PART I

INTRODUCTORY SECTION

CHICAGO DEPARTMENT OF AVIATION
CITY OF CHICAGO

June 30, 2021

To the Honorable Mayor Lori E. Lightfoot, Members of the City Council and Citizens of the City of Chicago:

I am pleased to submit the Annual Comprehensive Financial Report (“ACFR”) of Chicago O’Hare International Airport (“Airport”) for the year ended December 31, 2020. State law requires that all governmental units publish within six months of the close of each fiscal year financial statements presented in conformity with generally accepted accounting principles (“GAAP”) and audited by a licensed public accountant.

Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the City of Chicago (“City”), Chicago Department of Aviation (“CDA”) and Comptroller’s Office. The purpose of the ACFR is to provide complete and accurate information that complies with reporting requirements. The Chicago O’Hare International Airport’s Management’s Discussion and Analysis (“MD&A”) can be found immediately following the independent auditors’ report.

ECONOMIC CONDITION AND OUTLOOK

According to statistics compiled by Airport Council International (ACI), for the 12-month period ended December 31, 2020, the Airport was ranked as the second busiest airport in the world for total aircraft operations. According to the U.S. Department of Transportation, the Airport was fourth in the United States in terms of total passengers, and seventh in the United States in terms of cargo volume. A series of investments in air cargo continue to pay off, as the Airport saw cargo value and cargo volume increase, despite a volatile international trade environment.

A study released by IATA in late 2020 found that Chicago remains the leading gateway for global air connectivity in North America, primarily due to the connectivity offered at the Airport. In 2020, the Airport offered nonstop service to 253 destinations: 181 domestic airports and 72 foreign airports.

The COVID-19 pandemic significantly impacted air travel, but the Airport has already started to see growth in air traffic as the city and the world emerges out of the pandemic. The aviation industry is poised to welcome travelers back to air travel this summer, while continuing to be vigilant about safety and security for all. The pace of recovery has quickened rapidly, especially for domestic and leisure-focused travel. At December

2020, Chicago's airports served approximately 95 percent of the number of nonstop domestic destinations as served pre-COVID.

Chicago has a unique position and role in the national and global transportation system, and the pandemic has not changed that. As the country discusses the importance of investment in infrastructure, CDA will continue to emphasize the economic benefits and job growth opportunities for our city through our airports.

REPORTING ENTITY

The Airport is the primary commercial airport for the City, and the region, as well as an important transfer and connecting point for numerous domestic and international flights. Located 18 miles northwest of the City's central business district, the Airport occupies approximately 7,265 acres of land. The Airport is accessed by a network of highways, including several regional expressways that are part of the federal Interstate Highway System, and is directly linked to the central business district by a rapid transit rail system. The airlines serving the Airport operate out of four terminal buildings: three domestic terminal buildings, having approximately 171 total aircraft gates, serve domestic flights and certain international departures. Terminal 5, with approximately 20 aircraft gates and four hardstand positions, serves the remaining international departures, all international arrivals requiring customs clearance, and select domestic flights.

MAJOR INITIATIVES

The Airport is continuing with several significant capital projects designed to enhance and fortify its competitive position. The centerpiece of the capital development program at the Airport is called O'Hare 21, a plan to transform O'Hare into a more efficient, 21st century global gateway. It includes all current and future projects associated with expanding the Airport's capacity and connectivity and improving customer service at facilities including and surrounding the terminals. O'Hare 21 centers around an \$8.5 billion of projects, including the Terminal Area Plan (TAP) and Capital Improvement Plan (CIP), approved by the City of Chicago, the Airport and its airline partners as part of the Airline Use and Lease Agreement authorized by City Council on March 28, 2018.

The TAP will provide for a new O'Hare Global Terminal and two new satellite concourses, as well as enhancements throughout existing terminals to yield a significantly elevated experience for passengers and efficiencies for airport partners. The TAP will outfit the Airport with new technology and security enhancements and transform the passenger experience with increased amenities and services within the terminal buildings, to include: the modernization and replacement of the oldest terminal facilities at O'Hare; integration of domestic and international terminal operations; and enhancements to passenger and baggage connectivity. Construction of the major elements of TAP will take place over the next decade.

During 2020, the Airport continued to develop the \$1.2 billion expansion of Terminal 5 – presently used primarily for international flights but slated to house Delta Air Lines and its SkyTeam alliance partners as O'Hare 21 progresses. This expansion will add 10 new gates to increase gate capacity at Terminal 5 alone; add 350,000 square feet of terminal area and increase passenger amenity space by more than 70 percent; expand and improve security lanes and immigration facilities and replace critical baggage handling systems.

The O'Hare 21 terminal redevelopment program is possible because of the O'Hare Modernization Program (OMP), the \$6 billion airfield modernization mega-project initially announced in 2001, and which is nearing completion. Five of the six runway projects have already been completed as well as two airport traffic control

towers. To date, OMP improvements have added capacity and substantially reduced airfield and airspace delays. The final all-new runway of the OMP, Runway 9C-27C, which at nearly 12,000 feet in length will be able to accommodate the largest aircraft in operation today, was commissioned in November 2020. The OMP runway projects will reach full build-out when the Runway 9R-27L extension project is completed in 2021.

In addition to the above, the Airport is also implementing an ongoing five-year Capital Improvement Plan (CIP) for the Airport. The CIP includes airfield improvements, noise mitigation projects, parking and roadway improvements, heating and refrigeration plant improvements, safety and security improvements, other terminal enhancements and planning initiatives.

The Airport expects these capital programs will be funded from the following sources: proceeds of airport revenue bonds, Passenger Facility Charge (PFC) and Customer Facility Charge (CFC) revenues on a pay-as-you-go basis, CFC and PFC-backed bonds, federal grants, a TIFIA loan and other available Airport funds.

FINANCIAL INFORMATION

The Departments of Finance and Aviation are responsible for implementing and maintaining an internal control structure to ensure the integrity of the Airport's operations and to allow for the preparation of financial statements in conformity with generally accepted accounting principles. As the cost of a control should not exceed the benefits to be derived, the internal control structure is designed to provide reasonable, rather than absolute, assurance to all stakeholders that the financial statements reflect operations free of theft, neglect or material misstatements that could affect the efficiency of operations at the Airport. This objective is being met by adequate supervision of employees, segregation of the duties and multiple approval and budgetary controls over all expenditures.

The Airport's budget is developed in connection with the City's annual budget and is based on an analysis of the Airport's historical operating expenses. The Commissioner of Aviation recommends the final proposed budget to the Budget Director. After approval by the Budget Director, the proposed budget is recommended to the Mayor for submission to the City Council for its approval following public hearings.

The budget process is designed to ensure that the Airport will have adequate funding for operations. The Airport cannot, by law, exceed the level of funding as established by the City Council-approved budget. The Budget Director uses an allotment system to manage each department's expenditures against its respective annual appropriation. The Budget Director, through the allotment system, has the authority to institute economic measures for the Airport to ensure that its expenditures do not exceed its revenue collection. The Airport uses encumbrances to control expenditures by preventing appropriated dollars from being used for any purpose other than that for which they have been legally appropriated.

RELEVANT FINANCIAL POLICIES

The Airport is owned by the City and operated by the CDA and is accounted for as a self-supporting enterprise fund of the City. The City maintains the books, records and accounts of the Airport in accordance with generally accepted accounting principles and as required by the provisions of the Airport Use Agreements, the Bond Ordinance and Bond Indentures as supplemented and amended.

The Airline Use and Lease Agreement (AULA) specifies a residual rate-making methodology for the calculation of airline rates and charges. Under this methodology, total operating and maintenance expenses

and debt service (including coverage) are calculated for each cost-revenue center and offset by non-airline revenues. The AULA provides that the aggregate of Airport Fees and Charges paid by the Airline Parties must be sufficient to pay for the net cost of operating, maintaining and developing the Airport including the satisfaction of Debt Service coverage, deposit and payment requirements of the Bond Ordinance and the Indentures. The Airport's current AULA is effective as of May 12, 2018, and is a 15-year lease agreement that modernizes the existing terminal and gate space allocation and rates and charges structure for the Airport as well as authorizes funding of \$8.5 billion of capital projects. In addition, it provides more flexibility for funding future capital investments and provides greater competition between airlines.

INDEPENDENT AUDIT

Various bond indentures require the Airport financial statements to be audited by independent certified public accountants. The audit was conducted by Deloitte & Touche LLP and a consortium of Chicago-based minority and women-owned certified public accounting firms. An unmodified audit opinion, rendered by Deloitte & Touche LLP, is included in the financial section of this report.

AWARD

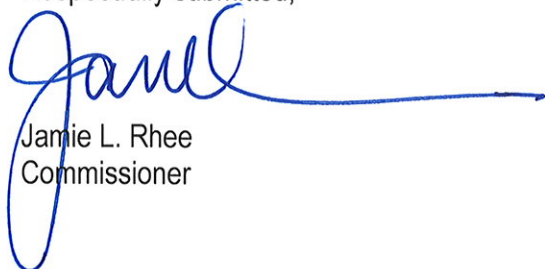

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Airport for its ACFR for the fiscal year ended December 31, 2019. This was the 23rd consecutive year that the Airport has received this prestigious award, which is the highest form of recognition for excellence in state and local government financial reporting. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized ACFR. The ACFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current ACFR continues to conform to the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGMENTS

This ACFR could not have been prepared without the dedication and effective help of the entire staff of the CDA and the Comptroller's Office. I wish to express my appreciation to them, particularly those that contributed directly to the preparation of the report.

Respectfully submitted,

Jamie L. Rhee
Commissioner

PART II
FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

To the Honorable Lori Lightfoot, Mayor
And Members of the City Council
City of Chicago, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of Chicago O'Hare International Airport ("O'Hare"), an enterprise fund of the City of Chicago, Illinois (the "City"), as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise O'Hare's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Chicago O'Hare International Airport, as of December 31, 2020 and 2019, and the changes in its financial position, and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the basic financial statements, the basic financial statements referred to above present only Chicago O'Hare International Airport, an enterprise fund of the City, and do not purport to, and do not, present the financial position of the City as of December 31, 2020 and 2019, changes in its financial position, or, where applicable, its cash flows, thereof, in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, the Schedule of Changes in the Net Pension Liability and Related Ratios, and the Schedule of Contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise O'Hare's basic financial statements. The introductory section, additional supplementary information, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The additional supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the additional supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Deloitte & Touche LLP

June 30, 2021

CITY OF CHICAGO, ILLINOIS

CHICAGO O'HARE INTERNATIONAL AIRPORT

MANAGEMENT'S DISCUSSION AND ANALYSIS (Dollars in thousands)

The following discussion and analysis of Chicago O'Hare International Airport's (the "Airport" or "O'Hare") financial performance provides an introduction and overview of the Airport's financial activities for the fiscal years ended December 31, 2020 and 2019. Please read this discussion in conjunction with the Airport's basic financial statements and the notes to basic financial statements immediately following this section.

Impact of COVID-19 on ORD Airport

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. Many state and local governments in the United States issued "stay at home" or "shelter in place" orders, which severely restricted movement and limited businesses and activities to essential functions. The COVID-19 pandemic and resulting restrictions have severely disrupted, and continue to disrupt, the economies of the United States and other countries. The outbreak has adversely affected domestic and international travel and travel-related industries. Airports and airlines have been acutely impacted by the reductions in passenger volumes and flights, as well as by the broader economic shutdowns and continued restrictions. In response, airlines have reduced flight frequency and aircraft size in an attempt to match capacity to the reduced demand for air travel.

The United States government, the Federal Reserve Board, and foreign governments took regulatory actions and implemented other measures to mitigate the broad disruptive effects of the COVID-19 outbreak on the U.S. and global economies.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act provided \$10 billion of assistance to U.S. commercial airports, which was apportioned among such airports based on various formulas. The Airport received \$294.4 million of CARES Act funds during 2020, which excludes approximately \$22 million of additional CARES Act funding used to pay the local share of capital projects, which was included in the Airport's Fiscal Year 2020 Airport Improvement Program grant submission. This will offset the need to issue obligations for these projects.

COVID-19 has had a material impact on aircraft operations, passenger volumes and revenues at the Airport during Fiscal Year 2020. The Airport implemented multiple actions in response to these conditions, including reductions in operating and financing costs. The Airport received \$294.4 million of CARES Act funding during Fiscal Year 2020, which was used to pay operating costs and debt service in an amount necessary to offset lost operating revenues, Passenger Facility Charges ("PFC") and Customer Facility Charges ("CFC"), net of cost reductions. The Airport's goal was to use sufficient CARES Act funds to stabilize rates and charges to the original 2020 budget and to stabilize terminal and facility rent. Of the \$294.4 million awarded, \$234.2 million was applied to 2020 rates and charges (\$74.1 million to offset operating expense, \$75.4 million to supplement revenues, \$34.7 million to offset the shortfall in PFC funded debt service and \$50.0 million to stabilize common use charges), \$30.0 million for debt service to mitigate the shortfall in CFCs and \$30.2 million for debt service to mitigate the shortfall of PFCs.

The Airport provided financial relief to airlines by implementing additional cost cutting measures of \$64.7 million, which in turn reduced the operating reserve requirement by \$44.7 million, applying \$34.7 million to airfield debt to reduce the impact of the PFC shortfall on Bonds secured by General Airport Revenue Bonds and PFC revenues, as well as accelerating the partial application of the 2019 airfield true-up credit of \$25 million. This amount is recorded as revenue and accounts receivable in the accompanying financial statements. The Airport also provided financial relief to rental car companies and concessionaires by allowing the conversion from a minimum annual guarantee rent payment to a percent rent payment and to temporarily close operations. The estimated impact of this action was between \$40 and \$60 million and was offset through the use of CARES Act proceeds.

FINANCIAL HIGHLIGHTS

2020

Operating revenues for 2020 decreased by \$347,873 (27.8%) compared to prior year operating revenues due to a decrease in terminal rents and landing fees of \$171,408; decreases in concessions revenue of \$128,216; and a decrease in hotel revenues of \$48,249, all due to reduced passenger and flight activity related to impact of the COVID-19 pandemic on travel and tourism.

