Importance: High

Good afternoon,

Per our discussion on the phone today, see the below and attached.

I attended a Chicago Data Leaders Event at Salesforce Tower (City of Chicago + Tableau) on 3/19/2024 from 12-4pm.

This event was in the Salesforce Building. Salesforce representatives did speak at the event but City Employees from DTI and OBM were mainly conducting the presentation. City Employees appeared to be many of the attendees.

A Beatrix Lunch Box was provided and when the session was done (around 4pm), there was a networking happy hour where alcohol and appetizers were served. The boxed lunches included options from sandwiches, salads, wraps, chips, and cookies. Canned soda, sparkling water, coffee, was also provided.

Attached is an email from Eve Jennings, DTI Presenter. I didn't take a picture of the waiver form we were asked to sign while we were eating the lunch provided, but I recall it valuing the cost at \$47.

Thank you,

Regence Norwoods, CPA |She/Her|
