Group: Clerical, Accounting, and General Office

Series: Information Technology

---

## **CLASS TITLE: DIRECTOR OF INFORMATION SYSTEMS**

### **CHARACTERISTICS OF THE CLASS**

Under direction, manages all aspects of a City department's computer systems including the design, development, installation, operation, and maintenance of its hardware, software, and communications networks, and performs related duties as required

### **ESSENTIAL DUTIES**

- Directs staff in analyzing the business practices and operations of a City department and developing computer systems to automate operations and improve information processing
- Works with departmental managers to re-design organization operations and apply information technology solutions to identified business needs
- Oversees the planning, design, and maintenance of networks to support information systems
- Directs staff in monitoring and maintaining the operations of local and wide area network (LAN/WAN) systems
- Oversees the development and modification of user and operating systems applications
- Oversees the installation of computer hardware and software including the provision of training and technical support to users
- Assures the quality, functionality, connectivity, and compatibility of the department's computer software and hardware equipment
- Manages supervisory personnel responsible for overseeing information technology support
- Coordinates training in computer systems and applications for department users
- Works with systems consultants and oversees the work of contractors in the development, installation, and modification of computer systems
- Prepares the annual budget for the purchase and maintenance of hardware, software, and related supplies for the department
- Oversees the development, enhancement and installation of Web applications for the City Intranet and Internet, as required
- Reviews information technology (IT) specifications detailed in new requests for proposals and contracts, as required

**NOTE:** *The list of essential duties is not intended to be inclusive; there may be other duties that are essential to particular positions within the class.*

### **MINIMUM QUALIFICATIONS**

#### **Education, Training, and Experience**

- Graduation from an accredited college or university with a Bachelor's degree in Computer Sciences, Information Technology/Systems or a directly related field, plus seven years of experience in data processing systems design, implementation and management of which five years are in a supervisory role related to the responsibilities of the position, or an equivalent combination of education, training and experience.

**Licensure, Certification, or Other Qualifications**

- None

**WORKING CONDITIONS**

- General office environment
- Stressful situations with imposed deadlines

**EQUIPMENT**

- Standard office equipment (e.g., telephone, printer, photocopier, fax machine, calculator)
- Personal computers and peripheral equipment (e.g., desktop computer, laptop computer, hand-held computer, computer terminals, modems, scanner)
- Client/server computer
- Micro and mini computers
- Local area/wide area communications network

**PHYSICAL REQUIREMENTS**

- No specific requirements

**KNOWLEDGE, SKILLS, ABILITIES, AND OTHER WORK REQUIREMENTS****Knowledge**

Advanced knowledge of:

- \*commercial computer systems applications and their capabilities
- \*computer systems management
- \*IT systems development practices, standards, and procedures
- \*supervisory methods, practices, and procedures

Considerable knowledge of:

- business process re-engineering principles and practices

Moderate knowledge of:

- \*applicable computer software packages
- \*methods, practices, and procedures for analyzing and resolving computer-related problems
- \*computer operating systems
- programming logic, data manipulation and integrated environments
- Web design principles and practices
- management methods, practices, and procedures

Knowledge of applicable City and department policies, procedures, rules, regulations, and ordinances

Other knowledge as required for successful performance in the Assistant Director of Information Systems class

**Skills**

- \*ACTIVE LEARNING - Understand the implications of new information for both current and future problem-solving and decision-making

- \*ACTIVE LISTENING - Give full attention to what other people are saying, take time to understand the points being made, ask questions as appropriate, and not interrupt at inappropriate times
- \*CRITICAL THINKING - Use logic and reasoning to identify the strengths and weaknesses of alternative solutions, conclusions, or approaches to problems
- \*LEARNING STRATEGIES - Select and use training/instructional methods and procedures appropriate for the situation when learning or teaching new things
