matter of public record, and its distribution is not limited.
