For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

The scope of work to be performed under this sub-order is fabrication and installation of a neighborhood identifier sign.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.

Alderman Murphy has allocated funding from his 2006 menu program for the fabrication and installation of a neighborhood identifier sign at 87th Street and Damen Avenue. Due to the smaller scope and in order to meet the construction schedule for 2006, CDOT must use the JOC procurement system.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city's best interest to do the project under JOC:

N/A

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.

N/A

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.