Operating expenses before depreciation, amortization and loss on capital asset disposals decreased by \$150,859 (17.9%) compared to 2019, primarily due to the decrease in other operating expenses of \$31,779 due to reductions in cost of utilities and insurance and hotel expenses of \$22,864 due to the impact of the COVID-19 pandemic on travel and tourism. There was a decrease in pension expense of \$113,734, primarily due to the composition of amounts being amortized from deferred inflows and outflows related to prior assumptions changes and differences between projected and actual earnings on pension plan investments. These decreases were offset by Repairs and Maintenance expense, which increased by \$1,744 (1.2%) due to contractual increases; Salary and wages of \$8,786 (4.1%) due to retroactive payments from the new collective bargaining agreements and annual contractual salary increases; and Professional and Engineering Expenses of \$6,988 (5.1%) due to ongoing planning efforts related to Airport's \$8.5 Billion O'Hare 21 program.

The Airport's total net position at December 31, 2020, was \$1,036,290, which is an increase of \$285,116 (38.0%) over total net position at December 31, 2019 primarily due to an decrease in Long Term Revenue Bonds Payable due to the issuance of the Series 2020A-E General Airport Senior Lien Revenue Refunding Bonds, which produced savings from refundings of \$241,318.

Capital asset additions for 2020 were \$901,970, which primarily included additions related to the continuing construction of new runway projects (including the 9R-27L runway expansion), completion of Runway 9C-27C and associated taxiways, ongoing work related to the Terminal 5 expansion, terminal improvements and capital maintenance. Completed projects totaling \$297,538 were transferred from construction in progress to applicable buildings and other facilities capital account.

2019

Operating revenues for 2019 increased by \$191,572 (18.0%) compared to prior year operating revenues due to increases in terminal rents and landing fees of \$101,337 to fund the ongoing capital development of the \$8.5 billion O'Hare 21 Program, which includes the Terminal Area Plan, completion of the O'Hare Modernization Program (OMP) and pre-approved capital projects and allowances; increases in concessions revenue related to restaurant and auto rentals, as well as an increase of revenues from the Hilton O'Hare hotel, which is an on-airport hotel with the 30 year hotel lease ending during 2019 and was transferred to the Airport on January 1, 2019.

Operating expenses before depreciation, amortization and loss on capital asset disposals increased by \$132,318 (18.6%) compared to the prior year primarily due to increases in pension expense of \$13,233 and increases in repairs and maintenance of \$28,223 due to the provisions of the new 2018 Airline Use and Lease Agreement (“AULA”). The AULA allows for additional ongoing repairs and maintenance of up to \$40 million annually. In addition, the increase is due to professional and engineering services of \$22,352 increasing primarily due to the inclusion of a full year of the Chicago Airlines Terminal Consortium (CATCo) Operations costs in the Airport’s budget based on the new rate structure in the AULA. Other operating expenses of \$33,970 increased primarily due to increases in indirect costs and insurance; and the inclusion of \$43,021 of Hilton O’Hare expenses. These increases were offset by decreases in salaries and wages of \$8,481 due to decreased fringe benefit costs and certain salaries associated with the capital programs being capitalized.

The Airport’s total net position at December 31, 2019 was \$751,172, which was an increase of \$202,303 (36.9%) over total net position at December 31, 2018 primarily due to an increase in operating revenues, including hotel revenues, Passenger Facility Charges, Customer Facility Charges, interest income and contributed capital related to the Hilton O’Hare property transferred to the Airport, and decrease in noise mitigation expenses, resulting in positive operating income.

Capital asset additions for 2019 were \$810,272 primarily due to the continuing construction of new runway projects (including Runway 9C-27C) and associated taxiways, Hangar buildings, Automated Transit System extension, Terminal 5 expansion and terminal improvements and capital maintenance. Completed projects totaling \$860,693 were transferred from construction in progress and \$68,800 in contributed capital from the transfer of Hilton O’Hare to applicable buildings and other facilities capital account.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Airport’s basic financial statements. The Airport is included in the City of Chicago, Illinois’ (the “City”) reporting entity as an enterprise fund. The Airport’s basic financial statements comprise the basic financial statements and the notes to basic financial statements. In addition to the basic financial statements, this report also presents additional and statistical information after the notes to basic financial statements.

The Statements of Net Position present all of the Airport’s assets and liabilities using the accrual basis of accounting. The difference between assets and deferred outflows and liabilities and deferred inflows is reported as Net Position. The increase or decrease in net position may serve as an indicator, over time, whether the Airport’s financial position is improving or deteriorating. However, the consideration of other non-financial factors, such as changes within the airline industry, may be necessary in the assessment of overall financial position and health of the Airport.

The Statements of Revenues, Expenses and Changes in Net Position present all current fiscal year revenues and expenses, regardless of when cash is received or paid, and the ensuing change in Net Position.

The Statements of Cash Flows report how cash and cash equivalents were provided and used by the Airport’s operating, capital financing, and noncapital financing and investing activities. These statements present the cash received and disbursed, the net increase or decrease in cash and cash equivalents for the year and the cash and cash equivalents balance at year-end.

The Notes to Basic Financial Statements are an integral part of the basic financial statements; accordingly, such disclosures are essential to a full understanding of the information provided in the basic financial statements.

The Required Supplementary Information section presents the schedule of changes in the net pension liability and related ratios and the schedule of contributions.

In addition to the basic financial statements, this report includes the Additional Supplemental Information and Statistical Information. The Additional Supplemental Information section presents the debt service coverage calculations, and the Statistical Information section includes certain unaudited information related to the Airport's historical financial and non-financial operating results and capital activities.

The basic financial statements include all of the Airport's funds and all the operations of Hilton O'Hare, which was transferred back to the Airport on January 1, 2019 as the 30-year lease term with HLT O'Hare, Inc. ended on December 31, 2018. The Airport has entered into a 10-year operating lease agreement with Hilton Management, LLC for hotel operations and Hyde Park Hospitality, LLC and food and beverage operations. The first year the operations of Hilton O'Hare have been included in the basic financial statements was 2019.

FINANCIAL ANALYSIS

Landing fees, terminal area use charges, and fueling system charges are assessed to the various airlines throughout each fiscal year based on estimated rates. Such rates are designed to yield collections from airlines adequate to cover certain expenses and required debt service and fund deposits as determined under provisions of the AULA. In 2018, the City Council approved the new AULA for airlines operating at O'Hare, which went into effect as of July 1, 2018 for provisions regarding rates and charges. Incremental amounts due from the airlines arise when amounts assessed, based on the estimated rates used during the year, are less than actual expenses and required deposits for the year. Such incremental amounts due from airlines are included in amounts to be billed. Incremental amounts due to the airlines arise when amounts assessed, based on the estimated rates used during the year, exceed actual expenses and required deposits for the year. Such incremental amounts due to airlines are included in billings over amounts earned.

At December 31, 2020, the Airport's financial position included total assets and deferred outflows of \$13,721,937, total liabilities and deferred inflows of \$12,685,647 and net position of \$1,036,290.

A comparative condensed summary of the Airport's net position at December 31, 2020 and 2019, and 2018 is as follows (dollars in thousands):

	Net Position		
	2020	2019	2018
Current unrestricted assets	\$ 348,902	\$ 464,767	\$ 477,888
Restricted and other assets—noncurrent	3,417,160	4,201,245	4,685,005
Capital assets—net	<u>9,690,107</u>	<u>9,080,349</u>	<u>8,526,430</u>
Total assets	13,456,169	13,746,361	13,689,323
Deferred outflows	<u>265,768</u>	<u>320,158</u>	<u>450,827</u>
Total assets and deferred outflows	<u>\$ 13,721,937</u>	<u>\$ 14,066,519</u>	<u>\$ 14,140,150</u>
Current unrestricted liabilities	\$ 217,625	\$ 384,801	\$ 385,522

2020

Current unrestricted assets decreased by \$115,865 (24.9%) primarily due to a decrease in investments of \$171,143, as deferred revenue payments were made to the airlines and thus, less billed revenues were outstanding at December 31, 2020. The Airport's current ratio (current unrestricted assets/current unrestricted liabilities) at December 31, 2020 and 2019 was 1.60:1 and 1.21:1, respectively. This slight increase in the current ratio was primarily due an increase of receivables outstanding, combined with a decrease in deferred revenue, as amounts due to the airlines were settled as required in the AULA. Restricted and other assets—Noncurrent decreased by \$784,085 (18.7%), which was primarily due to a decrease in the construction funds for capital improvement projects of \$629,345 related to the ongoing O'Hare 21 and OMP programs and capitalized interest funds of \$80,366 applied to pay for 2020 debt service; offset by an increase to the Aeronautical Real Estate Fund and Airport General Fund of \$21,058 and \$43,537, respectively, two newly established funds in the AULA that capture the revenues from Cargo, Hangar and Maintenance facilities and remaining airport funds, respectively. Net capital assets increased by \$609,757 (6.7%) primarily due to ongoing capital activities of the O'Hare 21 Program, including the Terminal 5 expansion, Capital Improvement Program and the completion of Runway 9C-27C and ongoing construction of the Runway 9R-27L extension, as part of the OMP at the Airport.

The decrease in unrestricted current liabilities of \$167,175 (43.4%) is mainly related to the decrease in billings over amounts earned of \$158,876, as deferred revenue is calculated under the residual rate setting making methodology in the AULA.

Liabilities payable from restricted assets and noncurrent liabilities decreased by \$340,747 (2.7%) due primarily to the decrease of General Airport Revenue bonds payable through the combination of annual debt service payments and savings realized from the issuance of the Series 2020A-E General Airport Senior Lien Revenue Refunding Bonds. The net pension liability in the amount of \$1,561,455 slightly increased by \$54,840 (3.6%) compared to 2019 primarily as a result of changes in actuarial assumptions and the increase in allocation of pension costs to the Airport compared to Governmental funds and certain Enterprise funds.

Deferred outflows decreased by \$54,390 (17.0%) and deferred inflows decreased by \$121,777 (47.0%) during 2020 due to changes in assumptions and the difference between 2020 projected and actual earnings on pension plan investments.

As of December 31, 2020, total net position was \$1,036,290, which was an increase of \$285,116 (38.0%) from 2019 primarily due to a decrease in non-current liabilities as savings were realized on the Series 2020A-E General Airport Refunding and Revenue Bonds.

2019

Current unrestricted assets decreased by \$13,121 (2.7%) primarily due to a decrease in accounts receivable as less billed revenues were outstanding at December 31, 2019. The Airport's current ratio (current unrestricted assets/current unrestricted liabilities) at December 31, 2019 and 2018 was 1.21:1 and 1.24:1, respectively. This slight reduction in the current ratio was primarily due a reduction of receivables outstanding and a slight increase in accounts payable due to the timing of invoices received. Restricted and other assets—Noncurrent decreased by \$483,760 (10.3%) primarily due to a decrease in the construction funds for capital improvement projects of \$531,961 due to the ongoing O'Hare 21 and OMP programs and capitalized interest funds of \$120,749; offset by an increase to the Aeronautical Real Estate Fund and Commercial Real Estate Fund of \$55,539 and \$29,856, respectively, two newly established funds in the AULA that capture the revenues from Cargo, Hangar and Maintenance facilities and Hilton O'Hare activities, respectively. The 2018 Bond issuance occurred at the end of 2018; thus, there were proceeds in restricted cash at the end of 2018 and during 2019, proceeds were transferred from restricted cash to restricted investments, which increased by 1,567,143 (161.1%). Net capital assets increased by \$553,919 (6.5%) primarily due to ongoing capital activities of the O'Hare 21 Program, including the Terminal 5 expansion, Capital Improvement Program and the OMP at the Airport.

The decrease in unrestricted current liabilities of \$721 (0.2%) is mainly related to the decrease in billings over amounts earned of \$11,431, as deferred revenue calculated under the residual rate setting making methodology in the AULA.

Liabilities payable from restricted assets and noncurrent liabilities decreased by \$153,061 (1.2%) due primarily to the decrease of General Airport Revenue bonds payable. Net pension liability in the amount of \$1,506,615 increased \$106,217 (7.6%) compared to 2018 primarily as a result of changes in actuarial assumptions and the increase in allocation of pension costs to the Airport compared to Governmental funds and certain Enterprise funds.

Deferred outflows decreased by \$130,669 (29.0%) and deferred inflows decreased by \$122,152 (32.1%) during 2019 due to changes in assumptions and the difference between 2019 projected and actual earnings on pension plan investments.

As of December 31, 2019, total net position was \$751,172, an increase of \$202,303 (36.9%) from 2018 primarily due to an increase in operating revenues, including hotel revenues; Passenger Facility Charges, Customer Facility Charges, interest income and contributed capital related to the Hilton O'Hare property transferred to the Airport, and decrease in noise mitigation expenses, resulting in positive operating income.

A comparative condensed summary of the Airport's changes in net position for the years ended December 31, 2020, 2019, and 2018 is as follows (dollars in thousands):

	<u>Changes in Net Position</u>		
	<u>2020</u>	<u>2019</u>	<u>2018</u>
Operating revenues:			
Landing fees and terminal charges	\$ 639,862	\$ 811,270	\$ 709,933

Change in net position	285,118	202,303	132,927
Net position beginning of year	<u>751,172</u>	<u>548,869</u>	<u>415,942</u>
Net position end of year	<u>\$ 1,036,290</u>	<u>\$ 751,172</u>	<u>\$ 548,869</u>

2020

Landing fees and terminal area use charges for the years 2020 and 2019 were \$639,862 and \$811,270, respectively. Rents, concessions, and other revenues were \$247,385 and \$375,601 for the years 2020 and 2019, respectively. The decrease in 2020 operating revenues of \$347,873 (27.8%) compared to 2019 was primarily due to decreased landing fees of \$5,365 and, terminal area use charges of \$166,042 as passenger and flight activity was reduced due to the impact of the COVID-19 pandemic on travel and tourism.

Salaries and wages increased by \$8,786 (4.1%) in 2020 compared to 2019, which was due to contractual wage increases and retroactive payments on the new Collective Bargaining Agreements. Repairs and maintenance expenses increased by \$1,744 (1.2%) due to contractual increases. Professional and engineering costs increased \$6,988 (5.2%) due to ongoing planning work for the \$8.5 billion O'Hare 21 Program. Other operating expenses decreased by \$31,779 (21.3%) due to decreases in utilities, insurance costs and indirect expenses. Other operating expenses are mainly comprised of certain employee costs, insurance premiums, indirect costs, materials and supplies, utilities, vehicle purchases, and the provision for doubtful accounts.

Pension expense was \$45,419 in 2020 and \$159,153 in 2019, which is a decrease of \$113,734 as a result of composition of amounts being amortized from deferred inflows and outflows related to prior assumptions changes and differences between projected and actual earnings on pension plan investments. During 2020, the Airport made cash contributions of \$71,044 toward the pension plans.

