

MEMORANDUM

Date: May 1, 2006

To: Cheri Heramb, Acting Commissioner
Department of Transportation

Attn: Kenneth P. Martin

From: 
Barbara A. Lumpkin
Chief Procurement Officer

Re: Emergency Purchase Authorization

Pursuant to Section 2-92-644 of the Municipal Purchasing Act, I am authorizing you to make an Operational Emergency purchase from Chicago Christian Industrial League. Based upon information received from members of your staff, I have determined that this procurement is necessary to meet a bona fide operating emergency.

You are hereby authorized to purchase 'Ongoing Malls and Plazas Landscape Maintenance' services in the amount of \$250,000.00 as requested in your letter dated April 24, 2006. Any amount in excess of the \$250,000.00 approved herein will be subject to additional authorization and will be limited so as not to exceed the \$250,000.00 limit established by statute.

MEMORANDUM

Date:
To: Barbara A. Lumpkin
Chief Procurement Officer
Department of Procurement Services
From: CHL
Cheri Heramb
Acting Commissioner
Subject: Request for Emergency Authorization
Malls & Plaza Maintenance
Requisition Number: 26729

7011 11845

The Department of Transportation requests an emergency contract for on going Malls & Plazas maintenance. The attached Emergency Justification details the necessity and nature of the emergency. Accordingly, the Department of Transportation is requesting emergency authorization for this purchase in the amount of \$250,000.00.

Attached please find a price quotation from the Chicago Christian Industrial League who performed these services last season and who will perform these same services under the CLS Central Region contract once awarded. Additionally, your Department has similar pricing information from 9 additional firms for the same CLS contract. We are recommending the Chicago Christian Industrial League since award of the CLS Central Region will be awarded to this same firm and their prices have already been approved by CDOT and the Department of Procurement Services. Furthermore, award of this emergency request to the Chicago Christian Industrial League will provide for a smooth transition between contracts since the CLS contract will, most likely, be awarded during the season when changing contractors is most difficult.

Please contact Kenneth P. Martin at 744-1863 if you have any questions.

I certify that this emergency requires immediate procurement of services, supplies or equipment to prevent or mitigate the loss or impairment of City Infrastructure and would not have been avoided by due care and diligence.

EMERGENCY JUSTIFICATION

The Centralized Landscape Services contracts have been successfully bid and award is pending. These five contracts will ultimately cover a wide variety of CDOT landscape maintenance programs. Until then, vital City Infrastructure is in danger of deteriorating while the award of the above referenced contracts is determined and executed.

In addition, these prominent locations will not be presentable to the public and to visiting dignitaries without immediate maintenance. Two special events that CDOT is aware of may be negatively impacted by any lack of service in the near future. The Garden In The City Flower Show and The Great Places and Spaces events are both schedule for this May.

This request is intended to fill the immediate need for maintenance until award of the various CLS contracts are in place.

SCOPE OF SERVICES

The Contractor will be responsible and required to furnish, maintain and provide all landscaping services including the following for the maintenance of 48 Malls & Plazas locations:

- * Skilled and knowledgeable personnel
- * Supply of new plant material, planting, equipment and tools
- * Transportation of equipment, material and/or supplies
- * Guaranteeing supply, material, living plant material
- * Personnel performance of services specified herein
- * Maintaining routine reports (i.e. weekly, monthly, Horticulturist, Arborist, etc.) for services performed
- * Seasonal restoration of existing parkway
- * Special project enhancement of landscape areas

The objective is to utilize the best horticultural practices to promote the health and optimal appearance of plant material in the landscape areas. The Contractor will further assure that all landscaped areas will have an attractive, neat appearance at all times. All plants, soil, and other materials required for maintenance activities will conform to CDOT standards and are subject to prior inspection. The services must include the care of all trees, shrubs, ground cover, perennial or annual flowers as directed.

Each location may require a minimal once a week service visit as directed by CDOT. Schedules for monthly service will be determined in advance for all services including lawn mowing. Watering will be performed on an as needed basis determined through weekly monitoring by the contractor and approval by CDOT.

The Contractor will coordinate activities required for the completion of services requirements with the vendors, suppliers, subcontractors and other Contractors working on landscape areas, and CDOT personnel.
