Subject: Committee on Environment - BOMA Decarbonization Summit Attendance

Hi Steve,

I hope you're having a great week and faring well in this oppressive heat. Gives us a lot to think about in our committee work.

I just wanted to let you know that yesterday, Gina Parra-Hughes and I attended BOMA's Decarbonization Summit in the CNA building at 151 N. Franklin as a part of our roles on the Committee. We specifically attended a panel on the grid's reliability as buildings look toward electrification.

The ticket prices for non-BOMA members were \$45 each, which were comped for us. More information on the event is available [here](#).

Please let me know if you have any questions or concerns about this.

Thanks!

Regards,

Leslie Perkins
Chief of Staff & Policy Director
Committee on Environmental Protection & Energy