The 2020 nonoperating revenues of \$547,755 are comprised of Passenger Facility Charges (PFC) of \$61,279 (a decrease of \$110,714, or 64.4%), Customer Facility Charges (CFC) of \$14,992 (a decrease of \$25,323, or 62.8%), other nonoperating revenue of \$131,988 and investment income of \$45,054 (a decrease of \$21,048, or 31.8%), all impacted by the reduction of passenger traffic due to the COVID-19 pandemic. The Airport received CARES Act grant revenue of \$294,442 from the Federal Aviation Administration (FAA) to help mitigate losses in revenue due to the impact of the COVID-19 pandemic on air travel and tourism.

Nonoperating expenses were \$335,596 and \$324,370 for the years 2020 and 2019, respectively. The increase of \$11,226 (3.5%) from 2019 to 2020 was mainly due to the increase in bond issuance costs of \$9,302 for the Series 2020A-E General Airport Refunding and Revenue Bonds and the fact that no bonds were issued in 2019.

Capital grants, comprised mainly of federal grants, increased from \$77,923 in 2019 to \$151,284 in 2020, a 94.1% increase mainly as a result of the timing associated with when capital expenditures became eligible for grant reimbursement from the federal government and increase in the allotment of Airport Improvement Program (AIP) grant funding from the FAA.

2019

Landing fees and terminal area use charges for the years 2019 and 2018 were \$811,270 and \$709,933, respectively. Rents, concessions, and other revenues were \$375,601 and \$351,980 for the years 2019 and 2018, respectively. The increase in 2019 operating revenues of \$191,572 (18.04%) compared to 2018 was primarily due to increased landing fees of \$101,337, terminal area use charges of \$23,621 and due to increases in terminal rents and landing fees of \$101,337 to fund the ongoing capital development for the \$8.5 billion O'Hare 21 Program, including the completion of the O'Hare Modernization Program and ongoing capital projects; increases in concessions revenue related to restaurant and auto rentals, and an increase of revenues from the Hilton O'Hare hotel, an on-airport hotel, as the 30 year hotel lease ended and was transferred to the Airport on January 1, 2019.

Salaries and wages decreased \$8,841 (3.8%) in 2019 compared to 2018, which was attributable to decreased fringe benefit costs and certain salaries associated with the capital programs being capitalized. Repairs and maintenance expenses increased by \$28,223 (24.5%) from the prior year due to the provisions of the 2018 AULA that allows for additional ongoing repairs and maintenance of up to \$40 million annually. Professional and engineering costs increased \$22,352 (20.0%) from the prior year primarily due to the inclusion of a full year of the CATCo operating expenses in the Airport's budget based on the new rate structure in the AULA. Other operating expenses increased by \$33,970 (29.5%) due to increases in insurance costs and indirect expenses. Other operating expenses are mainly comprised of certain employee costs, insurance premiums, indirect costs, materials and supplies, utilities, vehicle purchases, and the provision for doubtful accounts.

Pension expense for 2019 increased by \$13,233 from \$145,920 in 2018 to \$159,153 in 2019 as a result of composition of amounts being amortized from deferred inflows and outflows related to prior assumptions changes and differences between projected and actual earnings on pension plan investments. During 2019, the Airport made cash contributions of \$56,194 toward the pension plans.

The 2019 nonoperating revenues of \$294,202 are comprised of Passenger Facility Charges (PFC) of \$171,993 (an increase of \$8,730, or 5.3%, due to an increase in enplaned passengers), Customer Facility Charges (CFC) of \$40,315 (an increase of \$1,478, or 3.8% due to higher transaction days), other nonoperating revenue of \$15,792 and investment income of \$66,102 (an increase of \$29,395, or 80.1% due to better long-term investment management).

Nonoperating expenses were \$324,370 and \$326,129 for the years 2019 and 2018, respectively. The decrease of \$1,759 (0.5%) for 2019 over 2018 was mainly due to decreased noise mitigation costs as a result of the reconfiguration of the Residential Sound Insulation Program.

Capital grants, comprised mainly of federal grants, decreased from \$131,020 in 2018 to \$77,923 in 2019, which was a 40.5% decrease decreased mainly as a result of the timing associated with when capital expenditures became eligible for grant reimbursement from the federal government and increase in the allotment of AIP grant funding from the FAA.

A comparative summary of the Airport's changes in cash flows for the years ended December 31, 2020, 2019, and 2018 is as follows (dollars in thousands):

	Cash Flows		
	2020	2019	2018
Cash provided by (used in) activities:			
Operating	\$ 117,793	\$ 498,093	\$ 520,670
Capital and related financing	(1,075,881)	(1,135,482)	863,075
Noncapital financing	(4,961)	(2,369)	(5,454)
Investing	<u>433,940</u>	<u>(1,598,690)</u>	<u>700,543</u>
Net change in cash and cash equivalents	(529,109)	(2,238,448)	2,078,834
Cash and cash equivalents:			
Beginning of year	<u>1,723,808</u>	<u>3,962,256</u>	<u>1,883,422</u>
End of year	<u>\$ 1,194,699</u>	<u>\$ 1,723,808</u>	<u>\$ 3,962,256</u>

2020

As of December 31, 2020, the Airport's cash and cash equivalents of \$1,194,699 decreased by \$529,109 compared to \$1,723,808 at December 31, 2019 due to expenditures on capital projects and current year bond issuances of \$1,075,881 that were invested in the current year and operating activities of \$117,793 and by investing activities of \$433,940. Total cash and cash equivalents at December 31, 2020, were comprised of unrestricted and restricted cash and cash equivalents of \$178,842 and \$1,015,857, respectively.

2019

As of December 31, 2019, the Airport's cash and cash equivalents of \$1,723,808 decreased by \$2,238,448 compared to \$3,962,256 at December 31, 2018, due to capital and current year bond issuances of \$1,135,482 that were invested in the current year and operating activities of \$498,093 and by investing activities of \$1,598,690. Total cash and cash equivalents at December 31, 2019, were comprised of unrestricted and restricted cash and cash equivalents of \$140,430 and \$1,583,378, respectively.

CAPITAL ASSET AND DEBT ADMINISTRATION

At the end of 2020 and 2019, the Airport had \$9,690,107 and \$9,080,349, respectively, invested in net capital assets. During 2020, the Airport had additions of \$901,970 related to capital activities, which included continued work on the Terminal 5 expansion, concourse improvements, ATS rail, terminal improvements, and runway and taxiway construction and improvements, including the completion of Runway 9C-27C and construction of the expansion of Runway 9R-27L, the last remaining project for the OMP, scheduled to be completed by 2022.

During 2020, completed projects totaling \$297,538 were transferred from construction in progress to applicable buildings and other facilities capital accounts. These major completed projects were related to the completion of Runway 9C-27C, Fuel Line Relocation, terminal improvements, and runway and taxiway improvements.

The Airport's capital assets at December 31, 2020, 2019, and 2018 are summarized as follows (dollars in thousands):

	Capital Assets at Year-End		
	2020	2019	2018
Capital assets not depreciated:			
Land	\$ 892,248	\$ 892,248	\$ 892,248
Construction in progress	<u>1,860,563</u>	<u>1,256,131</u>	<u>1,306,552</u>
Total capital assets not depreciated	<u>2,752,811</u>	<u>2,148,379</u>	<u>2,198,800</u>
Capital assets depreciated:			
Buildings and other facilities	11,324,632	11,033,354	10,229,588
Less accumulated depreciation for:			
Buildings and other facilities	<u>(4,387,336)</u>	<u>(4,101,384)</u>	<u>(3,901,958)</u>
Total capital assets depreciated—net	<u>6,937,296</u>	<u>6,931,970</u>	<u>6,327,630</u>
Total property and facilities—net	<u>\$ 9,690,107</u>	<u>\$ 9,080,349</u>	<u>\$ 8,526,430</u>

The Airport's capital activities are funded through Airport revenue bonds, federal and state grants, PFC revenue and CFC revenue. Additional information on the Airport's capital assets is presented in Note 5 of the notes to the basic financial statements.

The Airport has no outstanding Commercial Paper Notes at December 31, 2020.

During 2020, the Airport issued \$1,219.1 million of Chicago O'Hare International Airport Senior Lien Revenue Refunding Bonds, Series 2020 ABCDE. The bonds having interest rates ranging from 0.959% to 5.000% with maturity dates ranging from January 1, 2023 to January 1, 2040. Certain net proceeds were used to refund certain maturities of outstanding bonds. Certain net proceeds were used and to fund the debt reserve deposit requirement and to pay the cost of issuance of the bonds.

The Airport's outstanding debt at December 31, 2020, 2019, and 2018 is summarized as follows (dollars in thousands):

	Outstanding Debt at Year-End		
	2020	2019	2018
Revenue bonds, notes and TIFIA Loan	\$ 9,609,566	\$ 10,047,551	\$ 10,317,980
Unamortized— Bond premium	<u>620,589</u>	<u>559,884</u>	<u>610,467</u>
Total outstanding debt—net	10,230,155	10,607,435	10,928,447
Current portion	<u>(194,650)</u>	<u>(276,715)</u>	<u>(291,035)</u>
Total long-term revenue bonds and notes payable—net	<u>\$ 10,035,505</u>	<u>\$ 10,330,720</u>	<u>\$ 10,637,412</u>

Additional information on the Airport's long-term debt is presented in Note 4 of the notes to basic financial statements, and the Statistical Information section of this report.

The Airport's revenue bonds at December 31, 2020, had credit ratings with each of the four major rating agencies as follows:

	Moody's Investor Services	Standard & Poor's	Fitch Ratings	Kroll Ratings
Senior Lien General Airport Revenue Bonds	A2	A	A	A+
PFC Revenue Bonds	A2	A	A	NR
CFC Revenue Bonds	Baa1	BBB	NR	NR

At December 31, 2020 and 2019 the Airport believes it was in compliance with the debt covenants as stated within the Master Trust Indentures.

ECONOMIC FACTORS AND NEXT YEAR RATES AND CHARGES

In 2020, despite the impact of the COVID-19 pandemic on travel and tourism, the Airport was ranked as the second busiest airport in the world, measured in terms of total aircraft operations, fourth in the United States in terms of total passengers, and seventh in the United States in terms of cargo. The Airport had 15.4 million and 42.2 million enplaned passengers in 2020 and 2019, respectively. The strong origin-destination passenger demand and the Airport's central geographical location near the center of the United States and along the most heavily traveled east/west air routes make the Airport a natural hub location, which has been beneficial as the Airport is recovering from the COVID-19 pandemic.

United Airlines and American Airlines each use the Airport as one of their major hubs. United Airlines (including its regional affiliates) comprised 44.0% of the Airport's enplaned passengers in 2020 and 44.5% of the enplaned passengers in 2019, while American Airlines (including its regional affiliates) comprised 36.7% of the Airport's enplaned passengers in 2020 and 35.2% of the enplaned passengers in 2019.

Based on the Airport's rates and charges for fiscal year 2021, total budgeted Operating and Maintenance Expenses (including Allowable Airline Liaison Office Expenses) are projected at \$662,250 and total Capital Costs, including net debt service, pre-approved allowances, and fund deposit requirements, are projected at

\$409,961. Additionally, 2021 nonairline revenues and credits are budgeted at \$269,317, including \$63,047 related to the application of the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act and American Rescue Plan (ARP) Act funds either as a reduction to Operating and Maintenance Expenses or to supplement impacts to revenue, which were allocated to the Airport by the FAA, as discussed in Note 11, resulting in a net airline requirement of \$802,894 that will be funded through landing fees, terminal area use charges, common use and joint use charges.

As discussed previously in the MD&A, airports in the United States have been acutely impacted by the broad-based economic shutdown resulting from efforts to stop the spread of COVID-19, including reductions in flights and declines in passenger volumes. The outbreak has adversely affected domestic and international travel and travel-related industries. Airlines are reporting unprecedented downturns in passenger volumes and have experienced reduced levels of passenger volumes which, in turn, has resulted in a significant reduction in scheduled service. The Airport expects the CARES Act, CRRSA and ARP Act funding to improve its liquidity and strengthen its ability to withstand expected decreases in revenues during Fiscal Year 2021 and Fiscal Year 2022 that it anticipates as a result of the current and ongoing effects of the COVID-19 pandemic.

REQUESTS FOR INFORMATION

This financial report is designed to provide the reader with a general overview of the Airport's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Chicago Department of Finance.

(Concluded)

CITY OF CHICAGO, ILLINOIS

CHICAGO O'HARE INTERNATIONAL AIRPORT

NOTES TO BASIC FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization—Chicago O'Hare International Airport (the "Airport" or "O'Hare") is operated by the City of Chicago Illinois (the "City") Department of Aviation. The Airport is included in the City's reporting entity as an enterprise fund. The City is a member of the Chicago-Gary Regional Airport Authority, which was created in 1995 to address the air transportation needs of the Chicago-Northwest Indiana Region. A new Airline Use and Lease Agreement ("AULA") was authorized by City Council, which went into effect as of May 12, 2018 and the provisions regarding rates and charges became effective on July 1, 2018. The AULA expiration date is December 31, 2033.

On January 1, 2019, the Hilton O'Hare was transferred to the Airport as the 30-year lease term with HLT O'Hare, Inc. ended on December 31, 2018. The Hilton O'Hare building was recorded at a fair value of \$68,800 in the financials as a capital contribution. Other assets and liabilities that were transferred to the Airport were immaterial. The Airport has entered into a 10-year operating lease agreement with Hilton Management, LLC for hotel operations and Hyde Park Hospitality, LLC and food and beverage operations. 2019 is the first year where the operations of Hilton O'Hare have been included in the financial statements.

Basis of Accounting and Measurement Focus—The accounting policies of the Airport are based upon accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board (GASB). The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The accounts of the Airport are reported using the flow of economic resources measurement focus.

The Airport uses the accrual basis of accounting, under which revenues are recognized when earned and expenses are recognized when incurred.

Annual Appropriated Budget—The Airport has a legally adopted annual budget, which is not required to be reported.

Management's Use of Estimates—The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the basic financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from the estimates.

Cash, Cash equivalents, and Investments—Cash, cash equivalents, and investments generally are held with the City treasurer as required by the Municipal Code of Chicago (the "Code"). Interest earned on pooled investments is allocated to participating funds based upon their average combined cash and investment balances. Due to contractual agreements or legal restrictions, the cash and investments of certain funds are segregated and earn and receive interest directly.

The Code permits deposits only to City Council-approved depositories, which must be regularly organized state or national banks and federal or state savings and loan associations, located within the City, whose deposits are federally insured.

