**Subject:** Sponsored travel notification

Good morning,

I'm writing to confirm my sponsored travel this week to the Emerging Stronger: Illinois Infectious Diseases Conference. The information for this travel is:

**Travel dates:** 4/22/24-4/24/24

**Conference dates:** 4/23/24-4/24/24

**Reason for attendance:** I attended this conference to present CDPH's response to the varicella outbreak among asylum seekers living in city shelters in 2023-2024, and to share lessons learned about leveraging existing partnerships for outbreak response. Additionally, I attended other presentations in order to gain insights from other local health departments on outbreak response, including a presentation from Cook County Health Department on their 2023 measles outbreak response.

Let me know if you need any additional information.

Thanks,

Shelby