Investments are limited to those authorized by the Code. Investments authorized by the Code include, but are not limited to, interest-bearing general obligations of the City, the State of Illinois (the "State"), and the U.S. government; U.S. Treasury bills and other non-interest-bearing general obligations of the U.S. government purchased in the open market below face value; commercial paper; domestic money market mutual funds regulated by and in good standing with the Securities and Exchange Commission; and tax anticipation warrants issued by the City (see Note 2). The City is prohibited by ordinance from investing in derivative instruments, as defined, without City Council approval.

The Airport values its investments at fair value or amortized cost as applicable. U.S. government securities and commercial paper purchased at a price other than par with a maturity of less than one year are reported at amortized cost.

Repurchase agreements can be purchased only from banks and certain other institutions authorized to do business in the State. The City Treasurer requires that securities pledged to secure these agreements have a fair value equal to the cost of the repurchase agreements plus accrued interest.

Investments, generally, do not have a maturity in excess of 30 years from the date of purchase. Certain other investment balances are held in accordance with the specific provisions of the applicable bond ordinances.

Cash equivalents include investments with maturities of three months or less when purchased.

Accounts Receivable Allowance—Management has provided an allowance for amounts recorded at year-end, which may be uncollectible.

Due from other Governments—These are receivables due from federal and state agencies, related to grants receivable. These funds are for reimbursement of capital improvements under the Airport Improvement Program.

Transactions with the City—The City's general fund provides services to the Airport. The amounts allocated to the Airport for these services are treated as operating expenses by the Airport and consist mainly of employee benefits, self-insured risks, and administrative expenses.

Property and Facilities—Property and facilities are recorded at cost or, for donated assets, donated works of art and similar items, and capital assets received in a consortium arrangement at acquisition value. Expenditures greater than \$5,000 for the acquisition, construction, or equipping of capital projects, together with related design, architectural, and engineering fees, are capitalized. Expenditures for vehicles and other movable equipment are expensed as incurred. Losses on capital assets disposal are classified as operating expenses as the disposals create operational efficiencies, such as decommissioning cross-field runways to construct parallel runways for simultaneous use of multiple runways.

Depreciation and amortization are provided using the straight-line method and begin in the year following the year of acquisition or completion. Estimated useful lives are as follows:

Runways, aprons, tunnels, taxiways, and paved roads	30 years
Water drainage and sewer system	20–50 years
Refrigeration and heating systems	30 years
Buildings	40 years
Building/land improvements	8–40 years
Electrical system	15–20 years
Other	3–30 years

Deferred Outflows—Deferred outflows represent unamortized loss on bond refundings and differences between estimated and actual investment earnings related to pensions, and changes in actuarial assumptions related to pensions.

Debt—Debt is defined as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. For disclosure purposes, debt does not include leases, except for contracts reported as financed purchase of the underlying asset, or accounts payable.

Deferred Inflows—Deferred inflows represent the differences between projected and actual actuarial experience and changes in assumptions related to pensions.

Net Position—Net position comprises the net earnings from operating and nonoperating revenues, expenses, and capital grants. Net position is displayed in three components—net investment in capital assets; restricted for debt service, capital projects, PFCs, airline use agreement and airport general fund, CFCs, and other assets; and unrestricted. Net investment in capital assets consists of all capital assets, net of accumulated depreciation, and reduced by outstanding debt, net of debt service reserve and unspent proceeds. Restricted net position consists of net position on which constraints are placed by external parties (such as lenders and grantors), laws, regulations and enabling legislation. Unrestricted net position consists of all other net position not categorized as either of the above.

Employee Benefits—Employee benefits are granted for vacation and sick leave, workers’ compensation, and health care. Specified unused vacation leave is accrued and may be carried over for one year. Sick leave is accumulated at the rate of one day for each month worked, up to a maximum of 200 days. Severance of employment terminates all rights to receive compensation for any unused sick leave. Sick leave pay is not accrued. Employee benefit claims outstanding, including claims incurred but not reported, are estimated and recorded as liabilities. The Airport maintains insurance from a commercial carrier for workers’ compensation claims. Settlements in each of the past two years have been less than insurance coverage maintained.

Employees are eligible to defer a portion of their salaries until future years under the City’s deferred compensation plan created in accordance with Internal Revenue Code Section 457. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The plan is administered by third-party administrators who maintain the investment portfolio. The plan’s assets have been placed in trust accounts with the plan administrators for the exclusive benefit of participants and their beneficiaries and are not considered assets of the City.

The City is subject to the State of Illinois Unemployment Compensation Act and has elected the reimbursing employer option for providing unemployment insurance benefits for eligible former employees. Under this option, the City reimburses the State for claims paid by the State.

Bond Insurance Costs, and Bond Premiums, and Discounts—Bond insurance costs and bond premiums and discounts are deferred and amortized over the term of the related debt. Other debt issuance costs are expenses in the period incurred.

Capitalized Interest—Interest expense on construction bond proceeds are capitalized during construction on those capital projects paid from the bond proceeds and are being amortized over the depreciable life of the related assets on a straight-line basis.

Capital Grants—The Airport reports capital grants as revenue on the statements of revenues, expenses, and changes in net position. Capital grants are on a reimbursement basis and revenues are recognized when associated capital expenditures become eligible and are spent for grant reimbursement.

Noise Mitigation Costs—Funds expended for the noise mitigation program are recorded as nonoperating expenses in the period they are incurred.

Revenue Recognition—Revenues from landing fees, terminal area use charges, fueling system charges, aeronautical real estate revenue, parking revenue, hotel revenue and concessions are reported as operating revenues. The Airport adheres to the guidelines outlined in the Federal Aviation Administration (FAA) revenue use policy. Landing fees, terminal area use charges, and fueling system charges are assessed to the various airlines throughout each fiscal year based on estimated rates. Such rates are designed to yield collections from airlines adequate to cover certain expenses and required debt service and fund deposits as determined under provisions of the AULA. As noted above, in 2018, the City Council approved the new AULA for airlines operating at O’Hare. Provisions regarding rates and charges became effective on July 1, 2018. The structure of rates and charges was updated to better align costs to airlines based on their preferential versus common use status. Incremental amounts due from the airlines arise when amounts assessed, based on the estimated rates used during the year, are less than actual expenses and required deposits for the year. Such incremental amounts due from airlines are included in amounts to be billed. Incremental amounts due to the airlines arise when amounts assessed, based on the estimated rates used during the year, exceed actual expenses and required deposits for the year. Such incremental amounts due to airlines are included in billings over amounts earned. In addition, the revenues earned by the Hilton O’Hare are included in the 2019 financials, as Hilton O’Hare was transferred back to the Airport on January 1, 2019 is the first year where the operations of Hilton O’Hare have been included in the basic financial statements.

Passenger Facility Charge (PFC) Revenue—The Airport imposed PFCs of \$4.50 per eligible enplaned passenger for the years ended December 31, 2020 and 2019, respectively. PFCs are available, subject to Federal Aviation Administration regulation and approval, to finance specific eligible capital projects. The City reports PFC revenue as nonoperating revenue and related noncapital expenses as nonoperating expenses in conformity with industry practice.

Customer Facility Charge (CFC) Revenue—The Airport imposed a CFC of \$8.00 per contract day on each customer for motor vehicle rentals at the Airport for the years ended December 31, 2019 and 2018, respectively. CFCs are available to finance specific eligible capital projects. The City reports CFC revenue as nonoperating revenue and related noncapital expenses as nonoperating expenses in conformity with industry practice.

Grants and Federal Reimbursements—Grants and Federal reimbursements are recorded as revenue in the accounting period in which eligibility requirements have been met to receive reimbursement of federal funds.

The Coronavirus Aid, Relief, and Economic Security Act (“CARES” or “CARES Act”), approved by the United States Congress and signed by the President on March 27, 2020, is one of the actions to address the crisis created by the COVID-19 pandemic and includes among its relief measures direct aid for airports. The Airport is eligible to receive \$294.4 million of CARES Act funds and drew down \$294.4 million of cash in 2020. The CARES Act allows airports to request reimbursement of any lawful expense.

Final Settlement of 1983 Airport Use and Lease Agreement – Per Section 8.18.4 of the 2018 AULA, once the Final Settlement for 2018, the final year of the 1983 Airport Use and Lease Agreement, was completed, the Airport retained any net credits or debits due to or due from the airlines. This process was completed in 2020 and resulted in a \$122.7 million credit recorded as non-operating revenues for the Airport.

Expenses—Salaries and wages, pension expense, repair and maintenance, professional and engineering services, hotel expenses and other expenses that relate to Airport operations are reported as operating expenses. Interest expense, PFC expenses, financing costs, and noise mitigation costs are reported as nonoperating expenses. In addition, the expenses by the Hilton O’Hare are included in the 2019 financials, as Hilton O’Hare was transferred back to the Airport on January 1, 2019 is the first year where the operations of Hilton O’Hare have been included in the basic financial statements.

Adopted Accounting Standards—

GASB Statement	Impact
GASB Statement No. 84, <i>Fiduciary Activities</i> (“GASB 84”)	Improves the guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Airport adopted GASB 84 for the fiscal year ended December 31, 2020 and there was no impact to the Airport’s financial statements.
GASB Statement No. 88, <i>Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements</i> (“GASB 88”)	Improves the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The Airport adopted GASB 88 for the fiscal year ended December 31, 2020, which required additional disclosures included in the debt footnote (see Note 4).
GASB Statement No. 90, <i>Majority Equity Interests an amendment of GASB Statements No. 14 and No. 61</i> (“GASB 90”)	Improves the consistency and comparability of reporting a government’s majority equity interest in a legally separate organization and the relevance of financial statement information for certain component units. The Airport adopted GASB 90 for the fiscal year ended December 31, 2020 and there was no impact to the Airport’s financial statements.

GASB Statement	Impact
GASB Statement No. 83, <i>Certain Asset Retirement Obligations</i> (“GASB 83”)	Addresses accounting and financial reporting for certain asset retirement obligations (AROs). A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets will have to recognize a liability based on the guidance in this statement. GASB 83 also requires disclosure of information about the nature of a government’s AROs, the methods and assumptions used for the estimates of the liabilities, and the estimated remaining useful life of the associated tangible capital assets. The Airport adopted GASB 83 for the fiscal year ended December 31, 2020 and there was no impact to the Airport’s financial statements.
GASB Statement No. 92, <i>Omnibus 2020</i> (“GASB 92”)	Aims to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB statements. More comparable reporting will improve the usefulness of information for users of state and local government financial statements. Certain elements of GASB 92 were effective in fiscal year 2020 and the adoption of the certain elements had no impact on the financial statements. The remainder of GASB 92 will be effective for the Airport beginning with its year ending December 31, 2022.

Upcoming Accounting Standards— GASB has issued the following pronouncements that may affect the future financial position, results of operations, cash flows, or financial presentation of the Airport upon implementation. Management has not yet evaluated the effect of implementation of these standards.

GASB Accounting Standard	Required Year of Adoption
GASB Statement No. 87, <i>Leases</i> (“GASB 87”)	2022
GASB Statement No. 89, <i>Accounting for Interest Cost Incurred before the End of a Construction Period</i> (“GASB 89”)	2021
GASB Statement No. 91, <i>Conduit Debt Obligations</i> (“GASB 91”)	2022
GASB Statement No. 93, <i>Replacement of Interbank Offered Rates</i> (“GASB 93”)	2022

GASB Accounting Standard	Required Year of Adoption
GASB Statement No. 94, <i>Public-Private and Public-Public Partnerships and Availability Payment Arrangements</i> (“GASB 94”)	2023
GASB Statement No. 96, <i>Subscription-based Information Technology Arrangements</i> (“GASB 96”)	2023
GASB Statement No. 97, <i>Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans</i> (“GASB 97”)	2022

2. RESTRICTED AND UNRESTRICTED CASH EQUIVALENTS AND INVESTMENTS

Cash Equivalents and Investments—The Airport had investments as of December 31, 2020, as follows (dollars in thousands):

Investment Type	Maturities (in Years)				Fair Value
	Less than 1	1–5	6–10	More than 10	
US agencies	\$ 39,946	\$ 861,696	\$ -	\$ -	\$ 901,642

Municipal bonds	34,172	52,900	50,488	65,303	202,863
Certificates of deposits and other short term	<u>1,391,783</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>1,391,783</u>
Subtotal	<u>\$ 3,303,712</u>	<u>\$ 811,977</u>	<u>\$ 123,290</u>	<u>\$ 106,232</u>	<u>\$ 4,345,211</u>

US agencies include investments in government-sponsored enterprises, such as Federal National Mortgage Association, Federal Home Loan Banks, and Federal Home Loan Mortgage Corp.

Investments Fair Value Measurements—The City categorizes the fair value measurements of its investments based the hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation techniques used to measure fair value.

Level 1—Inputs are unadjusted quoted prices in active markets for identical assets

Level 2—Observable inputs other than quoted market prices, and

Level 3—Unobservable Inputs

The investments measured at fair value as of December 31, 2020 and 2019 were (dollars in thousands):

	2020			2019		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
US agencies	\$ -	\$ 896,642	\$ -	\$ -	\$ 998,349	\$ -
Commercial paper	-	-	-	-	19,708	-
Corporate bonds	-	178,502	-	-	155,483	-
Municipal bonds	-	205,562	-	-	202,862	-
Total investments at fair value	<u>\$ -</u>	<u>\$ 1,280,706</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,376,402</u>	<u>\$ -</u>

Investments that are valued through other observable inputs (Level 2), are valued using methods that include, but are not limited to, model processes, benchmark curves, benchmarking of like securities, sector groupings, and matrix pricing.

Money market investments and participating interest-earning investment contracts that have a remaining maturity at the time of purchase of one year or less and are held by governments other than the external investment pools are measured at amortized cost and are not reflected in the table above. The total of these investments at amortized cost for O'Hare are \$2.229 billion and \$2.969 billion as of December 31, 2020 and 2019, respectively.

Interest Rate Risk—As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy requires that investments generally may not have a maturity date in excess of 30 years from the date of purchase. Certain other investments are held in accordance with the specific provisions of applicable ordinances.

Credit Risk—With regard to credit risk, the Code limits the investments in securities to:

- (1) Interest-bearing general obligations of the United States and the State of Illinois;
- (2) United States treasury bills and other non-interest-bearing general obligations of the United States or United States government agencies when offered for sale at a price below the face value of same, so as to afford the City a return on such investment in lieu of interest;
- (3) Tax anticipation warrants, municipal bonds, notes, commercial paper or other instruments representing a debt obligation issued by the City of Chicago;
- (4) Commercial paper which: (1) at the time of purchase, is rated in the two highest classifications by at least two accredited ratings agencies; and (2) matures not more than 270 days after the date of purchase;

- (5) Reverse repurchase agreement if: (1) the term does not exceed 90 days; and (2) the maturity of the investment acquired with the proceeds of the reverse repurchase agreement does not exceed the expiration date of the reverse repurchase agreement; Reverse repurchase agreements may be transacted with primary dealers and financial institutions, provided that the City has on file a master repurchase agreement;
- (6) Certificates of deposit of banks or savings and loan associations designated as municipal depositories which are insured by federal deposit insurance; provided that any amount of the deposit in excess of the federal deposit insurance shall be collateralized as noted in Custodial Credit Risk—Cash and Certificates of Deposit below;
- (7) Bankers' acceptance of banks whose senior obligations, at the time of purchase, are rated in either the AAA or AA rating categories by at least two accredited ratings agencies;
- (8) Tax-exempt securities exempt from federal arbitrage provisions applicable to investments of proceeds of the City's tax-exempt debt obligations;
- (9) Domestic money market mutual funds regulated by and in good standing with the Securities and Exchange Commission; provided that such money market mutual funds' portfolios are limited to investments authorized by this section;
- (10) Any other suitable investment instrument permitted by state laws governing municipal investments generally, subject to the reasonable exercise of prudence in making investments of public funds;
- (11) Except where otherwise restricted or prohibited, a non-interest-bearing savings account, non-interest-bearing checking account or other non-interest bearing demand account established in a national or state bank, or a federal or state savings and loan association, when, in the determination of the treasurer, the placement of such funds in the non-interest bearing account is used as compensating balances to offset fees associated with that account that will result in cost savings to the City;
- (12) Bonds of companies organized in the United States with assets exceeding \$1 billion that, at the time of purchase, are rated not less than two ratings above investment grade, or equivalent rating, by at least two accredited ratings agencies;
- (13) Debt instruments of international financial institutions, including but not limited to the World Bank and the International Monetary Fund, that, at the time of purchase, are rated within 4 intermediate credit ratings of the United States sovereign credit rating by at least two accredited ratings agencies, but not less than an A-rating, or equivalent rating. The maturity of investments authorized in this subsection shall not exceed 10 years. For purposes of this subsection, an "international financial institution" means a financial institution that has been established or chartered by more than one country and the owners or shareholders are generally national governments or other international institutions such as the United Nations;
- (14) United States dollar denominated debt instruments of foreign sovereignties that, at the time of purchase, are rated within 4 intermediate credit ratings of the United States sovereign credit rating by at least two accredited ratings agencies, but not less than an A-rating or equivalent rating;

- (15) Interest-bearing bonds of any county, township, city, village, incorporated town, municipal corporation, or school district, of the State of Illinois, of any other state, or of any political subdivision or agency of the State of Illinois or of any other state, whether the interest earned thereon is taxable or tax-exempt under federal law. The bonds shall be registered in the name of the city or held under a custodial agreement at a bank. The bonds shall be rated, at the time of purchase, not less than A-, or equivalent rating, by at least two accredited rating agencies with nationally recognized expertise in rating bonds of states and their political subdivisions;
- (16) Bonds registered and regulated by the Securities and Exchange Commission and for which the full faith and credit of the State of Israel is pledged for payment; provided that the bonds have an A-rating or above or equivalent rating by at least two accredited ratings agencies;
- (17) Bonds, notes, debentures, or other similar obligations of agencies of the United States rated, at the time of purchase, no less than AAA by at least two accredited rating agencies.

Total holdings across all funds held by the Airport shall have no less than an overall average rating of Aa1 on a quarterly basis, as rated by two accredited rating agencies. The Airport's exposure to credit risk as of December 31, 2020 and 2019, is as follows (dollars in thousands):

Quality Rating	2020	2019
Moody's/S & P:		
Aaa/AAA *	\$ 1,676,932	\$ 2,468,918
Aa/AA	249,399	256,723
A/A	25,287	48,795
A1/P1	1,526,104	1,469,455
A2/P2	4,993	101,320
BBB	22,097	-
Not rated *	<u>4,990</u>	<u>-</u>
Total funds	<u>\$ 3,509,802</u>	<u>\$ 4,345,211</u>

* The Airport was able to obtain quality ratings for a portion of money market mutual funds as of December 31, 2020 and 2019. The remaining investments that are not rated are primarily composed of money market mutual funds.

Custodial Credit Risk—Cash and Certificates of Deposit—This is the risk that in the event of a bank failure, the City's Deposits may not be returned. The City's Investment Policy states that in order to protect the City public fund deposits, depository institutions are to maintain collateral pledges on City deposits and certificates of deposit during the term of the deposit.

For certificates of deposit of banks or savings and loan associations designated as municipal depositories which are insured by federal deposit insurance, any amount of the deposit in excess of the federal deposit insurance shall be either: (1) fully collateralized at least 102% by: (i) marketable U.S. government securities marked to market at least monthly; (ii) bonds, notes, or other securities constituting the direct and general obligation of any agency or instrumentality of the United States; or (iii) bonds, notes or other securities constituting a direct and general obligation of any county, township, city, village, incorporated town, municipal corporation, or school district, of the State of Illinois or of any other state, or of any political subdivision or agency of the State of Illinois or any other

state which are rated in either the AAA or AA rating categories by at least two accredited ratings agencies and maintaining such rating during the term of such investments; (2) secured by a corporate surety bond issued by an insurance company licensed to do business in Illinois and having a claims-paying rating in the top rating category as rated by a nationally recognized statistical rating organization and maintaining such rating during the term of such investment; or (3) fully collateralized at least 102% by an irrevocable letter of credit issued in favor of the City of Chicago by the Federal Home Loan Bank, provided that the Federal Home Loan Bank's short-term debt obligations are rated in the highest rating category by at least one accredited ratings agency throughout the term of the certificate of deposit.

The collateral required to secure City funds must be held in safekeeping and pursuant to collateral agreements which would prohibit release or substitution of pledged assets without proper written notification and authorization of the City Treasurer. The final maturity of acceptable collateral pledged shall not exceed 120 months.

The bank balance of cash and certificates of deposit with the City's various municipal depositories was \$725.3 million. 99.4% of the bank balance was either insured or collateralized with securities held by City agents in the City's name. \$4.6 million was uncollateralized at December 31, 2020, and thus was subject to custodial credit risk.

Custodial Credit Risk—Investments—For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The City has no custodial credit risk exposure because investment securities are insured, registered and held by the City.

The investments reported in the basic financial statements as of December 31, 2020 and 2019, is as follows (dollars in thousands):

	2020	2019
Per Note 2— Investments—Airport	<u>\$ 3,509,802</u>	<u>\$ 4,345,211</u>
Per financial statements:		
Restricted investments	\$ 2,310,491	\$ 2,540,127
Unrestricted investments	26,950	198,093
Investments classified as cash and cash equivalents on the statements of net position	<u>1,172,361</u>	<u>1,606,991</u>
	<u>\$ 3,509,802</u>	<u>\$ 4,345,211</u>

3. RESTRICTED ASSETS

The General Airport Revenue Bond Ordinance ("Bond Ordinance"), the Master Indenture of Trust Securing Chicago-O'Hare International Airport Second Lien Obligations ("Second Lien Indenture"), the Master Indenture of Trust Securing Chicago-O'Hare International Airport Third Lien Obligations ("Third Lien Indenture"), the Use Agreement, and federal regulations contain various limitations and restrictions which, among other things, require the creation and maintenance of separate accounts, certain of which must be held by a trustee and into which required deposits are made by the Airport on a periodic basis to fund construction, debt retirement, operation and maintenance, and contingencies.

Restricted cash, cash equivalents, and investment balances in accordance with the Bond Ordinance, the Second Lien Indenture, and the Third Lien Indenture requirements are as follows (dollars in thousands):

Account	2020	2019
Construction	\$ 1,190,513	\$ 1,819,858
Capitalized interest	64,771	145,137
Debt service reserve	782,530	834,602
Debt service interest	385,984	496,983
Debt service principal	40,494	41,598
Operation and maintenance reserve	145,268	167,136
Maintenance reserve	3,000	3,000
Supplemental operation and maintenance reserve	41,837	24,068
Customer Facility Charge	32,289	57,784
Airport General Fund	195,042	151,505
Aeronautical Estate Fund	92,389	71,331
Commercial Real Estate Fund	38,157	43,630
Pre-Approved Allowances Fund	26,416	21,671
Other funds	<u>58,816</u>	<u>23,351</u>
Subtotal—Bond Ordinance, Master Indenture Accounts	3,097,506	3,901,654
Passenger Facility Charge	<u>228,842</u>	<u>221,851</u>
Total	<u>\$ 3,326,348</u>	<u>\$ 4,123,505</u>

Construction and capitalized interest accounts are restricted for authorized capital improvements and payment of interest costs during construction.

The debt service reserve account is restricted to the payment of debt service in the event that the balance in the debt service account is insufficient.

The debt service principal and interest accounts are restricted to the payment of bond principal and interest.

The operation and maintenance reserve account is restricted to make loans to the operation and maintenance account, as needed, which are to be repaid as funds become available. The maintenance reserve account is restricted to extraordinary maintenance expenditures.

The City has entered into arbitrage agreements under which the City has agreed to comply with certain requirements of the Internal Revenue Code of 1986, as amended, in order to maintain the exclusion of the interest on the bonds from the gross income of the recipients thereof for federal income tax purposes. The rebate account relating to each series of the bonds has been established to account for any liability of the City to make arbitrage rebate payments to the federal government relating to such series of bonds.

The Airport Development Fund is restricted and may be used by the Airport for any lawful Airport purpose. The Airport Development Fund was maintained under the O’Hare Senior Lien Bonds Master Indentures until the transition date of June 1, 2018 of the new Airline Use and Lease Agreement.

The Airport General Fund is restricted and may be used by the Airport for any lawful Airport purpose. Pursuant to section 301 in the O'Hare 2018 Master Indenture, the Special Capital Projects Fund and the Airport Development Fund are discontinued. The monies held in the Special Capital Projects Fund and the Airport Development Fund have been transferred to the Airport General Fund.

Other funds include the federal and state grant funds and the special capital projects fund. The Passenger Facility Charge account is restricted to fund eligible and approved PFC projects.

The Aeronautical Real Estate Fund is restricted and may be used by the Airports for the parcels and other areas of the Airport where aviation support, cargo, hangar and maintenance activities occur, including all roads and facilities serving such areas and associated air rights.

The Commercial Real Estate Fund is restricted and may be used by the Airport for the parcels and other areas of the Airport where commercial non-aeronautical activities such as hotel, office, non-terminal retail, public vehicle fueling and charging stations not otherwise located in facilities included in the Parking and Ground Transportation Cost Center, and other real estate development occur, including all roads, utilities and facilities serving such areas and associated air rights.

The Customer Facility Charge account is restricted to fund eligible and approved CFC projects.

At December 31, 2020 and 2019, the Airport believes it was in compliance with the funding requirements and restrictions as stated in the Bond Ordinance and Master Indenture.

4. LONG-TERM DEBT

Long Term Debt:

Long-term debt at December 31, 2020 and 2019, consisted of the following (dollars in thousands):

	2020	2019
Senior lien bonds (formerly third lien):		
\$29,360 Series 2004 F and G third lien revenue refunding bonds issued December 2, 2004, due through 2023; interest at 5.30%–5.35%	\$ 10,680	\$ 28,840
\$300,000 Series 2005 C and D third lien revenue bonds issued December 22, 2005, due through 2035; variable floating interest rate 1.69% and 1.70% at December 31, 2019	-	240,600
\$578,000 Series 2010 B third lien revenue bonds issued April 29, 2010, due through 2040; interest at 6.145%–6.845%	328,000	578,000
\$171,450 Series 2010 C third lien revenue bonds issued April 29, 2010, due through 2035; interest at 4.00%–5.25%	-	171,450

* The beginning total long-term debt balance for 2020 and 2019 excludes the line of credit of \$0 and \$2,040, respectively since it was reclassified to short term. The line of credit outstanding at December 31, 2020 and at December 31, 2019 was \$0 and \$0, respectively.

Interest expense capitalized for 2020 and 2019 totaled \$116.3 million and \$137.5 million, respectively. Interest income capitalized for 2020 and 2019 totaled \$20.1 million and \$46.6 million, respectively. Interest expense includes amortization of the deferred loss on bond refunding for 2020 and 2019 of \$11.6 million and \$11.8 million, respectively, and amortization of \$49.1 million of premium, net, and \$50.6 million of premium, net, respectively.

Issuance of Debt—

In October 2020, the Airport sold \$494.3 million of Chicago O’Hare International Airport Senior Lien Revenue Refunding Bonds, Series 2020 A (Non-AMT) at a premium of \$89.8 million. The bonds have interest rates ranging from 4% to 5% and have maturity dates from January 1, 2028, through January 1, 2040. Certain net proceeds of \$579.1 million together with \$11.5 million transferred from the debt service and debt service reserve accounts were used to fully defease the Series 2005 C General Airport Revenue Bonds, Series 2005 D General Airport Revenue Bonds and Series 2010F General Airport Revenue Bonds (\$336.6 million of principal and \$1.5 million of interest) and partially defease the Series 2010B General Airport Revenue Bonds (\$250.0 million of principal and \$5.5 million of interest); and certain net proceeds of \$5.0 million were used to pay the cost of issuance. The current refunding resulted in a difference between the acquisition price and the net carrying amount of \$3.1 million that will be charged to the operations over 16 to 21 years using the straight-line method. The current refunding decreased the Airport’s total debt service by \$99.1 million and resulted in an economic gain (difference between the present values of the old debt and the new debt service payments) of \$71.8 million.

In October 2020, the Airport sold \$137.2 million of Chicago O'Hare International Airport Senior Lien Revenue Bonds, Series 2020 B (Non-AMT Private Activity) at a premium of \$33.3 million. The bonds have interest rate ranging from 4% to 5% and have maturity dates from January 1, 2023, through January 1, 2035. Certain of net proceeds of \$169.5 million together with \$4.8 transferred from the debt service and debt service reserve accounts were used to fully defease the Series 2010C General Airport Revenue Bonds (\$171.4 million of principal and \$2.9 million of interest); and certain of net proceeds of \$1.0 million were used to pay the cost of issuance of the bonds. The current refunding resulted in a difference between the acquisition price and the net carrying amount of \$2.3 million that will be charged to the operations over 16 years using the straight-line method. The current refunding decreased the Airport's total debt service by \$51.5 million and resulted in an economic gain (difference between the present values of the old debt and the new debt service payments) of \$43.0 million.

In October 2020, the Airport sold \$59.9 million of Chicago O'Hare International Airport Senior Lien Revenue Bonds, Series 2020 C (Non-AMT) at a premium of \$8.4 million. The bonds have interest rate ranging at 4% and have maturity dates from January 1, 2034, through January 1, 2039. Certain of net proceeds of \$67.6 million together with \$6.5 transferred from the debt service and debt service reserve accounts were used to fully defease the Series 2011A General Airport Revenue Bonds (\$72.1 million of principal and \$2.0 million of interest); and certain net proceeds of \$0.7 million were used to pay the cost of issuance of the bonds. The current refunding resulted in a difference between the acquisition price and the net carrying amount of \$2.2 million that will be charged to the operations over 20 years using the straight-line method. The current refunding decreased the Airport's total debt service by \$38.2 million and resulted in an economic gain (difference between the present values of the old debt and the new debt service payments) of \$25.4 million.

In October 2020, the Airport sold \$465.8 million of Chicago O'Hare International Airport Senior Lien Revenue Bonds, Series 2020 D (Taxable) at a par The bonds have interest rate ranging from 0.959% to 3.006% and mandatory redemption maturity dates from January 1, 2023, through January 1, 2038. Certain of net proceeds of \$462.4 million together with \$47.0 transferred from the debt service and debt service reserve accounts were used to fully defease the Series 2012A&B General Airport Revenue Bonds (\$353.4 million of principal and \$24.1 million of interest) and partially defease the Series 2004F, 2013A, 2013B, 2013C, 2013D, 2015B, 2015D and 2016D General Airport Revenue Bonds (\$123.6 million of principal and \$ 8.3 million of interest); and certain net proceeds of \$3.4 million were used to pay the cost of issuance of the bonds. The advance refunding resulted in a difference between the acquisition price and the net carrying amount of \$10.0 million that will be charged to the operations over 4 to 19 years using the straight-line method. The advance refunding decreased the Airport's total debt service by \$27.9 million and resulted in an economic gain (difference between the present values of the old debt and the new debt service payments) of \$20.6 million.

In October 2020, the Airport sold \$61.9 million of Chicago O'Hare International Airport Senior Lien Revenue Bonds, Series 2020 E (Non-AMT) at a premium of \$11.6 million. The bonds have interest rate ranging from 4% to 5% and have maturity dates from January 1, 2030, through January 1, 2040 Certain of net proceeds of \$66.2 million together with \$11.4 transferred from the debt service, debt service reserve accounts and construction accounts were used to fully defease the Series 2010 A&B Passenger Facility Revenue Bonds (\$76.3 million of principal and \$1.3 million of interest); certain pf net proceeds of \$6.6 million were used to pay the debt service reserve requirement and certain net proceeds of \$0.7 million were used to pay the cost of issuance of the bonds. The current refunding resulted in a difference between the acquisition price and the net carrying amount of \$0.9 million that will be charged to the operations over 11 to 21 years using the straight-line method. The current refunding

decreased the Airport's total debt service by \$24.6 million and resulted in an economic gain (difference between the present values of the old debt and the new debt service payments) of \$18.5 million.

In August 2013, the City entered into a loan agreement with the United States Department of Transportation under the Transportation Infrastructure Finance and Innovation Act (TIFIA) program to fund a portion of Consolidated Rental Car Facility at O'Hare, additions, extensions and improvements to the Airport Transit System (ATS) including the purchase of new ATS vehicles and certain public parking facilities. The loan amount of \$288.1 million is subordinate to the O'Hare Customer Facility Charge Senior Lien Revenue Bonds, Series 2013. The interest rate is 3.86% and the final maturity of the loan is January 1, 2054. There were \$0 million and \$20.6 million of loan disbursements made to the City in 2020 and 2019. The outstanding TIFIA loan as of December 31, 2020 and December 31, 2019 including, \$6.9 million of accrued interest, were \$278.8 million.

Defeased Bonds—Defeased bonds have been removed from the balance sheet because the related assets have been placed in irrevocable trusts, together with interest earned thereon, will provide amount sufficient for payment of all principal and interest. Defeased bonds at December 31, 2020 are as follows (dollars in thousands):

	Defeased	Outstanding
Chicago O'Hare General Airport Revenue Bonds, Series 2010A	\$ 13,645	\$ -
Chicago O'Hare General Airport Revenue Bonds, Series 2011A	420,155	420,155

Total	<u>\$ 1,309,335</u>	<u>\$ 1,295,690</u>

Debt Redemption— Following is a schedule of debt service requirements to maturity of the senior lien bonds. For issues with variable rates, interest is imputed at the effective rate as of December 31, 2020, as follows (dollars in thousands):

Years Ending December 31	Principal	Interest	Total
2021	\$ 164,300	\$ 397,649	\$ 561,949
2022	67,960	403,268	471,228
2023	220,420	396,911	617,331
2024	258,510	386,566	645,076
2025	269,910	374,877	644,787
2026–2030	1,451,690	1,679,389	3,131,079
2031–2035	1,850,470	1,302,436	3,152,906
2036–2040	1,671,605	863,134	2,534,739
2041–2045	855,730	541,311	1,397,041
2046–2050	1,061,585	334,110	1,395,695
2051–2054	<u>829,865</u>	<u>91,444</u>	<u>921,309</u>
Total	<u>\$ 8,702,045</u>	<u>\$ 6,771,095</u>	<u>\$ 15,473,140</u>

The Airport’s senior lien variable-rate bonds may bear interest from time to time at a flexible rate, a daily rate, a weekly rate, and an adjustable long rate or the fixed rate as determined from time to time by the remarketing agent in consultation with the City. The O’Hare 2005 C&D Senior Lien Bonds were in weekly interest rate mode as of December 31, 2019. Irrevocable letters of credit (\$244.7 million) provide for the timely payment of principal and interest on the Series 2005 C&D bonds until May 20, 2021, and August 12, 2022. The O’Hare 2005 C&D Senior Lien Bonds were fully refunded on October 7, 2020. At December 31, 2020, there were no outstanding letter of credit advances.

The debt service requirements to maturity of the PFC Revenue Bonds as of December 31, 2020, is as follows (dollars in thousands):

Years Ending December 31	Principal	Interest	Total
2021	\$ 24,915	\$ 18,933	\$ 43,848
2022	26,165	17,649	43,814
2023	27,475	16,292	43,767
2024	28,880	14,855	43,735
2025	30,355	13,340	43,695
2026–2030	175,440	42,684	218,124
2031–2033	<u>81,675</u>	<u>4,357</u>	<u>86,032</u>
Total	<u>\$ 394,905</u>	<u>\$ 128,110</u>	<u>\$ 523,015</u>

The debt service requirements to maturity of the CFC Revenue Bonds as of December 31, 2020, is as follows (dollars in thousands):

Years Ending December 31	Principal	Interest	Total
2021	\$ 5,435	\$ 12,708	\$ 18,143

2051–2052	<u>41,256</u>	<u>1,613</u>	<u>42,869</u>
Total	<u>\$ 278,756</u>	<u>\$ 236,815</u>	<u>\$ 515,571</u>

Debt Covenants—The Master Indenture of Trust securing Chicago O’Hare International Airport General Airport Senior Lien Obligations requires that the City will fix and establish, and revise from time to time whenever necessary, the rentals, rates and other charges for the use and operation of O’Hare and for services rendered by the City in the operation of O’Hare in order that Revenues in each Fiscal Year, together with Other Available Moneys deposited with the Trustee with respect to that Fiscal Year and any cash balance held in the Revenue Fund on the first day of that Fiscal Year not then required to be deposited in any Fund or Account, will be at least sufficient: (i) to provide for the payment of Operation and Maintenance Expenses for the Fiscal Year; and (ii) to provide for the greater of (a) the sum of the amounts needed to make the deposits required to be made pursuant to all resolutions, ordinances, indentures and trust agreements pursuant to which all outstanding Senior Lien Obligations or other outstanding Airport Obligations are issued and secured, and (b) one and twenty-hundredths times Aggregate Debt Service for the Bond Year commencing during that Fiscal Year, reduced by any proceeds

of Airport Obligations held by the Trustee for disbursement during that Bond Year to pay principal of and interest on Senior Lien Obligations. This requirement was met at December 31, 2020.

The Master Trust Indenture securing Chicago O'Hare International Airport Passenger Facility Charge (PFC) Obligations requires PFC Revenues, as defined, received by the City to be deposited into the PFC Revenue Fund. The City covenants to pay from the PFC Revenue Fund not later than the twentieth day of each calendar month the following amounts in the following order of priority: (1) to the Trustee for deposit in the Bond Fund, the sum required to make all of the Sub-Fund Deposits and Other Required Deposits to be disbursed from the Bond Fund [to meet debt service and debt service reserve requirements] in the calendar month pursuant to the Master Indenture; (2) to make any payments required for the calendar month with respect to Subordinated PFC Obligations; and (3) all moneys and securities remaining in the PFC Revenue Fund shall be transferred by the City (or the Trustee if it then holds the PFC Revenue Fund pursuant to the Master Indenture) to the PFC Capital Fund.

The Indenture of Trust Securing Chicago O'Hare International Airport Customer Facility Charge Senior Lien Revenue Bonds requires that, as long as any Bonds remain Outstanding, in each Fiscal Year, the City shall set the amount of the CFC (when multiplied by the total number of projected Contract Days) plus projected Facility Rent at an annual level sufficient to provide sufficient funds (1) to pay principal of and interest on the Bonds due in such Fiscal Year, (2) to reimburse the Rolling Coverage Fund, the Supplemental Reserve Fund, the Debt Service Reserve Fund and any Subordinate Reserve Fund for any drawings upon such Funds over a period not to exceed twelve months, as determined by the City, (3) to provide funds necessary to pay any "yield reduction payments" or rebate amounts due to the United States under the Indenture for which funds in the Rebate Fund or the CFC Stabilization Fund are not otherwise available, (4) to maintain the balance of the CFC Stabilization Fund in an amount of no less than the CFC Stabilization Fund Minimum Requirement and to reimburse any drawings below the CFC Stabilization Fund Minimum Requirement over a period not to exceed twelve months, as determined by the City, and (5) to maintain the balance of the Operation and Maintenance Fund in an amount of no less than the Operation and Maintenance Fund Requirement and to reimburse any drawings below the Operation and Maintenance Fund Minimum Requirement over a period of not to exceed twelve months, as determined by the City.

During 2020, the Airport received CARES Act funds of \$294.4 million. These funds are available for any airport purpose, including debt service payments, thus CARES Act funds has been included in the calculation of the debt service covenant.

5. CHANGES IN CAPITAL ASSETS

Capital assets during the years ended December 31, 2020 and 2019, changed as follows (dollars in thousands):

¹ CIP additions include capitalized interest of \$106,056

² Building and other Facilities additions include capital contribution acquisition of the Hilton O'Hare building of \$68,800

6. LEASING ARRANGEMENTS WITH TENANTS

Most of the Airport's land, buildings, and terminal space are leased under operating lease agreements with airlines and other tenants. The minimum future rental income on noncancelable operating leases as of December 31, 2020, is as follows (dollars in thousands):

Years Ending December 31

2021	\$ 367,523
2022	365,349
2023	356,454
2024	338,974
2025	338,763
2026–2030	1,673,443
2031–2035	1,116,416
2036–2040	301,380
2041–2045	292,231
2046–2050	220,851
2051–2055	65,335
2056–2060	<u>-</u>
Total	<u>\$5,436,719</u>

Contingent rentals that may be received under certain leases, based on the tenants' revenues or fuel consumption, are not included in minimum future rental income.

Rental income, consisting of all rental and concession revenues, except ramp rentals and automobile parking, amounted to approximately \$474.8 million and \$548.4 million in 2020 and 2019, respectively. Contingent rentals included in the totals were approximately \$23.0 million and \$68.0 million for 2020 and 2019, respectively.

7. PENSION PLANS

General Information about the Pension Plan

Plan Description—Eligible O’Hare Fund employees participate in one of four single-employer defined benefit pension plans (Plans). These Plans are: the Municipal Employees’ Annuity and Benefit Fund of Chicago (Municipal Employees’); the Laborers’ and Retirement Board Employees’ Annuity and Benefit Fund of Chicago (Laborers’); the Policemen’s Annuity and Benefit Fund of Chicago (Policemen’s); and the Firemen’s Annuity and Benefit Fund of Chicago (Firemen’s). The plans are administered by individual retirement boards of trustees comprised of City officials or their designees and of trustees elected by Plan members. Certain employees of the Chicago Board of Education participate in Municipal Employees’ or Laborers’. Each Plan issues a publicly available financial report that includes financial statements and required supplementary information that can be obtained at www.meabf.org, www.labfchicago.org, www.chipabf.org, and www.fabf.org.

Benefits Provided—The Plans provide retirement, disability, and death benefits as established by State law. Benefits generally vest after 10 years of credited service. Employees qualify for an unreduced retirement age minimum formula annuity based on a combination of years of service and age of retirement. Employees may also receive a reduced retirement age minimum formula annuity if they do not meet the age and service requirements for the unreduced retirement age annuity. The requirements of age and service are different for employees depending on when they first became members of their respective Plans. For all four Plans, employees who became members before January 1, 2011 are considered Tier 1 Employees. For Policemen’s and Firemen’s, those employees who became members on or after January 1, 2011 are considered Tier 2 Employees. For Municipal Employees’ and Laborers’, those employees who became members on or after January 1, 2011 but before July 6, 2017 are considered Tier 2 Employees. For Municipal Employees’ and Laborers’, those employees who became members on or after July 6, 2017 are considered Tier 3 Employees. Public Act 100-0023 (P.A. 100-0023), which established the requirements for Tier 3 employees, includes a provision for Tier 2 employees to elect to be considered as Tier 3 employees. The annuity is computed by multiplying the final average salary by a percentage ranging from 2.2% to 2.5% per year of credited service. The final average salary is the employee’s highest average annual salary for any four consecutive years within the last 10 years of credited service for participants who are Tier 1 Employees and any eight consecutive years within the last 10 years of credited service for participants who are Tier 2 Employees or Tier 3 Employees.

Benefit terms provide for annual adjustments to each employee’s retirement allowance subsequent to the employees’ retirement date. For Tier 1 Employees, the annual adjustments for Municipal Employees’ and Laborers’ are 3.0%, compounded, and for Policemen’s and the majority of participants in Firemen’s 3.0%, simple, for annuitants born before January 1, 1966 and 1.5%, simple, born after January 1, 1966 or later. For Tier 2 Employees and Tier 3 Employees, the annual adjustments are equal to the lesser of 3.0% and 50% of CPI-U of the original benefit.

Employees Covered by Benefit Terms—At December 31, 2020, the following City employees were covered by the benefit terms:

	Municipal Employees'	Laborers'	Policemen's	Firemen's	Total
Inactive employees or beneficiaries currently receiving benefits	25,471	3,646	13,900	5,221	48,238
Inactive employees entitled to but not yet receiving benefits	20,139	1,486	801	124	22,550
Active employees	<u>31,327</u>	<u>2,564</u>	<u>12,715</u>	<u>4,697</u>	<u>51,303</u>
	<u>76,937</u>	<u>7,696</u>	<u>27,416</u>	<u>10,042</u>	<u>122,091</u>

Contributions—For the Municipal Employees' and Laborers' Plans, P.A. 100-0023 was enacted on July 6, 2017. P.A. 100-0023 requires the City to contribute specific amounts to the Municipal Employees' and the Laborers' Plans in the aggregate amounts as follows: in payment year 2019, \$392.0 million; in payment year 2020, \$481.0 million; in payment year 2021, \$571.0 million; in payment year 2022, \$660.0 million. Additionally, P.A. 100-0023 requires that the City's contributions are at actuarially determined rates beginning in payment year 2023 and future funding be sufficient to produce a funding level of 90% by the year end of 2058.

For Policemen's and Firemen's, Public Act 99-0506 (P.A. 99-0506) was enacted on May 31, 2016. P.A. 99-0506 requires the City to contribute specific amounts to Policemen's and Firemen's Plans in the aggregate amounts as follows: in payment year 2019, \$792.0 million; in payment year 2020, \$824.0 million. Additionally, P.A. 99-0506 requires that the City's contributions are at actuarially determined rates beginning in payment year 2021 and future funding be sufficient to produce a funding level of 90% by the year end of 2055.

The City's contributions are budgeted in the same year as the applicable levy year for the property taxes funding the contributions. The City's contributions are then paid to the pension funds in the following year (which is when the levied property taxes are collected and paid to the City by the Cook County Treasurer).

The contribution to all four pension plans from the Airport was \$71.0 million and \$56.4 million for the years ended December 31, 2020 and 2019, respectively.

Net Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2020 and 2019, the Airport reported a liability of \$1,561.5 million and \$1,506.6 million, respectively, for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2020 and 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Changes in Actuarial Assumptions—Changes in the municipal bond rate resulted in a decrease in the single discount rate for Laborers, Policemen, and Firemen. See discount rate section below.

The change in the single discount rate and other assumptions increased the net pension liability by \$3.1 million for Laborers' and \$4.4 million for Policemen and increased the net pension liability by

\$1.5 million for Firemen. These changes are being amortized into expense over a 4-year period for Laborers' and a 6-year period for Policemen and Firemen.

The Airport's proportion of the net pension liability was determined based on the rates of the Airport's salaries within each corresponding pension plan to the total budgeted salaries for 2020 and 2019. At December 31, 2020 and 2019, the Airport's proportion was 7.04% and 7.05%, respectively, of the Municipal Employees' Plan, 7.0% and 6.5% of the Laborer's Plan, 1.7% and 1.7% of the Policemen's Plan and 5.0% and 5.0%, respectively, of the Firemen's Plan.

For the year ended December 31, 2020 and 2019, the Airport recognized pension expense of \$45.4 million and \$159.2 million, respectively.

At December 31, 2020 and 2019, the reported deferred outflows of resources of \$64.8 million and \$60.8 million, respectively, and deferred inflows of resources of \$137.2 million and \$258.9 million, respectively, related to pensions from the following sources:

Municipal Employees' (dollars in thousands):

	2020		2019	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 9,080	\$ 2,503	\$ 4,981	\$ 6,803

Total	<u>\$ 32,220</u>	<u>\$ 6,862</u>	<u>\$ 33,786</u>	<u>\$ 7,043</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to Firemen’s pensions will be recognized in pension expense as follows:

**Year Ended
December 31**

2021	\$ 7,950
2022	8,967
2023	3,865
2024	2,207
2025	1,646
Thereafter	<u>723</u>
Total	<u>\$ 25,358</u>

Deferred Outflows Related to Changes in Proportionate Share of Contributions—For the years ended December 31, 2020 and 2019, the Airport reported pension charge of \$45.5 million related to changes in its proportionate share of contributions. As of December 31, 2020 and 2019, the Airport Funds reported deferred inflows of \$0, and deferred outflows of \$69.2 million and \$114.4 million, respectively, related to changes in its proportionate share of contributions. This deferred amount will be recognized as pension charge/(benefit) over a period of five years.

Actuarial Assumptions—The total pension liability in the December 31, 2020 and 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

2020	Municipal Employees'	Laborers'	Policemen's	Firemen's
Inflation	2.50 %	2.25 %	2.25 %	2.25 %
Salary increases	3.50–7.75 (a)	3.00 (b)	3.50 (c)	3.50–25.00 (d)
Investment rate of return	7.00 (e)	7.25 (e)	6.75	6.75
2019	Municipal Employees'	Laborers'	Policemen's	Firemen's
Inflation	2.50 %	2.25 %	2.25 %	2.25 %
Salary increases	3.50–7.75 (a)	3.00 (b)	3.50 (c)	3.50–25.00 (d)
Investment rate of return	7.00 (e)	7.25 (e)	6.75	6.75

(a) (1.50%-6.50% for 2020-2022), varying by years of service

(b) Plus a service—based increase in the first 9 years

(c) Plus additional percentage related to service

(d) Varying by years of service

(e) Net of investment expense

Post-retirement mortality rates were based on the RP-2014 Healthy Annuitant Mortality Table (Blue Collar mortality table for Laborers' and Firemen's) and Pub-2010 Amount-weighted Safety Healthy Retiree Mortality Table for Policemen's for males or females, with generational mortality improvement scales using MP-2016 for Municipal Employees', MP-2017 for Laborers' and Firemen's, and MP-2018 for Policemen's as appropriate. Pre-retirement mortality rates were based on the RP-2014 Employee Mortality Table (Blue Collar mortality table for Laborers' and Firemen's) and Pub-2010 Amount-weighted Safety Employee Mortality Table for Policemen's. Disabled mortality rates were based on the Pub-2010 Amount-weighted Safety Healthy Retiree Mortality Table for Policemen's and RP-2014 Blue Collar Healthy Annuitant Mortality Table for Firemen's.

The mortality actuarial assumptions used in the December 31, 2020 valuation were adjusted based on the results of actuarial experience study for the following periods:

Municipal Employees'	January 1, 2012–December 31, 2016
Laborers'	January 1, 2012–December 31, 2016
Policemen's	January 1, 2014–December 31, 2018
Firemen's	January 1, 2012–December 31, 2016

The long term expected rate of return on pension plan investments was determined using the building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class as of December 31, 2020 and 2019, are summarized in the following table:

2020	Target Allocation				Long-Term Expected Real Rate of Return			
	Municipal Employees'	Laborers'	Policemen's	Firemen's	Municipal Employees'	Laborers'	Policemen's	Firemen's
Asset Class:

Discount Rate

Municipal Employees'—The discount rate used to measure the total pension liability as of December 31, 2020 and 2019 was 7.00%. The projection of cash flows used to determine the discount rate assumed plan member contributions will be made according to the contribution rate applicable for

each member's tier and that employer contributions will be made as specified by Public Act 100-0023. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions and contributions from future plan members that are intended to fund the service costs of future plan members and their beneficiaries are not included. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Laborers'—A Single Discount Rate of 6.84% and 7.0% was used to measure the total pension liability as of December 31, 2020 and 2019, respectively. This Single Discount Rate was based on an expected rate of return on pension plan investments of 7.25% as of December 31, 2020 and 2019, and a municipal bond rate of 2.00% and 2.75% as of December 31, 2020 and 2019, respectively (based on the rate closest to but not later than the measurement date of the "20-Year Municipal GO AA Index" rate from Fidelity Index). The projection of cash flows used to determine this Single Discount Rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at under the statutory funding policy. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2073 (for the 2020 valuation) and the year 2073 (for the 2019 valuation). As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2073 (for the 2020 and 2019 valuations), and the respective municipal bond rate was applied to all benefit payments after that date.

Policemen's—A Single Discount Rate of 6.28% and 6.43% was used to measure the total pension liability as of December 31, 2020 and 2019, respectively. This Single Discount Rate was based on an expected rate of return on pension plan investments of 6.75% for December 31, 2020 and 2019, respectively, and a municipal bond rate of 2.00% and 2.75% as of December 31, 2020 and 2019, (based on the rate closest to but not later than the measurement date of the "20-Year Municipal GO AA Index" rate from Fidelity Index). The projection of cash flows used to determine this Single Discount Rate assumed that plan member contributions will be made at the current contribution rate and employer contributions are made in accordance with the statutory requirements. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2076 (for the 2020 valuation) and the year 2075 (for the 2019 valuation). As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2076 (for the 2020 valuation) and the year 2075 (for the 2019 valuation), and the respective municipal bond rate was applied to all benefit payments after that date.

Firemen's—A Single Discount Rate of 6.30% and 6.34% was used to measure the total pension liability as of December 31, 2020 and 2019, respectively. This Single Discount Rate was based on an expected rate of return on pension plan investments of 6.75% for December 31, 2020 and 2019, and a municipal bond rate of 2.12% and 2.74% as of December 31, 2020 and 2019, respectively (based on the Bond Buyer 20-Bond Index of general obligation municipal bonds as of December 31, 2020). The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made in accordance with the statutory requirements. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2077 (for the 2020 valuation) and 2071 (for the 2019 valuation). As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2076 (for the 2020 valuation) and 2070 (for the 2019 valuation), and the respective municipal bond rate was applied to all benefit payments after that date.

Sensitivity of the Airport’s Net Pension Liability to Changes in the Discount Rate

Municipal Employees’—The following presents the allocated share of the net pension liability to the Airport as of December 31, 2020 and 2019, calculated using the discount rate of 7.0%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.0%) or 1 percentage point higher (8.0%) than the current rate (dollars in thousands):

Net Pension Liability December 31, 2020	Current		
	1% Decrease	Discount Rate	1% Increase
Municipal Employees’ discount rate	6.00 %	7.00 %	8.00 %
Municipal Employees’ net pension liability	\$ 1,122,183	\$ 966,221	\$ 836,606

Net Pension Liability December 31, 2019	Current		
	1% Decrease	Discount Rate	1% Increase
Municipal Employees’ discount rate	6.00 %	7.00 %	8.00 %
Municipal Employees’ net pension liability	\$ 1,081,197	\$ 928,935	\$ 802,533

Laborers’—The following presents the allocated share of the net pension liability to the Airport as of December 31, 2020 and 2019, calculated using the discount rate of 6.84%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.84%) or 1 percentage point higher (7.84%) than the current rate (dollars in thousands):

Net Pension Liability December 31, 2020	Current		
	1% Decrease	Discount Rate	1% Increase
Laborers’ discount rate	5.84 %	6.84 %	7.84 %
Laborers’ net pension liability	\$ 134,914	\$ 111,135	\$ 91,184

Net Pension Liability December 31, 2019	Current		
	1% Decrease	Discount Rate	1% Increase
Laborers’ discount rate	6.00 %	7.00 %	8.00 %
Laborers’ net pension liability	\$ 124,663	\$ 103,200	\$ 85,218

Policemen’s—the following presents the allocated share of the net pension liability to the Airport as of December 31, 2020 and 2019, calculated using the discount rate of 6.28%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.28%) or 1 percentage point higher (7.28%) than the current rate (dollars in thousands):

Net Pension Liability December 31, 2020	Current		
	1% Decrease	Discount Rate	1% Increase
Policemen’s discount rate	5.28 %	6.28 %	7.28 %
Policemen’s net pension liability	\$ 236,502	\$ 203,837	\$ 176,640

Net Pension Liability December 31, 2019	Current		
	1% Decrease	Discount Rate	1% Increase
Policemen’s discount rate	5.43 %	6.43 %	7.43 %
Policemen’s net pension liability	\$ 235,323	\$ 203,224	\$ 176,466

Firemen's—The following presents the allocated share of the net pension liability to the Airport as of December 31, 2020 and 2019, calculated using the discount rate of 6.30%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.30%) or 1 percentage point higher (7.30%) than the current rate (dollars in thousands):

Net Pension Liability December 31, 2020	Current		
	1% Decrease	Discount Rate	1% Increase
Firemen's discount rate	5.30 %	6.30 %	7.30 %
Firemen's net pension liability	\$ 322,268	\$ 280,262	\$ 245,131

Net Pension Liability December 31, 2019	Current		
	1% Decrease	Discount Rate	1% Increase
Firemen's discount rate	5.34 %	6.34 %	7.34 %
Firemen's net pension liability	\$ 311,221	\$ 271,256	\$ 237,849

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Pension Plans reports.

8. RELATED-PARTY TRANSACTIONS

Included in operating expenses are reimbursements to the general fund of the City for services provided by other City departments, employee fringe benefits, and certain payments made on behalf of the Airport. Such reimbursements amounted to \$131.1 million and \$119.6 million in 2020 and 2019, respectively.

9. COMMITMENTS AND CONTINGENCIES

The Airport has certain contingent liabilities resulting from litigation, claims, and commitments incident to its ordinary course of business. Management expects that the final resolution of these contingencies will not have a material adverse effect on the financial position or results of operations of the Airport.

The Airport provides employee health benefits under a self-insurance program, administered by the City. Such claims outstanding, including claims incurred but not reported, are estimated and recorded as liabilities in the basic financial statements.

Uninsured claim expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. Changes in the claims liability amount for the years ended December 31, 2020 and 2019, are as follows (dollars in thousands):

	2020	2019
Beginning balance—January 1	\$ 2,212	\$ 2,242
Total claims incurred (expenditures)	24,430	24,843
Claims paid	<u>(24,246)</u>	<u>(24,872)</u>
Claims liability—December 31	<u>\$ 2,396</u>	<u>\$ 2,213</u>

The City's property and liability insurance premiums are approximately \$12.7 million per year. The City maintains property and liability insurance coverage for both O'Hare and Midway and allocates the cost

of the premiums between the two airports. The property coverage was renewed on December 31, 2020 with a limit of \$3.5 billion and includes \$3.5 billion in terrorism coverage, and the liability coverage was renewed May 15, 2021, with a limit of \$1 billion and includes \$1 billion in war and terrorism liability coverage.

At December 31, 2020 and 2019, the Airport had commitments in the amounts of approximately \$439.6 million and \$463.8 million, respectively, in connection with contracts entered into for construction projects.

10. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

	2020	2019
Deferred outflows of resources:		
Deferred outflows from pension activities	\$ 64,789	\$ 60,814
Changes in proportionate share of pension contribution	69,154	114,441
Unamortized deferred bond refunding costs	<u>131,825</u>	<u>144,903</u>
Total deferred outflows of resources	<u>\$ 265,768</u>	<u>\$ 320,158</u>
Deferred Inflows of resources—deferred inflows from pension activities	<u>\$ 137,174</u>	<u>\$ (258,951)</u>

Refer to Note 7 Pension Plans - Deferred Outflows Related to Pension Activities and to Changes in Proportionate Share of Contributions sections.

11. SUBSEQUENT EVENTS

In February 2021, the FAA announced that it had allocated approximately \$60.0 million of grant assistance under the CRRSA Act to the Airport, plus an additional \$8.9 million specifically related to Concessions Relief. In June 2021, the FAA announced that it had allocated approximately \$253.6 million of grant assistance under the ARP Act to the Airport, plus an additional \$35.0 million specifically related to Concessions Relief. The City can draw on CRRSA Act and ARP Act funds on a reimbursement basis for any purpose for which airport revenues may be lawfully used in accordance with FAA rules and regulations. Currently, the City has applied the use of CRRSA Act and ARP Act funds to mitigate the adverse impacts on rates and charges paid by the airlines, PFC and CFC shortfalls and to ensure sufficient funding to pay for debt service. The City expects the CRRSA Act funding to improve its liquidity and strengthen its ability to withstand expected decreases in revenues during Fiscal Years 2021 and 2022 that it anticipates as a result of the current and ongoing effects of the COVID-19 pandemic.

In April 2021, S&P Global Ratings revised its rating outlook on the Chicago O’Hare International Airport Senior Lien General Airport Revenue Bonds from negative to stable.

In May 2021, Kroll Bond Rating Agency revised its rating outlook on the Chicago O’Hare International Airport Senior Lien General Airport Revenue Bonds from negative to stable.

2012	431,010	197,885	233,125	1,015,171	19.49
2013	474,177	179,521	294,656	1,015,426	17.68
2014	491,651	178,158	313,493	1,074,333	16.58
2015	785,501	575,928	209,573	1,086,608	53.00
2016	785,695	273,840	511,855	1,119,527	24.46
2017	910,938	494,580	416,358	1,150,406	42.99
2018	924,654	589,635	335,019	1,205,324	48.92
2019	933,770	581,968	351,802	1,228,987	47.35
2020	1,037,582	739,913	297,669	1,195,980	61.87

* The PABF Statutory Funding does not conform to Actuarial Standards of Practice; therefore, the 2015 and after, the actuarially determined contribution is equal to the normal cost plus a 30-year dollar amortization of the unfunded actuarial liability. Prior to 2015 the actuarially determined contribution was equal to the "ARC" which was equal to normal cost plus a 30-year open level percent amortization of the unfunded actuarial liability.

** Covered payroll is the amount in force as of the actuarial valuation date and likely differs from actual payroll paid during fiscal year.

*** The schedule of contribution amounts are presented City-wide, as the statutory requirement for contribution is for the City of Chicago and not the individual Enterprise fund.

Firemen's:

Years Ended December 31	Actuarially Determined Contributions*	Contributions in Relation to the			Contributions as a Percentage of Covered Payroll

2018	412,220	249,684	162,536	456,969	54.64
2019	442,045	255,382	186,663	457,082	55.87
2020	466,556	368,423	98,133	500,368	73.63

* The FABF Statutory Funding does not conform to Actuarial Standards of Practice, therefore, the Actuarially Determined Contribution is equal to the normal cost plus an amount to amortize the unfunded liability using level dollar payments and a 30 year open amortization period. Amounts for fiscal years prior to 2015 were based on the "ARC" which was equal to normal cost plus an amount to amortize the unfunded liability using a 30-year open period level dollar amortization.

** Covered payroll is the amount in force as of the actuarial valuation date and likely differs from actual payroll paid during fiscal year.

*** The schedule of contribution amounts are presented City-wide, as the statutory requirement for contribution is for the City of Chicago and not the individual Enterprise fund.

SCHEDULE OF CONTRIBUTIONS

Actuarial Methods and Assumptions	Municipal Employees'	Laborers'	Policemen's	Firemen's
Actuarial valuation date	12/31/2020 (a)	12/31/2020	12/31/2020	12/31/2020
Actuarial cost method	Entry age normal	Entry age normal	Entry age normal	Entry age normal
Asset valuation method	5-yr. Smoothed Market	5-yr. Smoothed Market	5-yr. Smoothed Market	5-yr. Smoothed Market
Actuarial assumptions:				
Inflation	2.50 %	2.25 %	2.25 %	2.25 %
Salary increases	3.50%-7.75% (b)	3.00 % (c)	3.50 % (d)	3.50%-25.00% (e)
Investment rate of return	7.00 % (f)	7.25 % (g)	6.75 %	6.75 %
Retirement age	(h)	(i)	(j)	(k)
Mortality	(l)	(m)	(n)	(o)
Other information	(p)	(q)	(q)	(p)

- (a) Actuarially determined contribution amount is determined as of December 31, with appropriate interest to the end of the year.
- (b) (1.50%-6.50% for 2020-2022), varying by years of service.
- (c) Plus a service-based increase in the first 9 years.
- (d) Plus service based increases consistent with bargaining contracts.
- (e) Varying by years of service.
- (f) Net of investment expense
- (g) Net of investment expense, including inflation
- (h) For employees first hired prior to January 1, 2011, rates of retirement are based on the recent experience of the Fund
For employees first hired on or after January 1, 2011 and before July 6, 2017, rates of retirement for each age from 62 to 80 were used (effective December 31, 2011).
For employees first hired on or after July 6, 2017, rates of retirement for each age from 60 to 80 were used (effective December 31, 2018).
- (i) Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the December 31, 2017, valuation pursuant to an experience study of the period January 1, 2012, through December 31, 2016.
- (j) Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the December 31, 2019, actuarial valuation pursuant to an experience study of the period January 1, 2014, through December 31, 2018.
- (k) Retirement rates are based on the recent experience of the Fund (effective December 31, 2017).
- (l) Post-retirement mortality rates were based on the RP-2014 Healthy Annuitant Mortality Tables, set forward two years for males and one year for females, and projected generationally using scale MP-2016. Pre-retirement mortality rates were based on 120% of the RP-2014 Employee Mortality Tables projected generationally using scale MP-2016.
- (m) Post Retirement Mortality: Scaling factors of 117% for males, and 102% for females of the RP-2014 Blue Collar Healthy Annuitant mortality table, sex distinct, with generational mortality improvement using MP-2017 2-dimensional mortality improvement scales. No adjustment is made for post-disabled mortality.
Pre Retirement Mortality: Scaling factors of 109% for males, and 103% for females of the RP-2014 Blue Collar Employee mortality table, sex distinct, with generational mortality improvement using MP-2017 2-dimensional mortality improvement scales.
- (n) Post-Retirement Healthy mortality rates: Sex distinct Pub-2010 Amount-weighted Safety Healthy Retiree Mortality Tables weighted 119% for males and 102% for females, set forward one year for males. Pre-Retirement mortality rates: Sex distinct Pub-2010 Amount-weighted Safety Employee Mortality Tables weighted 100% for males and 100% for females.
Disabled Mortality: Sex distinct Pub-2010 Amount-weighted Safety Healthy Retiree Mortality Tables weighted 129% for males and 112% for females, set forward one year for males. Future mortality improvements are reflected by projecting the base mortality tables forward using the MP-2018 projection scale.
- (o) Post-retirement mortality rates were based on the RP-2014 Blue Collar Healthy Annuitant Mortality Tables, scaled by 106% for males and 98% for females, and projected generationally using scale MP-2017. Disabled mortality rates were based on the RP-2014 Blue Collar Healthy Annuitant Mortality Tables, scaled by 107% for males and 99% for females, and projected generationally using scale MP-2017. Pre-retirement mortality rates were based on the RP-2014 Blue Collar Employee Mortality, scaled by 92% for males and 100% for females, projected generationally using scale MP-2017.
- (p) Other assumptions: Same as those used in the December 31, 2020, actuarial funding valuation.
- (q) The actuarial valuation is based on the statutes in effect as of December 31, 2020.

(Concluded)

CITY OF CHICAGO, ILLINOIS

CHICAGO O'HARE INTERNATIONAL AIRPORT

SENIOR LIEN GENERAL AIRPORT REVENUE BONDS

NOTES TO CALCULATIONS OF COVERAGE

FOR THE YEAR ENDED DECEMBER 31, 2020

1. RATE COVENANT

In the Master Indenture of Trust securing Chicago O'Hare International Airport Senior Lien Obligations:

The City covenants that it will fix and establish, and revise from time to time whenever necessary, the rentals, rates, and other charges for the use and operation of the Airport and for services rendered by the City in the operation of it in order that Revenues in each Fiscal Year, together with Other Available Moneys deposited with the Trustee with respect to that Fiscal Year and any cash balance held in the Revenue Fund on the first day of that Fiscal Year not then required to be deposited in any Fund or Account, will be at least sufficient: (i) to provide for the payment of Operation and Maintenance Expenses for the Fiscal Year; and (ii) to provide for the greater of (A) the sum of the amounts needed to make the deposits required to be made pursuant to all resolutions, ordinances, indentures and trust agreements pursuant to which all Outstanding Senior Lien Obligations or other outstanding Airport Obligations are issued and secured, and (B) one and fifteen-hundredths times Aggregate Debt Service for the Bond Year commencing during that Fiscal Year, reduced by any proceeds of Airport Obligations held by the Trustee for disbursement during that Bond Year to pay principal of and interest on Senior Lien Obligations.

The City further covenants that it will fix and establish, and revise from time to time whenever necessary, the rentals, rates and other charges for the use and operation of the Airport and for services rendered by the City in the operation of it in order that Revenues in each Fiscal Year, together with Other Available Moneys consisting solely of (i) any passenger facility charges deposited with the Trustee for that Fiscal Year, and (ii) any other moneys received by the City in the immediately prior Fiscal Year and deposited with the Trustee no later than the last day of the immediately prior Fiscal Year, will be at least sufficient: (i) to provide for the payment of Operation and Maintenance Expenses for the Fiscal Year, and (ii) to provide for the payment of Aggregate Debt Service for the Bond Year commencing during that Fiscal Year reduced by any proceeds of Airport Obligations held by the Trustee for disbursement during the Bond Year to pay the principal of and interest on Senior Lien Obligations.

Of the \$45.4 million of pension expense for 2020, \$71.0 million is the portion of the City's pension contribution payable in 2020 to the pension funds and allocable to O'Hare Airport. The remaining portion of the pension expense (credit) for 2020, \$25.6 million, is recognized on the income statement of O'Hare Airport for 2020 but is not due and payable by the City during 2020; accordingly, that portion is not included in Operating Expenses for purposes of calculation of the debt service coverage ratios. In addition, CARES Act Funds of \$74.1 million were applied to reduce the airline-based operating and maintenance costs in 2020.

2. REVENUE FUND BALANCE

The Revenue Fund balance includes all cash, cash equivalents and investments held in any Airport account which were available to the Revenue Fund to satisfy the coverage requirement under the terms of the Bond Ordinance. This balance also includes airfield credits, ARE and CRE net revenues from prior years that are required to be applied to the 2020 rates and charges in accordance with Section 8 of the 2018 O'Hare Airport Airline Use and Lease Agreement.

PART III

**STATISTICAL SECTION
(UNAUDITED)**

STATISTICAL INFORMATION (UNAUDITED)

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, notes disclosures and required supplementary information says about the Airport's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the Airport's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the Airport's most significant revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the Airport's current levels of outstanding debt and the Airport's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the Environment within which the Airport's financial activities takes place.

Operating Information

These schedules contains data to help the reader understand how the information in the Airport's financial report relates to the services the Airport provides and the activities it performs.

COVERAGE RATIO ⁽⁸⁾	-	1.22	1.18	1.11	1.16	1.17	1.20	1.25	1.44	1.55

⁽¹⁾ Average annual compound growth rate for 2011–2020 for total operating revenues is 3.2%.

⁽²⁾ Salaries and wages includes charges for pension, health care and other employee benefits.

⁽³⁾ Average annual compound growth rate for 2011–2020 for total operating and maintenance expenses before depreciation and amortization is 5.4%.

⁽⁴⁾ Amount for 2020 may be reconciled to operating loss of \$78,325 reported in the 2020 Statements of Revenues, Expenses and Changes in Net Position by deducting depreciation and amortization of \$292,212. Amount for prior years may be reconciled through similar calculation.

⁽⁵⁾ Represents debt service on first and second lien bonds.

⁽⁶⁾ Represents debt service coverage ratio on first and second lien bonds.

⁽⁷⁾ Represents Total Requirement for Operation and Maintenance Expenses and Aggregate Debt Service per Senior Lien Master Indenture.

⁽⁸⁾ Represents calculations per Section 404(a) of the Senior Lien Master Indenture. In 2020, this amount includes the application of CARES Fund Revenues to reduce airline-rate based O&M

Note: Of the \$45.4 million of pension expense for 2020, \$71.0 million is the portion of the City's pension contribution payable in 2020 to the pension funds and allocable to O'Hare Airport. The remaining portion of the pension expense for 2020 (\$25.6) pursuant to GASB 68 but is not due and payable by the City during 2020; accordingly, that portion is not included in Operating Expenses for purposes of calculation of the debt service coverage ratios.

Airport Activity

According to statistics compiled by Airport Council International (ACI), for the 12-month period ended December 31, 2020, the Airport was ranked as the second busiest airport in the world for total aircraft operations. According to the U.S. Department of Transportation, the Airport was fourth in the United States in terms of total passengers, and seventh in the United States in terms of cargo volume. According to Innovata, during 2020, nonstop service was provided from the Airport to 253 destinations, 181 domestic airports and 72 foreign airports.

⁽¹⁾ Certain estimations were used by Ricondo & Associates to derive visiting O & D enplaned passengers, as data for foreign flag carriers were not available.

⁽²⁾ The O & D percent share is calculated for the four quarters ending with the third quarter of 2020 and 2019 O & D and connecting enplanements are based upon that share. Includes GA, Military and Misc.

Source: City of Chicago, Department of Aviation Management Records (historical total, resident, and visitor O & D enplaned passengers), May 2021.
